Capt. Hibbert Taylor has rented the pretty new dwelling recently erected by Mr George Patriquin, and with his family moved in this week. The captain has retired from his profession, we understand, and has selected Wolfville to settle in. Our town appears to be getting very attractive to those who wish to make a comfortable home. We gladly welcome Capt. Taylor and family to Wolfville.

The alarm of fire was sounded on Tuesday night about 10:30, and as usual, our fire company was on the alert and in a remarkably short time was on the spot, notwithstanding the short delay occasioned by the uncertainty of the nature of the fire, which proved to be a large bonfire a little to the south of the College grounds. A broadside was poured into the blazing mass which soon converted it into a heap of smouldering ashes.

The Firemen's Concert to-night, in College Hall, promises to be a grand success, and we hope to see a large audience present. Outside the attractions of the entertainment, it is a duty our people owe the company to give the concert a liberal patronage, as the boys need funds to make the brigade as efficient as they would like. But in this case everyone who attends is assured of value for the money invested. The best local talent obtainable has been secured and a rich programme will be presented. Everybody go, and take your sisters and cousins and aunts.

A New Locomotive.

The Windsor & Annapolis Railway Co. received on Monday a new locomotive, a duplicate of the Kentville which ran on the Flying Business last summer. She was built by the Baldwin Locomotive works, Philadelphia, and is called the Atlanta, after him who was accounted by the ancients to be "the swiftest of mortals." The engine is of the American type but she is pointed after the English style. She weighs 40 tons and is fitted with all the latest improvements, including Westinghouse air brakes and Crosby safety valves. The boiler has been tested at 180 pounds pressure. The tender weighs about eleven tons and carries 2,800 gallons of water. The cylinder is seventeen by twenty-four and the driving wheels are five feet six inches. Both here and on the route the new engine was much admired by railroad men.

It is here at last. Neary's Lintiment. Greatest Healing remedy known. Demand greater than the supply. For Sale at G. V. Rand's Drug-store.

The April number (vol. 2, No. 4) of Canada, the interesting and patriotic monthly published by Matthew R. Knight at Denton, New Brunswick, has just been received. Free Farms in the Canadian Northwest.

Manitoba. Assiniboia. Alberta. Saskatchewan. The Government gives one quarter section (106 acres) free to every bonafide settler. A second quarter section can be procured by deferred payments. The Canada Pacific Railway Company has a large quantity of the best farming lands for sale at \$3.00 PER ACRE, with easy terms of payment. The Canada Northwest has the most productive soil in the world. Its wheat fetches the highest price; its live cattle are admitted to the English markets, while United States cattle are not. There is a market for the farmer at every station; and there are schools and churches wherever there are settlers. It is not subject to drought, or floods, or grasshoppers, or to cyclones or tornadoes. Ask any Canadian Railway Agent for books and maps concerning it; ask for "Farming and ranching in Western Canada," or the "Free Farms" map, or "Actual Experience," and read the testimony of men who have gone there from Eastern Canada. Young women are in great demand; they find occupation as domestics directly they arrive, and readily get married to prosperous young farmers. Young men or young women can start life there almost without money; they make the money there; an independence is gained in a few years by the thrifty. The old settlers of Prince Edward Island should use their influence with the young men who intend emigrating to keep them within the Dominion, where they are offering better advantages than in the United States and do not lose their nationality. Lose no time in getting to the West and choose your location. First come, first served. Apply for particulars, price of tickets, &c., to your local ticket Agent or to J. HERBEL HASLAM, Special Agent C. P. R., Moncton, N. B. Feb. 8, 1892.
