To onte's Semi-Centenniat.

The celebration of Toronto's fittieth an inversary of incorporation as a city commenced on Monday. The proceedings on the first day were of a municipal and historical character; first there was a parade consisting of the police, the members of the City Council, the trustees of the Public School Board, the trustees of the Separate School Board, the York Pioneers, the firemen, along with the Celebration Genmittee. The chief feature of the procession was a series of tableaux illustrative of the early history of Toronto. These sontained sketches of the early settlement and British occupation of Toronto, the landing of Governor Simcoe, the meeting of the first Parliament, scenes from the early history of the infant city, its incorporation, scenes illustrative as an agricultural and educational centre, besides many others of a most interesting character. Some of the relics of the early days of the city were prominent features in the procession. Among these were a bake kettle over a hundred years old, and a broad sword made in 1707, an old spinning wheel, and an old Bull plough, also a plough made in 1794 by John Beemer, of Grimsby, also buggies over sixty years old. Among these old relics rode one of the veteran pioneers, named John Bright—who was born in 1793 and was throughout the American war fighting in all the engagements—beside him were many of the fork Pioneers, among whom were the earliest settlers of Toronto, who dated their settlement as far back as 1820.

After what might be called the histori-IAOTO TOURWIL

among whom were the earliest settlers of Toronto, who dated their settlement as far back as 1820.

After what might be called the historical procession, which was illustrative of the earlier and later history of Toronto, there were other scenes illustrative of the cosmopolitan character of the city, as far instance, a Chinaman who carried on a laundry in the city; a nego, who styled himself a "Tonsorial artist;" a young Englishman who was "going to try farming," besides representatives of the Irish, the Scotch, the German, the Scandinavians, the Icelanders, the Russians, the Itelanders, the Procession suitable addresses were delivered by Mayor Boswell, Mr. W. B. McMurrich, the chairman of the Celebration Committee, Dr. Daniel Wilson, President of Toronto University, and Mr. Smith, Mayor of Philadelphia.

After this Mr. Wm. Rennie, on behalf of the York Pioneers, presented the Rev. Dr. Scadding, their President, with a silver medal and address which he suitably acknowledged. Mr. Banks then played the same airs on the clarionet which he played at the incorporation of Toronto fifty years ago. These were Auld Lang Syne and God Save the Queen.

The citizens' fancy, dress ball took place at night in the pavillion of the Horticultural Gardens and was a great success. There was also a torchlight procession by the firemen.

On Tuesday there was a grand military display, comprising all the Volunteers in

the firemen.

On Tuesday there was a grand military display, comprising all the Volunteers in the city, the county, together with many battalions from other parts of the Province. After marching through the city this force was reviewed in the Queen's

this force was reviewed in the Queen's Park.

In the afternoon the bicycle parade took place at Clarence Square. Fifteen clubs were represented, among which was the RoyalCity Bicycle Club of Guelph, eight strong under the command of Mr. A. Mc. Bean. There were besides a number of bicyclists unattached to any club, and after them came the Toronto bicyclists, eighty in number. The route of the procession was through the principal streets of the city, and the turnout attracted great attention. The races took place at the athletic grounds, Rosedale.

The Salvation Army celebrated the day by a grand convention and banquet, at which were present detachments from all the cities and towns in the Province-From Guelph there was a good representation, which was commanded by Captain Churchill. After partaking of refreshments at their barracks, Richmond street west, the procession was formed and marched through the principal streets.

In the evening there were fireworks, music in the Horticultural Gardens, a military banquet and illuminations in the principal streets.

The City Band.

The City Band left on the early train a Monday morning for Toronto to take on Monday morning for Toronto to take part in the Semi-Centennial celebration. When the band arrived about 8:15 they marched up the principal streets, and were greatly admired, both the marching and playing being excellent. At their hotel they dispersed and did not fall in again till the grand Municipal and Historical parade took place, which started from Grenville street. The City Band took their place at the head of the York Pioneers and proceeded down Young to Queen streets. While the band were waiting to fall into line they were fairly besieged by people wishing to see and get information about their handsome instruments. During the morning they had the head of the bass drum lettered with "Guelph City Band," which saved the members answering the many questions asked them proviously as to whence they came. As Gity Band," which saved the members answering the many questions asked them previously as to whence they came. As the procession moved along the streets it was one continuous roar of applause from the end to the finish, at the corner of King and Jarvis and again at King and Ginning the procession moved along the streets it was one continuous roar of applause from the end to the finish, at the corner of King and Jarvis and again at King and Simcoe, the vast crowd of spectators giving three rousing cheers for the Guelph Band. On arriving at the Exhibition grounds, such bands as the "Queen's Own," "10th Royals" and the "Governor-General's Body Guards" were marched past the ring and grand stand, while our band was turned and brought fairly before the vast assemblage. They were then dismissed and were quietly resting with the other bands when the Committee came and asked if the Guelph Band would be kind enough to open the proceedings on the grounds with a selection of music. They did so, and although it was unexpected and consequently several of the members/absent, they were loudly applauded, and it was sometime before the speakers could be heard. The Band then left the grounds and went to the Parkdale station where they took the train for Berlin, passing through Guelph at nine o'clock. They arrived at Berlin at ten o'clock, and were met at the station by a large gathering with torches, and were marched to the latel where a supper had been prepared, to which they did ample justice. Next morning they headed a trade procession and were admired as much if not more than they were in Toronto. In the afternoon they prepared an excellent programme for the large crowd at the games and sports. They left Berlin at 8.30 o'clock, nearly all the town turning out to see them off, and giving three rousing cheers for the Guelph City Band. On arriving home last night they played from the station to their rooms. There, thoroughly tired by their two days onting, they were dismissed.

Sporting Notes.

The base ball match at the Maple Leaf grounds yesterday between the Maple Leafs and the Torontos drew a fair crowd. It was twenty minutes past eleven before the game was started, and it occupied two hours. The same was a clear one form the game was started, and it occupied two hours. The game was a close one from first to last. The Maple Leafs have had little practice this year and it was a foresone conclusion that they would be defeated, but few imagined that the game would be so close and keenly contested. There was nothing like brilliant play during the game, but both nines played a very careful game, and it will be seen by the appended score made a very creditable record. The Guelph players in their new suits looked exceedingly neat and

Teresto club have not enter- adian Association this year, be regretted, as they would de chance for the champion-	There are lots of people going grambling, and half sick at the fall the time; who might be well and if they only used Dr. Carson's Bitters occasionally. It is a Blood purifier. All Druggists.

Runs each innings. The Lansdowne foot ball club of this city was defeated by the Young Mechanics, of Berlin, at Berlin, yesterday, by 2 to

A base ball match was played yesterday between the Blue Stockings, of Guelph, and Black Stockings, of Hespeler, the home boys winning by 20 to 6. the nome boys winning by 20 to 0.

The Royal Oaks got badly beaten at Speedside yesterday, by a score of 6 to 7, T. Cockman of the Beavers umpired the game to the sanisfaction of all. The Guelph boys speak highly of the treatment they received, and hope soon to have a return match.

ment they received, and hope soon to have a return match.

On Dominion Day the Lansdowne foot ball club of this city played a match with the Mechanics club of Berlin, and were defeated after about an hour's play, by 2 goals to 0. Some excellent play was made by boath teams.

The Guelph first eleven yesterday engaged the East Torontos on the Trinity College grounds, Toronto. The Guelph men went to bat in the morning and remained in all day until twenty minutes to six, running up the splendid score of 287 runs. D. W. Saunders, A. H. Lemmon, H. Lockwood, F. Harley and H. Guthrie were the chief contributors to this. Since only a few minutes remained before drawing the stumps the East Torontos did not go into bat at all.

The second eleven of the Guelph club went to Weston the same day and sustained a defeat. No score of these games has been received.

The Beaver B. B. Club. To the citizens of Guelph :- As a great

To the citizens of Guelph;—As a great many who would like to take an interest in the Beaver B. B. Club think that it is possible for the Maple Leaf B. B. Club to induce our players to forsake us and join them, we would like to inform them that they may rest assured that we will stick together and try hard to win the championship as we are perfectly satisfied we can do.!

Harriston Correspondence.

FAIR DAY.—Very few cattle were offered for sale on Friday last (fair day). Buyers driving through the county having already secured nearly all the fat stock.

Too Much Enthusiash.—On the afternoon of the day of the Reform Demonstration, two worthies made a display of their puglistic abilities at the Royal Hotel. As this was a performance not on the programme for the day, Constalled Thackery was called in, and to quiet matters marched the two bruisers to the lock-up.

BANQUET AND JUBILEE MEETING.-The Lord's Army are making extensive preparations at the old brewery here for their jubilee and tea meeting this evening. A number of officials from a distance will be present and take part in the meeting. General Hobinson will make a presentation of colors to the corps. A large gathering is expected.

tion of colors to the corps. A large gestioning is expected.

Dominion Day.—This being Dominion Day business in town is suspended. Quite a number of our citizens have gone to other towns. A good many from the country have come to town to enjoy the holiday. The usual games and sports are being held in the Agricultural Society's grounds.

IN DIFFICULTY.—One of our citizens, who is generally quiet, has got himself into difficulty by getting himself outside of too much whiskey and shen going to the Army meeting on Friday evening last, and creating a disturbance. Capt. Turner promptly lodged a complaint to the Mayor, who has issued a summons requesting an interview with the disturber.

The Demonstration.—Much satisfaction

view with the disturber.

THE DEMONSTRATION.—Much satisfaction is felt by the Reformers of North Wellington at the success of the Demonstration, held here on Friday!last. All are delighted with the able and eloquent address of the Hon. Ed. Blake. There is no doubt but that the presence of our leader, together with so many Provincial Reformers, will do much to stimulate the party in the Riding. in the Riding. Harriston, July 1, 1884.

Grand success of our Millinery opening.
Customers surprised and pleased to see our fine display of Millinery and Fancy Goods at Roche's. All departments now complete. In addition to our other departments we have opened a Dressmaking Department under the able management of Mrs. Simonsky, who comes to us highly recommended as a first-class Dress and Mantle Maker. Customers leaving their orders with her can depend on getting a good fit and first-class work. JNO, ROCHE.

Iodide of Potassium is one of the strongest of the minerals used in medicine, and has produced much suffering in the world. Taken for a long time and in large doses, it dries up the gastric juices, impaired digestion, the stomach refuses food, and the patient declines in health and weight. Persons with blood or skin diseases should be careful how they take these mineral poisons, as in most instances the effect of them is to almost permanently impair the constitution. To take the place of these poisons we offer you a safe, sure, prompt and permanent relief from your troubles. Shaker Blood Syrup is entirely a vegetable preparation, and it is easy to convince you of its merits.

I have cured permanently blood taint in the third generation by the use of Shaker Blood Syrup, after I had most signally failed with mercury and potash.

Dr. Smith, Bangor, Pa.

A young man requests me to thank you for shis cure of blood poison by the use of your specific after all other treatment had had failed.

J. E. Kennedy, druggist, Cobourg, Ontator of the second of the se POTASH.

your specific after all other treatment had had failed.

J.E. Kennedy, druggist, Cobourg, Ont. For years I was afflicted with dry tetter of the most obstinate type. Was treated by many of the best physicians; took quantities of mercury, potash and arsenic, which, instead of curing the tetter, crippled me up with mineral poison and rheumatism. The tetter continued to grow worse, and the itching almost made me crazy. In this condition I was induced to take Shaker Blood Syrup, and the result was as astonishing as it was gratifying. In a few month the tetter was entirely well, the mercurial poison all out of my system, and I was a well man, and due only to Shaker Blood Syrup. All like sufferers should takeit.

C. H. Sargent, Haverhill, Mass.

Horstord's Acid Phosphate,

Dr. W. H. Holoombe, New Orleans, La., says: "I found it an admirable remedy for debilited state of the system, produced by the wear and tear of the nervous energies"

Every purchaser of common sense business chacity, when requiring an article for a certain purpose, purchases that which has been tried or is allowed first to test before buying.
