GAGETOWN, N. B.

GAGETOWN, N. B., MARCH 2, 1898.
EDITORIAL NOTES.

The Senate adjourned Friday until the 8th of March.

The C. P. R. has cut rates in grain from Duluth to the Atlantic seaboard six cents a bushel to meet the cut made by the American roads.

To-day is election day in Ontario for the local legislature. There will be contests in all divisions in Ontario save two. In South Bruce Twp. is elected by acclamation and in Prescott, Eganville by acclamation.

The Royal Gazette contains notice that leprosy and ophthalmia neonatorum have been declared to be infectious diseases, and hereafter all regulations of the Provincial Board of Health relating to epidemic, endemic and contagious diseases, and the prevention thereof, shall apply to and include these diseases.

Dr. Cronhyatka, the Supreme Chief Ranger of the Independent Order of Foresters, is now on his way to Europe to enjoy rest and at the same time to superintend arrangements for the introduction of the order into new fields. The doctor will be absent about four months.

The Halifax Echo of Feb. 14 says: John McMillan, of Isaac's Harbor, arrived in the city Saturday evening with a fine brick of gold, the result of three weeks' mining and milling at the Hurricane Point gold mine. From 185 tons of rock in that time 283 ounces of gold was extracted. Had the company crushed a month they would have made a record, but the organization meeting of the company takes place on Wednesday and it was thought desirable to have a brick of gold there for the encouragement of the stockholders. The brick and samples of quartz were being shown at George A. Pyke's office this morning. Many people saw them and were well satisfied with the operations of the newly incorporated concern.

There is nothing new regarding the Maine disaster which occurred in Havana. The Court of Inquiry is still in session and have not given out anything regarding the findings to the public. Dispatches from some parts of the United States say that Uncle Sam is preparing for war. It will be hard for the United States Government to maintain peace with Spain if the Court of Inquiry decide that the Maine was destroyed by an explosion from outside. The relations between the two countries have not been the best these few months past. The trouble between the government at Washington and Senor de Lome, the Spanish minister to the United States, and now the blowing up of the Maine in Spanish waters all tend to create feeling of dislike between the two nations. The finding of the Court of Inquiry will be looked for with great interest by all people on this continent.

LOCAL LEGISLATURE.
FREDERICTON, FEB. 21.—The Lieut. Governor this afternoon assented to bills amending the law to aid in construction of railroads and other works, and amending an act incorporating the St. John Rural Cemetery Company.
Mr. Fowler presented the petition of C. O. Purdy, M. D., and ten other Montserrat doctors, against the bill respecting the science method of osteopathy.
Mr. Dunn introduced a bill amending the law respecting the election of church wardens and vestry of Trinity church, St. John; also, further amending incorporation act of the Exhibition Association, St. John.
Mr. Emmerson said that rule 15 of the rules and practice of the house required that a copy of the journal of the preceding day, certified by the clerk of the House, shall be delivered each following day to the Lieutenant Governor. At the suggestion of His Honor the Governor and in the interest of economy he would, with the unanimous consent of the House, move that the rule be amended so that a printed copy of the journal (the same as members receive) be delivered to His Honor instead of a written copy the work of preparing the written copy cost \$117 last year and under the proposed amendment this sum would be saved to the province.
Mr. Black said he had no objection to the proposed amendment. He thought it was a step in the right direction.
Mr. Speaker said two days' notice of the proposed change would have to be given.

Mr. Emmerson—Then I now give notice of motion.
Adjourned.
FREDERICTON, FEB. 22.—The Legislature had a short session this afternoon and transacted routine business, receiving petitions, reports, etc.
At 8 o'clock in the evening Provincial Secretary Tweedie made his budget speech. Mr. Tweedie has been unwell for some time past, he twice gave out and he had to adjourn the debate.
Hon. Mr. Tweedie to-day submitted the estimates of sums required for the service of the province not otherwise provided for for the current year.

Unforeseen expenses, 2,000.00
Grand total, \$994,977.50

From the Smith's Falls Record.
Throughout Canada, from the western boundary of Ontario to the Atlantic Ocean, there is no name more widely known in temperance and evangelistic work than that of the Rev. W. A. Dunnett. Mr. Dunnett has been the Grand Vice-Councillor of Ontario and Quebec in the Royal Templars, and so popular is he among the members of this order that in Montreal there is a Royal Templar council named "Dunnett Council" in his honor. For more than ten years Mr. Dunnett has been going from place to place pursuing his good work, sometimes assisting resident ministers, sometimes conducting a series of gospel temperance meetings independently, but always laboring for the good of his fellow men. While in Smith's Falls, a few months ago in connection with his work he dropped into the Record office for a little visit with the editor. During the conversation the Record ventured to remark that his duties entailed an enormous amount of hard work. To this Mr. Dunnett assented, but added that in his present physical condition he was equal to any amount of hard work. But it was not always so, he said, and then he gave the writer the following little personal history, with permission to make it public. He said that for the past thirteen years he had been greatly troubled with a pain in the region of his heart, from which he was unable to get any relief. At times it was a dull, heavy pain, at others sharp and severe. Oftentimes it rendered him unfit for his engagements, and at all times it made it difficult to move. His trouble was always visible to the public and frequently when conducting services he would give out and doctors had to be called in to attend him. This occurred to him in the Yonge street church, Toronto; the Methodist church, Carleton Place, Ont. On another occasion while preaching to an audience of 2,500 people in the Franklin Street Congregational church, at Manchester, N. H., five doctors had arrived and were in attendance before he regained consciousness. In all these cities and towns the newspapers freely mentioned his affliction at the time. Mr. Dunnett said he had consulted many physicians, though he said, to be entirely fair, he had never been any great length of time under treatment by any one doctor because of his itinerant mode of life. In the early part of the summer of 1886, while in Brockville assisting the pastor of the Wall Street Methodist church in evangelistic services, he was speaking of his trouble to a friend who urged him to try Dr. Williams' Pink Pills, and next day presented him with a dozen boxes. "I took the pills," said Mr. Dunnett, "and I declare to you I am a well man to-day. I used to worry a great deal over the pain in my heart, but that is all done now, and I feel like a new man." All this the reverend gentleman told in a simple conversational way, and when it was suggested that he let it be known, he rather demurred, because, as he put it, "I am almost afraid to say I am cured, and yet there is no man to-day enjoying better health than I do."

A SUCCESSFUL EVANGELIST.

Rev. W. A. Dunnett, a Man Whose Good Work Is Widely Known.

He Relates Events in His Career of General Interest—For Years He Suffered from Heart Trouble, and Frequently from Collapse—On One Occasion Five Doctors Were in Attendance—He Is Now Freed from His Old Enemy, and Enjoys the Blessing of Good Health.

At that time, at Mr. Dunnett's request his statement was only published locally, but now writing under the date of Jan. 21st, from Fitchburg, Mass., where he has been conducting a very successful series of evangelistic meetings, he says:—"I had held back from writing in regard to my health, not because I had forgotten but because it seemed too good to be true that the old time pain had gone. I cannot say whether it will ever return, but I can certainly say it has not troubled me for months, and I am in better health than I have been for years. I have gained in flesh, hence in weight. I would prefer not to say anything about my appetite; like the poor, it is ever with me. Yes; I attribute my good health to Dr. Williams' Pink Pills, and you have my consent to use the fact."

The item of public printing was discussed at some length. Mr. Sumner made the statement that he could get the printing done for \$5,000 a year less than it cost the province last year, and urged strongly that all provincial printing be put up to tender. The municipalities committee had two St. John bills before them this morning and decided to recommend both to the House. One was the bill to authorize assessment to meet the expenses of the Sixtieth anniversary and the other relating to assessment for water supply, and authorizing the board of management of the Department of Public Works in making up assessment for water supply to adopt as far as may be applicable the valuation for real estate made by the board of assessors in the year in which such assessment of water supply is made. Prof. Woodbridge, superintendent of the Deaf and Dumb Institute, with G. F. Gregory and G. T. Whalley, waited on the government this morning and asked for a special grant for a new building for the Institute, and an additional annual grant for its maintenance. The executive promised to furnish the information.

Crescent Oil at 20c. a Gallon.

Is unexcelled by any Oil in existence and is guaranteed to burn one-fifth longer than any other.
OUR STORE 141 MAIN STREET.
TEA Feb. 15 CENTS TO \$1.00 PER POUND,
