CHATHAM WINS
CHAMPIONSHIP

The game is over and the championship of the northern section rests with Chatham. At the end of the game the score was two to two and both teams went on for two five minutes overtime periods. The first was only three minutes old when McMahon and R. Cripps went down the ice in a beautiful piece of combination. Cripps scoring. The 2500 spectators went wild with joy. On resumption of play, Sharpe, who was floating off side, raised his stick in the air and struck Currie, who was catching a high one, on the arm. He was ordered off the ice, but refused to go. Campbellton protested the referee's decision and left the ice, refusing to continue the game. The referees declared Chatham the winners. The game was one of the fastest seen here in years. Chatham's little men of iron playing like demons. Only the phenomenal work of Levoie in goal saved Campbellton from an overwhelming defeat. Early in the game Keoughan, Chatham's star right wing, was badly injured and, although he continued in the game, he had lost his vim and it was only in the overtime period that he showed his real form.

The score at the first period was one to one, and at the end of the second, two to two. There was no scoring in the final period. All the Campbellton players put up a good game but they were outskated by their lighter opponents. For Chatham every man was on his toes and played the game of their lives. It was only the stone-wall in Campbellton's

cage that kept the score down. Currie, Duncan, R. Cripps and McMahon worked like demons. Wilkie, of Halifax, missed the train and President Sterling, of Fredericton, wired the appointment of Gilbert and Murray as joint referees and they handled the game excellently. The lineup was as follows:

Chatham	Campbellton
Goal	Goal
Eagles	Lavoie
Point	Point
Currie	Mott
Cover Point	Cover Point
Duncan	McLean
Centre	Centre
McMahon	Sharpe
Right Wing	Right Wing
Keoughan	Matthews
Left Wing	Left Wing
R. Cripps	Thomas
Spare: Campbellton—Wilkins, Laviolette, Rattray and Murray. Chatham, D. Cripps.	

Federal Election
Returns

Figures published in an Ottawa despatch which appears in another column show that in all 8,121,844 votes were polled in the last election. To return 235 members of Parliament, or an average of 13,284 1-2 to each member. For the Liberals 1,296,723 were cast for the Conservatives 971,502 and for the Progressives 769,287. On the basis of 16,135 1-2 to each member, according to the number of votes polled the Liberals should have 100, the Conservatives 75 and the Progressives 50. Although over 300,000 more votes were cast for the Conservative candidates than for the Progressives, the latter have fifteen more members.

Stormy Weather
Hard On Baby

The stormy, blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep its stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.

Little Likelihood Of
I.C.R. Being Detached

Montreal, Feb. 7.—The Ottawa special correspondent of the Montreal Star wires his paper today:

The demand of Maritime Province members, for the "return" of the Intercolonial Railway to the eastward order of things, may be granted in part, but only in part. So far as can be learned here, the coordination of the I. C. R. with the Canadian National will be continued but even now it is a separate entity so far as the accounting and the other details of operation are concerned.

What will probably be done is to re-establish at Moncton a small management or a General Manager with authority over all the lower provinces lines. This will be part of policy of decentralization. Ontario lines would be run from Toronto, those in Quebec from Montreal and in the West from Winnipeg. The

location of the executive headquarters and whether it will be Montreal, Toronto, or Ottawa, is a matter to be determined.

Whatever extensive authority be given the management at Moncton there is little likelihood of the Intercolonial being "detached" from the national system.

Backache

Backache is the outstanding symptom of kidney disease. Women often make the mistake of attributing other causes and overlook the derangement of the kidneys until serious developments have made it difficult to obtain permanent relief.

This letter points to a treatment which has been so thoroughly tried and proven so effective in the great majority of cases that you cannot afford to overlook it when cause arises for its use.

Mrs. Albert Brunet, R.R. No. 1, Ottawa, Ont., writes:

"I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicine previous to this, without any good results. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second box made me feel a good deal better. I have now used about six or eight boxes, and am completely relieved."
