CHARLES PERRY IS DISCHARGED BY THE JUDGE

Judge Campbell this afternoon honorably discharged Charles Perry, the Niagara township young farmer who was accused of burning the farm house with a view to collecting \$1000 on his furniture which was destroyed one night about three weeks ago.

The accusation against Perry was based on the suspicion of some parties who believed his furniture was worth only about \$300 when he had placed a \$1000 policy on it. An insurance agent set this suspicion at rest when he testified at the trial today that he had gone to Perry's from this city and solicited his insurance. It was also shown that Perry got in considerable new furniture by boat from Toronto to augment that which he had taken to the farm when he moved there. The inventory of what furniture he had in the house and quite convinced Judge Campbell that there was no fraud or dishonesty in the proceedings.

"I will honorably discharge you!" said the Judge, "because there is no suspicion of guilt against you. Perry showed by witness that his intention to leave the farm was prompted by desire to procure lighter work in Buffalo, the farm work being too heavy for him. There was also evidence that the fire was probably started by a lamp upsetting.

DUBLIN FREEMAN'S JOURNAL STILL UNDER SUPPRESSION

DUBLIN, Jan. 2.—The suppression of The Freeman's Journal, which was ordered suspended for publication of an article adjudged contrary to police discipline, is still maintained, having lasted more than a fortnight.

This is the longest period any newspaper has been penalized, even during the war.

Inquiries at Dublin Castle have failed to elicit information as to when the newspaper is likely to be allowed to resume publication.

SOFT COAL INDUSTRY

Committee Representing Operators Busy With Plans.

CHICAGO, Jan. 2.—Committees appointed by coal operators of the central competitive bituminous field yesterday began formulating plans to put the entire soft coal industry on a stable basis. They will report early in the new year.

The operators agreed that any raise at present in the price of coal used for domestic purposes would be unjustified and would be due solely to the retailers.

One operator stated that the prices on a few grades of steam coal had been raised 14 per cent.

PATRIOTIC FUND

The Patriotic Fund disbursements for December, 1919, are as follows: Dec. 1st. Balance carried forward \$787.14.

Cheque to dependants \$136.50.

DEFEATED MAYOR EXPRESSES VIEWS

EXTENDS CONGRATULATIONS TO CAPT. LOVELACE AND FEELS SATISFIED WITH RESULTS.

Mayor Elson, who was defeated yesterday made the following statement today:

"To the new Mayor-Elect, Capt. Lovelace, I extend congratulations. He conducted a clean campaign and I wish him and his Council every success. I feel that the citizens have selected a good body of men. Personally I am perfectly satisfied with the results and have the consciousness of having sacrificed my business and family last year to give the best service I could to the municipality. Time will show also, I think, that the finances of the corporation are such as to permit of little or not expenditure of consequence this year. Necessity will compel caution and economy."

NO LIQUOR SHIPPED

MONTREAL, Jan. 2.—No liquor has been shipped to border points in the province of Quebec, for shipment to Ontario, Chief Inspector J. W. Lewis made this statement and gave as the explanation for this that express companies are not permitted to carry it under the present law. There is, the usual large amount being shipped to Ontario vendors, but not a jar has been shipped to the border in any special effort to get it to Ottawa.

YELLOW SUGAR

If the Canadians Don't Want It, Out-siders Do.

OTTAWA, Jan. 2.—If the people of Canada want a certain large quantity of yellow sugar, which is available for use in the Dominion, they will have to speak for it, according to a notice which, it is understood, is to be sent out by the Canadian trade commission through various channels.

There is, it is stated, a large quantity of yellow sugar available in Canada, but at the present time there appears to be "no takers," and this sugar is not being ordered from the refiners and wholesalers in whose hands it is lying. There are, however, people outside of Canada who are anxious to have this sugar exported to them, but the Canadian trade commission will not sanction the export if the people at home will use the yellow sugar and thus help out the supply of granulated sugar.

H. RINDER IS GIVEN ANOTHER CHANCE TO CLEAR

Still another remand of a week was given by Magistrate Campbell today to Harold Rinder and James McGlade accused of robbing Tony Concordia at the point of a revolver. Rinder who belongs to a prominent family, claims he can get a lot of men who were working with him on the Hydro canal at Niagara Falls, and were with him in the boarding house on the night of the robbery to swear to the fact. These men are away on vacation now. The Magistrate after hearing the evidence of two men who called to state that they saw Rinder at the boarding house that night, declared that Rinder was guilty but he said he was willing to reopen the case if these other men can be found, so as to give Rinder every chance.

PARLIAMENT IS SOLE AUTHORITY IN THE FUTURE

THE GOVERNMENT IS AGAIN RESTRICTED TO MINISTERIAL POWERS.

OTTAWA, Ont. Jan. 2.—Fully a thousand orders-in-council have been passed under the ruthority of the war-measures act which did a natural death Wednesday night. The act came into existence in the early days of the war when in substance parliament gave the government the power to enact what it pleased.

When an order was made under this particular war-measure act, it acquired all the force and authority of a parliamentary enactment save that its duration was limited to the war. The act was constantly availed of not only in military matters, but in such things as the establishment of food and fuel control. The creation of crop handling bodies, availing of the United States offer free wheat, admission free of farm tractors, and in scores of other instances.

Some of these orders have been revoked and others confirmed by act of parliament. All those not so confirmed went out of existence Wednesday night following the decision announced a week ago Saturday.

While several hundred orders expire an only a very few exceptions are being made, public interest seems concentrated on the prohibition war order. After midnight Wednesday interprovincial traffic in liquor for domestic use in dwellings but not for sale, and likewise its import and manufacture, are permissible.

The essential result from the revocation of the war-measures act is that the government can no longer exercise legislative function. It will be limited to its ordinary ministerial powers and for anything requiring legislation parliament must be the sole authority.

American Liquor
American liquor will not be allowed to come into Canada unless imported by the individual for his own use. A new order-in-council was passed to-day on the subject. It bans American liquor for storage in bonded warehouses and also prevents it being brought in here to be re-exported. The order of the customs board that made such importations in bond permissible where the provincial authorities consented, is now
