### THE ALLIED POWERS WILL WARN TURKS TO CEASE MASSACRES

LONDON, March 8.—The allies despatched a note to the Turkish Government yesterday. The terms of the communication were not disclosed but it is understood they are drastic and will be followed by drastic action should the necessity arise.

The proposed allied military control of Constantinople is not to be an occupation in the sense which that term usually implies, according to the Peace Conference plans, which, however, have not as yet been fully matured.

The idea of the Conference, it is indicated, is to impress upon the Turks that the world will not tolerate massacres such as those of the Armenians and Cilicia last month. This has been unsuccessfully attempted through threats from the Conference that unless the massacres ceased the peace terms for Turkey would be much more severe than otherwise, and now the allies plan to make some sort of a military demonstration at Constantinople. Just what this form shall take is understood not to have been decided, but a speedy decision is expected as Great Britain, France and Italy are agreed that quick action is necessary to save hundreds of lives.

#### Turks Will Knock Under

The allies have enough troops in Turkey to control Constantinople, if it be necessary to resort to force, but the allied Premiers are believed

to be convinced that this necessity will not arise. They are of the opinion, it appears, that when the Turkish Government finally comes to the conclusion that the allies mean business the situation will be considerably clarified. This is the first point in the plan of the Conference.

Some reinforcements for the allied troops in Turkey arrived on the scene this week, and more will follow. The weather conditions in Cilicia are unfavorable at present for the starting of a new military operation, but the allies are agreed that it is absolutely necessary for the French to retrieve quickly and at any cost their recent losses in Cilicia, as the view in Conference circles is that the Turks undoubtedly think the allies are tired of fighting and that their notes and warnings have little backing.

#### Will Bring Ottoman to Time.

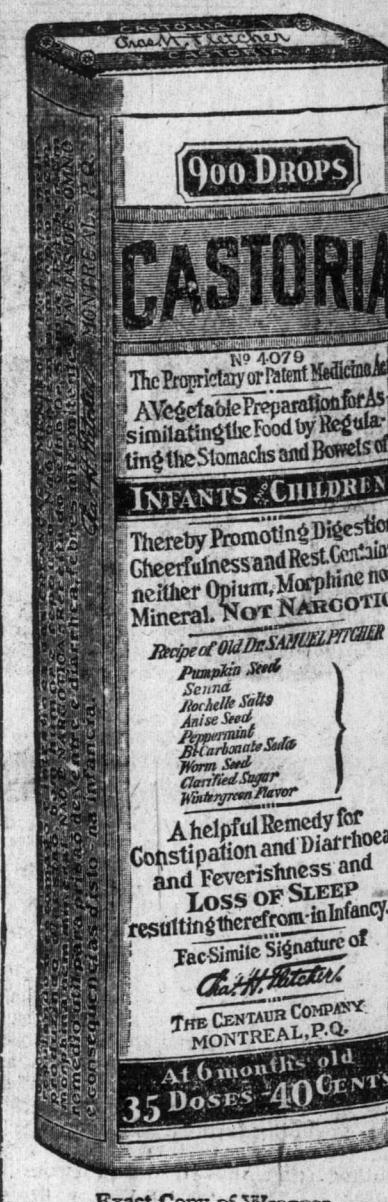

As outlined, the plan is to show the Sultan that this is not the case, no matter how distasteful further military activities may be now to any of the allies.

What the Conference really would like, according to the reports of the statements at the meetings here, is for the United States to augment her naval forces in Turkish waters, but there seems to be little expectation that this can be brought about.

Although the Premiers are not attending the sessions just now, the Peace Conference as it is now constituted has full powers to rearrange the outline of the Turkish treaty within a fortnight, but the conferees are not planning to hurry with the document, now that the reports of the massacres have been confirmed. Their attitude is that the Turks must conform to the European interpretation of civilized Gov-

ALBERT C. RICK,  
PERCIVAL K. FROWERT,  
MARTIN A. PURNELL,  
WALTER H. MARSHALL,  
Being all of the Directors of Great State  
Petroleum Company of Texas (Inc.)

This young Company is a consolidation of the independent oil companies of Texas and Oklahoma. The people affected by this consolidation have all received shares at par in payment of their holdings, and therefore only receive returns as dividends are paid.

We believe that investments in the **THE GREAT STATE PETROLEUM COMPANY OF TEXAS, Inc.**, will be a source of pleasure to the investors, for the reason that the Company is to-day beyond a mere speculation, as it is a decided success. The shares of all well managed oil companies are considered the most profitable class of investment in the world to-day. Successful oil companies require three things, viz: Capable and successful business men to manage and direct its affairs. Experienced and successful oil men to manage and develop its properties. Properties in Proven Oil District. The Company already has the first three, and we are rapidly adding a fourth requirement, which is very essential to successful oil companies, and this is further capital.

The property owned by this Company is so advantageously located that it is our opinion that the Company will result into one of the leading oil companies of to-day. Considering the fact that the management is unexcelled, we know of no reason why the Company's success should not be extraordinarily rapid. The Company earns at the rate of \$800,000.00 per month, or a total of more than 50 per cent. on the entire capitalization, of which less than one-third is outstanding.

Around April of this year stock of this Company will be selling on the New-York market for a great deal above par and we would not be surprised if it were selling for at least \$50.00 per share, as the dividends and earnings the company has and will have by then will justify such a value.

Since issuing the prospectus, the Company has increased the production from its oil lands to 10,000 barrels per day, and an added acreage which now makes the entire acreage leased or controlled by this company 95,000 acres. Additional assets added consist of a 5,000 barrel refinery, 200 tank cars and a 45 mile pipe line running from the Burkburnett Field in Wichita County, Texas, to the refinery at Lawton, Okla., together with all pumping stations, loading racks, switching tracks, etc. The line alone is earning the Company \$2,500.00 per day.

Dividends at the rate of 2 per cent. monthly have been declared and paid. Next dividend March 1st.

We would suggest that you make the fullest investigation of this Company and the Board of Directors, and it will be our pleasure to give you any further particulars you may desire. We confidently assure you from the success that has attended this Company in the past, purchasers of this stock, in my opinion, will receive very large returns within the next twelve months.
