WHAT'S UP?

Things That Are Happening Around Us.

Something on the Railway Question—Why some men don't favor the coming of a new line—The men who would be the delegates.

I've been told by the neighbors that the railway fever has reached us, and that in Goderich as well as Wayback, the rustles are rustling, the buzzers are buzzing, and the noise and turmoil and bustle of bonus elections are in the not distant future, or words to that effect.

Mr. Luke Ellard, his son William, and five daughters left on Saturday morning for Sioux City, Iowa.

Mr. E. C. Russell and wife, of Waukegan, arrived in town on Saturday on a visit to relatives.

Tory Hays returned from Detroit Tuesday last. He appears to be "growing up" with the country.

The old Scobie salt works at the station, recently purchased by Mr. Joseph Kidd, jr., are now in operation.

Miss McArthur, of Thorold, assisted North-st. choir materially on Sunday last. She possessed a well-trained voice.

Mr. Geo. E. Parsons, well-known Auditor-Department, Toronto, was in town last week looking as well looking as well as ever.

Mr. Thomas Roddy, of Meadville, Pa., was present at the funeral of his mother, the late Mrs. Gibbons. He left for home Tuesday last.

Dr. McDonough will be in Goderich for consultation on Saturday, the 3rd of March, and afterwards on the first Saturday of every month.

Miss Graham is on her usual spring trip to Toronto, attending the millinery openings, and getting the latest novelties in her line of business.

The Y. W. C. T. U. will hold their next regular meeting on March 8th, in the library room of Knox church, commencing at 7.30 o'clock p.m.

We would call the attention of the farming community to the advt. of D. K. Streehan who is the local agent for the Harris Steel Binder in this section.

When the old, sore ich broke away a few days since, it carried out a number of herring nets, some of which could not be found when the field came back again.

COLONIST TRAIN.—A C.P.R., train will leave Wingham for the Northwest on Tuesday, March 13th. For particulars see advt., or enquire of R. Radcliffe, local agent, Goderich.

Knox church Band of Hope will meet on Saturday at 3 o'clock p.m. At the close of the meeting arrangements will be made for the coming entertainment. All the members are requested to be present.

Dr. M. Nicholson, the West street dentist, makes the preservation of the natural teeth a specialty. Gas administered from 9 a.m. to 4 p.m. for the painful extraction of teeth.

To HORSEMEN.—C. Quintal, the Montreal horse-buyer, will be at the Colborne hotel on Tuesday and Wednesday next, March 6th and 7th, and will purchase sound horses of all classes.

Mr. R. Stanley Hays returned from Chicago last Saturday to be present at the funeral of the late Mrs. Gibbons. It is said that he will not return to the States, but will open an office in this country.

TOWN TOPICS.

A child's drawing, a table notes, a note on the school, a note on the church, a note on the market.

Cordwood wanted in exchange for farm-lots—D. Godwin.

A Good Present.—The most useful gift you can make is to give a gift of knowledge.

The fast meeting on the square is attracting considerable attention notwithstanding the blizzard, but there is no institution in town can get along the gentlemen's wear turned out by F. & A. Prichard.

Today closes my second year as grocer, with the usual system and pleasing returns. In future, as the year shall carry only a select stock of fine groceries—M. MacGillivray, North-st. and Square.

Call on Goode, the druggist, Albin block, for the best of medicines and toilet articles. Special personal attention to prescriptions.

The opening of a new line of railway will add greatly to the business of the town, but it would be difficult to add to the excellent arrangements that R. E. Sallows has placed in his photographic studio for purposes of art.

The Huron and Bruce Loan and Investment Company.—Depositors in this company have the best possible security for their money, all being invested in mortgages on farm property. Depositors have a first lien in all the company's assets. Rate of interest paid, from 4 to 5 per cent, according to amount deposited. Farmers having surplus moneys should call and see the manager.

EYE TAILORING.—Overhauling stock of choice goods always to be found at prices to match the goods you buy. No trash or shoddy goods, but good goods made to wear and give satisfaction are the goods I keep. I make no bones of this fact, and without cheating, I claim to give the best value for your money expended than any house in town. I invite close and economical buyers to call and see my stock. The cheapest house under the sun.

We would call the attention of our readers to the announcement of Saunders & Sons in this issue. They have been appointed sole agents for the Grand Rapids Co. to sell their celebrated steel wheel baby carriages, bicycles, tricycles, etc. Those who intend purchasing a baby carriage should see the new styles at prices as low as the old style would suggest. The cheapest house under the sun.

Mr. Luke Ellard, his son William, and five daughters left on Saturday morning for Sioux City, Iowa.

Mr. E. C. Russell and wife, of Waukegan, arrived in town on Saturday on a visit to relatives.

Tory Hays returned from Detroit Tuesday last. He appears to be "growing up" with the country.

The old Scobie salt works at the station, recently purchased by Mr. Joseph Kidd, jr., are now in operation.

Knox church Band of Hope will meet on Saturday at 3 o'clock p.m. At the close of the meeting arrangements will be made for the coming entertainment. All the members are requested to be present.

Dr. M. Nicholson, the West street dentist, makes the preservation of the natural teeth a specialty. Gas administered from 9 a.m. to 4 p.m. for the painful extraction of teeth.

There was considerable changing of pulpits last Sunday. Rev. Dr. Urs occupied Victoria-st. church, and Rev. G. F. Seltou, conducted the service at North-st. in the morning, while Rev. I. B. Wallis went to Leeburn in the afternoon.

NEW POSTAL REGULATIONS.—On and after the 1st of May, under the postal convention recently concluded between Canada and the United States, all parcels, except closed ones, will be sent to the United States on payment of the rates now in force in Canada, those from United States for Canada on payment of rates in force there. Anything dutiable for this section will be sent to Goderich, and the parties notified by the collector of customs. In future the registration fee on letters to the U. S. will be the same in Canada, 2c, on parcels 5c.

CERTIFICATE.—On Tuesday of last week Mrs. Gibbons, wife of the worthy sheriff of Huron, was attacked by an apoplectic stroke, to which she succumbed on Thursday of the same week. Deceased was in her 76th year, and was amongst the early settlers of this section. The funeral took place to Maitland cemetery on Sunday last, and was largely attended. The pallbearers were: Messrs. Jas. Dickson, P. Adams, M. Hutchison, Ira Lewis, Wm. Dickson and Capt. Gibbons. Her son, Mr. Thos. Roddy, of Meadville, Pa., was present at the obsequies.

CITIZENS' R. R. COMMITTEE MEETING.—A meeting of the citizens' railway committee was held in the town clerk's office Monday evening. The chair was occupied by Dr. W. J. R. Holmes, president, and the present aspect of the railway question was discussed in all its bearings. It was finally decided to apply to the town council to make an appropriation for railway purposes, and to appoint an agent to go to Ottawa and attend to the railway interests of the town during a portion of the present session. The matter will be brought up in the town council this (Friday) evening by councillor Radcliffe.

MUNICIPAL BY-ELECTION.—Wednesday last a nomination meeting was held in St. George's ward to fill the vacancy in the council caused by the resignation of Mr. Butler. Mr. Alex. Morton was nominated by Mr. D. C. Mackay, seconded by Mr. R. E. Sallows. Mr. F. Jordan was nominated by W. J. Johnson, seconded by R. C. Hays. Both of the nominees were successful, and were declared at the last municipal contest, Morton leading his opponent by one vote. Mr. Jordan is at present a member of the high school board, and Mr. Morton also has experience as a local legislator, having been a member of the school board for many years. Mr. Jordan deems it to state that it is his wish that the element of party politics should not enter into the present contest, and Mr. Morton says that he is of a like opinion and will vote for all parties.

A TOKEN OF APPRECIATION.—The following letter from Mr. Albert E. Guest, of Toronto, dated Feb. 25th, 1888, and addressed to our townsman, Mr. W. J. Dowding, is self-explanatory: DEAR MR. DOWDING.—At a meeting of St. Bartholomew's Choir, I was requested to write you on their behalf. The number of kind messages are too numerous to give in detail. However, we all sincerely wish you every success in your new home, and trust that happiness and prosperity will attend you and your family. We long to see you, and we have sustained by your removal, we hope it will be your gain. We have sent you an easy chair, trusting that you will accept it as a small token of our respect. We hope it will arrive quite safe. We have missed you very much and often speak with pleasure of the work we have done together, and of your untiring energy and kindness as our conductor. Again wishing you every success, hoping not to be forgotten when you are sitting in your chair.

BIBLE SOCIETY MEETING.—The annual meeting of the Goderich Branch Bible Society was held in North-st. Methodist church on the evening of Friday, Feb. 24. The meeting was opened by the president, Mr. D. J. Nafte, and the devotional exercises conducted by Rev. I. B. Wallis, after which Mr. McGillivray, secretary, read the minutes of the previous meeting. Mr. Cook, the organist of Knox church, played with good effect, the singing being led by S. P. Halls, R. A. The officers for 1888-9, are President, W. J. Armstrong; Depository, W. L. Woolerton; Treasurer, J. L. Nafte; secretary, Mr. McGillivray. Society's year for present officers ends on March 31st. Collectors are yet to be appointed by the ministers of the respective churches in town, the collection netted \$5.36.

FAREWELL SUPPER.—Friday evening last the members of Goderich Gun Club honored Mr. William Ellard, one of their old members, with a farewell supper, prior to his departure for Sioux city, Iowa. Mayor Seager presided, and a full representation of the club was present. What the table had been cleared, Mr. E. R. Watson, president of the Gun Club, seconded by Mr. R. S. Williams, manager of the Bank of Commerce, and president of the Huron Lacrosse Club, moved the following resolution: "That we desire to express our great regret at the determination of our friend, Mr. William Ellard, to remove from Goderich. By his amiability and uprightness of character, and his other sterling qualities, he has won the confidence, esteem and kindly regard of all. Our best wishes go with him for his happiness and prosperity in his new home." Speeches laudatory of the guest were made by Messrs. Watson, Williams, Jas. Mitchell, R. P. Wilkinson, H. J. Heale, S. I. Reid, Jas. Nesbitt, Mayor Seager and others, all testifying to the equality of disposition, and his thoroughness as a friend, and his business integrity. The pleasant gathering was brought to a close by the singing of "Auld Lang Syne," and the "National anthem."

Who SUGGESTED THE PITMAN JOURNAL.—The *Compendium Shorthander* says:—In the *Phonetic Journal*, Mr. Thos. Allen Read, in a sketch of the Phonographic Journal, gives the credit for the idea of the *Pitman* to the suggestion it is in his *Reporter's Magazine* in January, 1886. Mr. Read says this was the first mention by anyone of the idea of a *Pitman*. Mr. Read is usually an accurate historian, but in this case the *Compendium Shorthander* is in error. On the 17th August, 1885, (about five months before Nankivell mentioned the matter), Mr. Thos. McGillivray, then of Goderich, now of Toronto, publicly suggested the *Pitman* at the annual meeting of the Canadian Shorthand Society, and the *Compendium Shorthander* duly made a note thereof in the September issue. Mr. Nankivell would have received this notice, and had time to get the idea through his head ere the light of 1886 dawned upon him. We hope Mr. Read will give Canada due credit, although the *Journal* managers treated her rather shabbily—not having even mentioned the cablegram sent to Isaac Pitman by the Canadian Shorthand Society last summer.

TEMPERANCE SERMON.—A recent issue of the *Ocean Sound Times* thus refers to a former resident of our town:—Rev. T. M. Campbell, on Sunday evening last in the Methodist Church here, preached one of the most stirring and denunciatory sermons we have heard in this town, from the words, "As an ox goeth to the slaughter, he is not aware that he is going to the slaughter house of health, virtue and home; and its work one of blood, death and destruction, under royal sanction, bleeding its victims to death—bleeding their pockets, nervous system, vital forces and morality, till they went with a rush into the mouth of hell." After saying these things more than forty homes in Ocean Sound, where there was suffering and sorrow, want and degradation as the result of father being in the slaughter house, and giving a touching description of scenes he had witnessed in some of them—he called on the audience with such impassioned fervor as is seldom witnessed to know if they were willing to have two more slaughter houses in town to bring more death, more suffering, more death—and whether they would allow the Town Council to have the exhorted young men to shun the bar-room, an intimacy with it meant death to business, and body and soul.

THE Y. W. C. T. U. OPEN MEETING.—Quite a large audience assembled in the temperance hall, on Monday evening last, to hear Rev. D. G. Cameron, of Danstougan, give an address on the issue of the day, as regards the Scott Act. The meeting was opened with "Rescue the Perishing," and prayer, after which several musical selections and a couple of recitations were given. After the reading of the 19th Psalm, Mr. Cameron was introduced to the meeting, and for about one hour and a half he held the attention of the audience with a discourse which has not been surpassed in Goderich. He dealt with facts, as gathered from the latest statistics, and other reliable sources, and proved conclusively to the minds of all present that the Act was not a failure by any means. Although it was not just the success its supporters had hoped it would be, yet he pressed upon his hearers the necessity of standing by it until such time as further prohibitory measures could be secured. At the close of the address Mr. H. I. Strang, principal of Goderich high school, moved in a number of resolutions, which were seconded by Capt. Gibson. The president and members of Y. W. C. T. U. ought to be congratulated on their good work in securing the services of such an able exponent of temperance views as Mr. D. G. Cameron has proved himself to be.

A SALT TRADE WITH JAPAN.—The following letter from a former resident of Goderich, now of Toyo Eiwa Gakka, Japan, will no doubt prove of interest to our readers. It is a copy of a letter from some of our local salt manufacturers:—Dear Sir, As Goderich is a flourishing salt centre, where the best salt in the world is produced, I write a few lines specially for the salt kings of the *Saline City*. The salt produced or manufactured in this country is of an inferior quality and is not fit for table use. As far as I can make out the good salt consumed in Japan comes mostly from England. In my estimation a good trade in this commodity can be carried on by entreprening Canadians. The climate here is moist, and of course well is a draw back to cheap methods of packing salt, which absorbs water as greedily as a thirsty soul drains off his morning "croak." The salt which we use on our tables is sent in glass bottles from England. The bottles are about the size of the large fruit bottle, used in Canada for "doing up" peaches, plums and such like fruits. I think they are called the "gem," or "crown jar." Of course, the salt thus sent is expensive, and we try to recoup ourselves by buying sugar and fruit to "do up" in English salt bottles. Ingenuity in packing salt in small packages of from 5 to 20 lbs., backed up by energy and enterprise, might help to make my old Goderich home a great name, if not a land of pure delight. I have never forgotten the town on the hill, nor the central school where J. R. Miller, Esq., gave me a good educational lift. E. OBLEUX.

PRESENTATION AND ADDRESS.—On Thursday of last week the members of North-St. Methodist choir with a few of their friends, met at the residence of R. W. McKenzie, to tender a farewell to Mr. W. and the Misses Ellard who were about to leave Goderich for Sioux City. After partaking of a sumptuous repast provided by Mrs. McKenzie, Miss J. Wilkinson made the presentations referred to in the following address, read by Mrs. S. P. Halls and which speaks for itself.

RESPECTED FRIENDS.—On this, the eve of your removal from our midst to another country, where you will witness as well as take part in other scenes, the members of North Street Methodist Choir, Goderich, feel that we should be remiss in our duty if we allowed you to depart without an expression of our esteem for you. We all feel that by your departure we are losing tried (and in two instances long-tried) and efficient members of our choir. We have often

noticed the personal sacrifice made by you in order to advance the interests and happiness of our circle, and that without fee or expectation of earthly reward. It seldom falls to the lot of a choir to lose at any one time so many members, of the same family, and thus to be so severely shorn of its strength, but we hope that the loss we shall so heavily feel will result in increased prosperity and happiness for you. In our practices we shall miss your congenial company, your kind advice as well as your sweet and harmonious voices. As slight mementoes of our regard for you, be pleased to accept these trifling gifts from loving hearts, and as often as you look on them, send a kindly thought after your old friends of North Street Choir, with many of whom you may never again associate. We unitedly wish you in your new home all material prosperity as well as the riches that addeth no sorrow thereto; and that at last we may meet in "the land that is firmer than clay." Mr. W. Ellard on behalf of himself and sisters in a few well chosen words, made a suitable reply, expressing the satisfaction they had in assisting in the service of song in North-St. church for so many years and expressed their gratitude for the gifts so kindly presented. Rev. Mr. Wallis and Mr. McKenzie also made a few remarks pertinent to the occasion. The remainder of the evening was spent in pleasant social enjoyment.

A SAD DEATH.—An old Huron Bay Dies in Toronto from Exposure.

Many of our readers will have heard of Mr. George Eysel, who some fifteen years ago taught school in East Huron, near Wroxeter. About that time he severed his connection with the teaching profession, and entered upon a journalist career of brightest promise. After an initiation into the reportorial business on the columns of the *St. Thomas Journal*, he connected himself with the staff of the *Toronto Globe*, and soon earned for himself a place amongst the best all-round reporters of the Queen city. Later on he purchased a proprietary interest in the *Sarnia Observer*, his partner being another well-known journalist, Harry Gorman. His services as a shorthand reporter were so appreciated that, although he was a pronounced Liberal, he was selected as one of the *Hansard* staff by the Tory Government, and he disposed of his interest in the *Observer* so that he might be able to attend fully to his duties as parliamentary reporter. His death will cast a gloom over the newspaper men of the country, for few there are of prominent Canadian journalists who did not know and esteem George Eysel. A brilliant writer, an expert shorthand, of thorough journalistic instincts, kindly of manner, sympathetic of speech, and friendly to an extreme, his sad end cannot but make heavy hearts those who knew him well and loved him. For many years we enjoyed the pleasure of his friendship, and the knowledge of his bright light gone out, dazes the brain, and causes the heart to grow faint and the eye to moisten. Peace to his ashes!

We take the following particulars from the *Globe*: Mr. Geo Eysel, of the *Hansard* staff, and one of the best-known journalists in the country, died at his residence, Sussex avenue, yesterday morning, from the effects of a most lamentable series of events. He was going home alone one very cold night, about three weeks ago, when he was set upon by four men and snatched. He was rendered unconscious by at least two blows, and was then robbed by his assailants, who even took the overhead from his feet. He lay unconscious for about four hours, then recovering, found his hands frozen and himself unable to get home. He dragged himself to the nearest house, and being unable to find or reach the bell, rapped with his hands on the glass pane of the door. Not being able to attract attention, he rapped harder and broke the glass. This aroused the people of the house, who came down, and mistaking the situation, instead of taking him in, kept him out of doors while somebody went to a drug store to get some of our local salt manufacturers' "gem" salt. He was then taken to a police station, where he lay until about four o'clock next morning, when he was taken home. On arriving there he was placed in the care of Dr. Bryce and Cameron. The utmost that surgical skill could do to save his fingers was done, but in vain. A few days ago parts of all the fingers of his left hand were removed, and a day or two afterwards three fingers of his right hand were taken away. Owing to his health having been run down at the time of the occurrence, Mr. Eysel's constitution was unable to stand these severe shocks, and he sank, until Sunday morning, when he died. He leaves a wife and three small children.

The funeral took place from the residence, 16 Sussex avenue, to the Necropolis Tuesday afternoon. Among the large number of friends who attended were Professors McLaren and Gregg, Mayor Clarke, Messrs. W. Dack, M.P.P., C. Blackett Robinson, John Cameron, A. Blue, A. Pardoe, R. W. Tyson, J. O. Dant, F. Yeigh, T. Bengough, Prof. James, of the Agricultural College, Guelph; T. McGillivray, A. J. Henderson, Robert Houston, J. Lewis, Innes McIntosh, Thos. Gibson, Wroxeter; J. C. Spodden and others. The services were conducted at the house by Rev. G. M. Milligan, of old St. Andrew's church, who delivered a very impressive address, in which he spoke of the high esteem in which the deceased was held, and of the brevity and uncertainty of life and the certainty of death, and exhorted his hearers to live as they would like to die. Rev. Prof. McLaren led in an earnest prayer. The pallbearers were:—Dr. Bryce, W. Houston, E. W. Thomson, C. W. Taylor, T. F. Miller and Thos. W. Gibson, of Wroxeter. The floral offerings were many and beautiful.

SIR JOHN IS CONVERTED.

Canada's Premier Fabulously Announces He Has Experienced a Change of Heart.

From The Montreal Star. The revival services conducted by Rev. Mr. Hunter and Rev. Mr. Crossley during the past six weeks in the Dominion Methodist Church at Ottawa were to have been brought to a close on Tuesday, Feb. 21. The interest they have excited in all classes of society has been great, and arguments according to the amount and time left. For further particulars call at the Company's office, corner of Court-house Square and North-St. Goderich.

Later the pastor of the church, the Rev. Mr. Carson, made a motion, which he said had been his secret purpose for two days, to the effect that the evangelists be besought to remain in Ottawa another week, although they are due in Belleville almost immediately. One thousand names, said Mr. Carson, had been sent from the enquiry room, and of those fully one-half belonged to denominations other than the Methodist. Three hundred and forty had been added to the roll of his church alone. The speaker looked straight at Sir John in requesting some gentleman in the audience to second the motion, and the veteran statesman did it.

The question, "All who love Jesus," brought Sir John to his feet. The evangelists decided on the spot to remain. The collection for the evening amounted to \$500, contributed on the understanding that it should go to the reverend gentleman who had taken charge of the services.

A Sure Remedy for Nerve-pains. Nerve-pain is one of the most common and painful affections incidental to this climate. Life to thousands is made miserable through its agency, and as it affects the nerves, only the most powerful and penetrating remedies can reach it. Nerve-pain has created wonder in the minds of those who have uselessly tried other remedies, since its action seems magical. To all suffering from any kind of nerve pain, internal or external, we request a trial of Nerviline. Sold by all dealers in medicine, 10c and 25c a bottle.
