wards him a base. The batter, for effect, shows the ump. the bruise on the baseball where it curved off his home.

A WARNING TO POP-FLIERS.

When playing against the Irish, if you must hit up a fly, for the love of Mike don't put it within twenty yards of third base or you may just as well throw down your bat and walk back to the bench. Doc. grabs them like the patent buckets in the Bell Island mine.

Efficiency experts declare that, if correctly applied, the hot air expended by Sue Heath and Billy Brown in a single game, would prove sufficient to inflate every catcher's wind-pad in the League.

There are strikes that make us happy. There are strikes that make us blue. There are strikes that steal away the tear-drops. As the sunbeams steal away the dew. There are strikes that give a tender "beating." There are strikes that put you cold away. There are strikes that we are missing. Duggie. Every time that our boys play.

Next Game: Thursday night—Cubs vs. Wanderers.

JUNIOR BASEBALL.

To-day at 3 p.m. two Junior Baseball League Teams will compete at St. George's Field. These teams have been practising since last year and should give a good account of themselves. Steps are being taken to organize a Junior League of five teams, and the players of the Senior League have promised to devote their spare time teaching the youngsters the finer points of the game.

It was not possible to equip the teams with uniforms but the net proceeds of all Junior games played will be used for this purpose. Admission fee, including Grand Stand, will be five cents. The lineup follows:

St. Patrick's.		Junior Wanderers	
G. Leaver	Pitcher	J. McCormack	Catcher
F. Oliver	Catcher	C. Lamb	1st base
A. Walsh	1st base	J. Chesley	2nd base

DELEGATION DUE AT VERSAILLES.

London Press Distrustful --- Sunken German Ships May be Salvaged --- Von Haimhausen Telegraphs Resignation.

PEACE AT LAST.

PARIS, June 24. The long months of strain during the peace negotiations, and the weeks of doubt whether Germany would accept the conditions offered, or would invite by her refusal of them further invasion of her country, ended late this afternoon, when a note announcing Germany's unconditional acceptance, was delivered to the Supreme Council of the Conference. The note was sent to Mr. Clemenceau and was signed by Dr. Haniel Von Haimhausen. It follows:

"The Minister of Foreign Affairs has instructed me to communicate to Your Excellency the following: It appears to the Government of the German Republic in consternation at the last communication of the Allied and Associated Governments, that these Governments have decided to reject from Germany by force the acceptance of peace conditions, even those which presenting any material significance, aim at divesting the German people of their honor. No act of violence can shake the honor of the German people. The German people after frightful suffering in these last years, have no means of defending themselves by external actions. Yielding to superior force and without renouncing in the meantime its very view of the unhoped for justice at the peace conditions, the Government of the German Republic, declares that it is ready to accept and sign the peace conditions imposed. Please accept, Mr. President, the assurances of my high consideration, signed, Von Haniel."

DELEGATES DUE THIS MORNING. German Mueller, the new German Foreign Secretary, will head the German delegation to sign the Peace Treaty, La Liberté says. The Germans probably will arrive at Versailles Wednesday morning.

AND WHY NOT?

LONDON, June 24. Profound distrust of Germany is the predominant note in the London press comments on the German Government's decision to sign the Treaty of Peace. It is contended the Germans proved themselves treacherous throughout the war, the latest instance being the sinking of the last in Scapa Flow, and therefore it will be premature to celebrate peace until the Treaty is actually signed. Even, afterwards, it is said, the Allies must be continually on guard until the last penalty is paid.

SALVAGING GERMAN FLEET. Three German warships which their crews attempted to sink at Scapa Flow on Saturday have been beached, and the Baden is moored in readiness for beaching. It was announced officially to-day. There is every prospect of salvaging the ships in good condition if the necessary apparatus arrives before bad weather sets in. The ships beached are the cruisers Emden, Frankfurt and Nürnberg. Two destroyers are afloat and eighteen have been beached.

FOR CONSIDERATION. PARIS, June 24. The Council of Three has referred the question relative to the sinking of the German fleet in Scapa Flow to a commission of experts, which will determine whether the armistice conditions were violated.

GET SOMEONE ELSE. WEIMAR, June 24. Von Haimhausen, who was on Sunday designated as German representative to sign the Treaty of Peace, has telegraphed his resignation from Versailles, rather than attach his name to the instrument.

HOCK THE KAISER. LONDON, June 24. News of the German Government's agreement to sign the peace terms has resulted in patriotic demonstrations throughout Germany, the Exchange Telegraph's Copenhagen correspondent reports. In Berlin, Munich and other cities, the despatch news processions formed and marched along the principal streets, the participants singing war songs and cheering the generals of the Empire. The Officers' Association, it is added, has asked the Dutch Government not

to deliver the former Emperor to the Allies. In the telegram the Officers' Association said, "We can protect the Kaiser with our bodies, but we rely upon the generosity of the Dutch people."

ANOTHER COMMISSION.

PARIS, June 24. Word of the burning of certain French Battle Flags by the Germans has been received here. The Peace Conference opinion is inasmuch as the document stipulated that, the flags should be returned to France by Germany, it is probable that a commission will be appointed to consider taking action in the matter.

FOR AUSTRIA.

PARIS, June 24. Work on the Austrian Peace Treaty was resumed by the Three Council. The completion of the document to be presented to the Austrian delegates is desired as speedily as possible, and work on it is expected to be energetically pushed. In this process financial experts were called before the Council at to-day's session.

THE INTENTION IS OTHERWISE. ATLANTIC CITY, June 24. Vice Admiral Kerr was invited to fly his machine in a non-stop flight to here in a telegram sent him to-day by Albert Bell, President of the Aero Club of Atlantic City.

A CANADIAN GIFT.

LONDON, June 24. The Salvation Army has received from the Canadian military stores 700 tons of frozen fish, for distribution among the poor of London.

TURKISH PLEAS.

PARIS, June 24. The Turkish delegation which appeared before the Council of Ten on June 17 sent the Council to-day a detailed memorandum which it promised at that time to draft. This memorandum gave at length the plea for the continuance of the Turkish Empire, which was made orally before the Council at the hearing last week. The memorandum states that the Turkish Government is prepared to recognize the independence of Armenia and to grant some form of autonomous government to Palestine and Arabia under the Turkish Government.

"A PERJURED RACE."

PARIS, June 24. Viscount Gustav De Kerguelon, a member of the Naval Committee of the Chamber of Deputies, told the Budget Committee of the Chamber yesterday that he had warned the French Ministry of Marine previously that the German fleet interned in Scapa Flow was not being watched with sufficient care. The Budget Committee then decided to ask Premier Clemenceau for further information on the subject of the sinking of the ships and the step the French Government proposed to take to have the loss made good. Newspaper comment in some cases shows much bitterness over the acts of these whom the Figaro calls a "perjured race, with no respect for their pledged word." Some criticism is directed at the British Admiralty, the Journal saying no article in the armistice forbade the maintenance of British guards aboard the German ships. L'Ouvre says the fate of the German ships was that proposed for them by the British Government. Germany, says the Action Française, may one day, if we are not careful, scuttle the League of Nations as she scuttled the fleet. Premier Lloyd George and Sir Robert Cecil will be as much responsible that day as are now the authorities at Scapa Flow. It is likely that the whole subject will come up for discussion in Parliament.

GREEKS HOLDING THEIR OWN. PARIS, June 24. The Greek troops in Asia Minor are holding their own against superior Turkish forces, according to official Greek advices received here to-day. The Turks have entered Nassele, east of Esmir, which the Greeks evacuated Saturday in the face of superior attacks.

FOREST FIRES.

FERNIE, June 24. After fighting twenty-four hours, forest fires which threatened to sweep the town, were brought under control.

the town, the inhabitants of Natal, B.C., were removed from the town in a special train early Sunday while a volunteer fire corps under Chief McDougall extinguished flames after flames within the town itself until the fire in the immediate vicinity had spent itself.

CLEMENCEAU CONGRATULATED.

PARIS, June 24. Premier Clemenceau was congratulated on the result of the peace negotiations by his fellow Ministers at a meeting of the French Cabinet to-day. The acceptance of the Peace Treaty by Germany was discussed at the meeting which was presided over by President Poincaré. The cabinet also examined various political and parliamentary questions involved in the peace settlement.

TALKING MOCKERY.

PARIS, June 24. After expressing pleasure over the approaching signing of the Peace Treaty for the sake of humanity, France and Germany, L'Humanité, the official organ of the Socialist party, denounces the conditions of the treaty. "It is cynical and dangerous mockery," it says, "to give to what was called a war for right a conclusion of violence and iniquity. The nations, France above all, had believed in the grand promises with which the courage of the combatants was sustained for nearly five years. They believed especially in the words of President Wilson, who much more than Prussian imperialism, is the conqueror of to-day."

Archiepiscopal Visit.

It is expected that His Grace Archbishop Roche will visit Argentina next month. The various church buildings in that Parish are now being painted by Mr. Clem Murphy, who has five men employed at this work.

Prospero at Fogo.

Captain A. Kean of the Prospero, which had been ice bound at Fogo since Monday morning, sent the following message to the Ministry of Shipping last night:—"Still ice bound here; favorable wind blowing." The probabilities are that the Prospero has a favourable chance of getting clear and continuing her voyage.

Landlord Explains.

The owner of the house in the West End from which a family was evicted, news of which was given in this paper yesterday, has called at this office and made the statement that he used no cruelty whatsoever in evicting the family in question, and states that he had several times previous and at this particular time told the head of the family, a young man, to remove his belongings and leave. As he declined to do this, the owner of the house acted as he considered circumstances warranted.

"Neptune" Clear.

A message to Messrs. Job Bros. & Co. this morning from Capt. Joyce, of the Neptune, stated that she was clear of the ice and that the Thetis was towing her toward Blanc Sablon. This bit of intelligence will be more than welcome to those who have friends on the disabled ship.

Shipping Notes.

The s.s. Digby leaves Halifax to-day for this port. The schr. Stanley Slater, which had been detained here owing to ice conditions in the north, left last evening for Botwood, where she will load pulp and paper for South America. The s.s. Indian sailed yesterday for North Sydney, where she will load coal for Botwood. She will take a pilot from here on her return from North Sydney to pilot her to Botwood.

The s.s. Sachem is expected to leave Liverpool on Saturday for here. The s.s. Watuka, which landed a cargo of coal here, sailed yesterday for North Sydney, and will load coal again for this port. The Cabot left here yesterday for King's Cove to assist in towing the forest fire which threatened to sweep the town, were brought under control.

Open Letter

TO THE OFFICERS, W.O.M. N.C.O.'s AND MEN OF THE ROYAL NFD. REGIMENT AND ROYAL NAVAL RESERVE.

GENTLEMEN:—There is some misunderstanding in connection with the parade on Decoration Day, July 1st, and I have been asked by the Committee in charge to explain the purpose of the parade.

1st.—We want to make it clearly understood that this parade is not a celebration of any kind. It is a tribute from us as brother soldiers to those very gallant comrades who fell doing their duty—a tribute which we never had the opportunity of paying in France or Flanders.

Every Dominion has its Decoration Day. Australia and New Zealand keep Anzac Day, April 25th, the anniversary of the landing at Gallipoli, when so many brave men from these Dominions made the Supreme Sacrifice. South Africa remembers her fallen heroes on July 12th, the day the South African Brigade was cut to pieces in Delville Wood, just after the opening of the Battle of the Somme in 1916. Canada pays tribute to her gallant soldiers on Ypres day—a day which brings to the mind of all Canadians the sacrifices and hardships, the tortures, the agonies, the untold sufferings, but also the pluck, endurance and heroism that the word Ypres stands for in the annals of mankind. And it is our endeavour to make Newfoundlanders remember on July 1st, the men from this little rock-bound island, who gave their lives in Gallipoli, in Picardy, in Flanders and in the grey North Sea—men who won for our Regiment and Royal Naval Reserve a reputation equal to any in the Army or Navy of the Allies. And if we who know their sterling worth and what they have gone through do not pay them tribute on this day, how can we expect the general public to do so, and how can we expect the children of to-day and future generations to remember what they have done for Newfoundland and Empire?

The Parade is purely military. With the exception of the Brigades, none will be allowed in the parade except those who joined up. We fall in at the Rink (the wounded and cripples will be provided with motors), and march to the three city churches, after which we fall in the square in front of Synod Hall. From there we go to Government House and take our colours to a temporary monument in Bannerman Park. Here the Regiment placed three wreaths. All the city societies pay tribute in the same way, also the various schools. While the wreaths are being placed at the foot of the cross the bands play the "Dead March in Faur" and "The Lament," after which the usual volleys are fired and the last post sounded. The colours are replaced in Government House, and the parade dismissed about 12.30. The public are then at liberty to pay their floral tribute at the cross which will be erected in the Park for the occasion.

Hoping you will all give your heartiest co-operation to this, our first Decoration Day, I am,

Yours sincerely,
T. NANGLE, C.F.

Seaman Nearly Drowned

Yesterday evening, at six o'clock, Bowring Bros' North Side wharf was the exciting scene of what very nearly ended fatally for those concerned. Six nautical men, who had been celebrating the rumoured signing of the peace treaty, set out in a very small boat—which was never meant to hold more than two—to reach a schooner moored in the stream. When a few feet from the wharf the boat capsized, throwing the men into the water. The captain of a nearby vessel, seeing the accident, threw a rope to the struggling mariners, eventually succeeding in saving them all. One who had celebrated with, perhaps, the most enthusiasm, was nearly gone when rescued and will always regard the captain who threw the rope as his life savior. All's well, that ends well.

Commends Mr. Stone.

The following letter is one of many received by Hon. J. G. Stone, Minister of Marine and Fisheries, from his numerous friends and supporters in Catalina. For obvious reasons the signature of the writer is withheld:

Hon. J. G. Stone,
Minister Marine and Fisheries,
St. John's.

Dear Sir,—I take this opportunity to congratulate you on the honor conferred on you and hope you will long enjoy same. Don't mind what the Advocate says. Even people who take that paper don't swallow all the matter it contains. You are one of our own, and quite a whole lot of your friends here still think well of you. Don't reply to Coaker at all, but let him carry on his abuse. The more he says the better it will be for you here, as well as everywhere else in the country. The people of Catalina got more respect for you to-day than they will ever have for Coaker unless he alters his way a great deal more than he has since he came here. What has Coaker done anyway more than make trouble? "The true he has got a large premises built at Port Union but anybody could do that providing the fishermen would put up the money. I wonder how much would be built if he had to furnish the money himself. To give you a straightforward opinion, the only people here for the poor man, is Templeman, McCormack & Walsh and one or two others, because, Sir, when a poor man wishes to get supplies for the summer he must get it from the above firms. It is no use applying to Coaker, that's for sure, trusting that you will soon be down to see us, I am,

Yours faithfully,

The System is Poisoned.

By Failure of the Liver and Kidneys to Purify the Blood Relief Obtained by Use of Dr. Chase's Kidney-Liver Pills.

Too much eating of heavy, highly-seasoned foods and too little outdoor exercise are the most frequent causes. The liver is upset, becomes torpid and inactive, the bowels are constipated, the kidneys are overworked in an effort to get rid of the accumulating poisons and breakdown. Headache, backache, aching limbs sound a warning note, and when this is not heeded the natural development is rheumatism, lumbago, and painful and fatal forms of kidney disease.

To best overcome this condition Dr. Chase worked out in his private practice a prescription which has come to be known as Dr. Chase's Kidney-Liver Pills, because of their combined action on these interfering organs. No treatment has ever proven so successful in awakening the action of the kidneys, liver and bowels, and thereby cleansing the system of all impurities. For this reason Dr. Chase's Kidney-Liver Pills have a world-wide reputation as the most thorough cure for rheumatism, lumbago, chronic indigestion and constipation.

Mrs. Alex. Gordon, Walkerton, Ont., writes: "A few years ago I suffered from kidney and liver trouble, with pains in my back. I had heard of Dr. Chase's Kidney-Liver Pills being good for this, so I commenced taking them. I had only taken a couple of boxes when the trouble was all removed."

Mrs. M. Nickels, 192 Milton street, Sarnia, writes: "I have found Dr. Chase's Kidney-Liver Pills an excellent remedy. I suffered considerably with kidney trouble and backache, but after I had taken a few boxes of the Kidney-Liver Pills they gave me relief. Since then, which was about five years ago, I keep them in my house and use them whenever I feel the need of them."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, E. Edmondson, Bates & Co., Limited, Toronto. Substitute will only disappoint. Insist on getting what you ask for.

The Explanation.

Norway has made a contract to deliver to Germany seven hundred thousand barrels of herring within four months. This helps to explain Norway's unwillingness to recognize a renewal of the blockade. But the odds are she will not try to deliver the herring in face of an Allied prohibition, or at any rate not unless she is paid in advance.—Vancouver Sun.
