N.S.C. MEET TONIGHT.

Members of the National Sports Committee are reminded of the meeting which takes place tonight at the home of W. J. Higgins at 230 to discuss arrangements for the A.A.A. championships to be held at St. George's Field on next Wednesday afternoon.

HAYWARD WINNING TROPHY

The magnificent silver cup presented by Mr. C. H. Hayward of Grand Falls to the A.A.A. is now in town and will be competed for at next Wednesday's sports. It is likely that the trophy will be offered for the victor of the 100 yds. race.

BASEBALL.

To understand that owing to the financial straits the Baseball League has now definitely decided to suspend the team to Grand Falls to compete in the later town games. This is to be regretted not only for the sake of the game but in view of the fact that many of the boys who had been playing all summer were looking forward to a trip there, which has always been so enjoyable.

THE HIGHLAND GAMES.

It would have thought that the Highland Games yesterday would have attracted many from attending. Apparently this was not so for by the grandstand at St. George's Field was thronged, while around the field the crowd stood, two and three deep. The weather cleared and was beautiful until about 4.30 when sun-shower showers drove the crowd from the field. The result was that the various items had to be postponed. At the request of the Committee, the games were included in the A.A.A. Championship Meet on next Wednesday afternoon. Tossing the hammer, the Empire League Sixes between Newfoundland and England. The games were under the distinguished patronage of his Worship, Mayor James, whose good lady presented the prizes to the various winners. A feature of the programme was that all the winners in the track events were clapped so as to give the com-

ers-on a chance. This, we understand was promoted by Dr. John Grive, himself a runner of note, and was done with the object of beginners as well as being an incentive for the champions to show their real worth. The various events were largely contested. In fact it was the largest and most diversified sports card ever held here and there was not a dull moment from start to finish, and to Messrs. L. Calvert, J. W. Morris, D. McIntosh, and Eric Spry who formed the programme. The first event was the hundred yards. Tommy Butler was handicapped five yards, which we feel was too generous a margin for such a short distance. It was won by Halley in 10 1/2 seconds, who breathed the tape just ahead of Tommy, with another Butler (a Bell Island entry) a good third. Jimmy Herder was fourth. In the Empire relay race, England was represented by Jerrett, Burridge and Martin; Scotland by Duckworth, Knowling, and Hopkins; and Newfoundland by Quick, Payne, and Purcell. The English team was the victor, with Scotland second, and Terra Nova third. Butler was again handicapped 5 yards in the 220 against Albert Martin and Halley. The corner flag was secured by Martin but at the second one Halley fell. This event was won by Martin in 28 1/2 seconds, who had a couple of yards to the good on Butler. The Broad Jump was won by Karl Traynell with a distance of 16 feet 5 ins. Tommy Payne finished second of the contestants. The Obstacle Race was most ludicrous. First of all the entrants had to walk a greasy pole, then crawl under a closely pegged net, do the loop-de-loop through a hoop, and then roll it to the tape. It turned out that the first shall be last and the last shall be first, for in their anxiety to traverse the greasy pole at great speed, the only ones left victims to their endeavor and had to line up all over again. It was finally won by Halley, with Duckworth second. Most vivacious was the exhibition of the Highland Fling and Sword Dance by Miss Wallace to the strains of Piper Irving. Her dancing was most vociferously applauded and this talented young lady generously responded to encours. Mr. J. Power also gave a brilliant exhibition of stepdancing.

the music for which was played by the G.L.B. orchestra and an encore was also demanded. St. Bon's, Presbyterian, and Methodist Colleges, and St. Patrick's Hall were represented in the School Relay Race for boys under 15. O'Connor Lynch for St. Bon's started off and secured a generous lead, which his teammates Ellis and Sullivan easily maintained. A handsome silver cup, presented by Hon. Dr. Campbell was the trophy for this event. Mr. Paddy Morrissey and his husky crew of 'longshoremen, principally recruited from Harvey's premises proved to be too strong for Inspector Littlejohn's truckmen in the tug-of-war and won their two pulls quite easily. It was refreshing indeed to see no cleats used, so that the tug was really an exhibition of strength and skill. The cup which they won is well understood being presented to the L.S.P.U. and will be the first trophy to adorn their new rooms since the previous ones were destroyed in the disastrous fire which occurred last winter. Martin and Skirling were obliged to relinquish 15 yards in the Quarter Mile to Don Pelley and Bailey. At the end of the first lap Martin had pulled down the handicap and finished ten yards ahead of Skirling. The time was 57 1/2 seconds. The Empire League Sixes were quite exciting. England and Scotland first tried conclusions. The former were represented by Chate, Martin, Burridge, Jerrett, Drover and Tait; Scotland, Elton, Duckworth, McNeil, Elton and Hopkins, were the colors of the land of the Thistle. In the first half, on a pretty pass from Chate, Jerrett scored a beautiful wing shot. This was the only scoring done. The second clash was between Ireland and Newfoundland. The natives were Purcell, Quick, Hart, Thistle, Duggan, and Payne; while Galtway, Phelan, and Hally, Constantine, and Maddell, upheld the honours of Dark Rosaleen. In the first period by dint of combined play the two Quicks got the ball in the mouth of the goal, and Charl scored on Galtway. The second period opened briskly and good play ensued for some minutes, when Phelan broke away and shot. Caul rushed Terra Nova goal and banged the spheroid in. On the playoff a corner was secured against Barney Hart, thus giving victory to Ireland. The final could not be played owing to the rain, but the fans will have the opportunity of seeing the best international game on next Wednesday afternoon at the A.A.A. Championship Meet when Ireland will face England for the medals. Fourteen competitors started in the mile including a great number of Juniors. The champion Skirling was handicapped 100 yards and Thorburn and Bailey 50. Then another batch of experienced ones was handicapped 25 yards over beginners of whom there were six. At the completion of the first lap Thorburn was second with Skirling fourth. At the finish of the second Skirling passed Thorburn, but in the third the latter spurred and the finish found them running a great race neck and neck. Thorburn weakened however in the fourth and let Stone (who seems to be a real corner) into second place. The fifth

THE TELEGRAM ROAD TROPHY.

Intending competitors are reminded that the early entrants will obtain places in the first line of starters on next Wednesday. Commencing near the Octagon the course will be over the Topsall Road, Cornwall Ave., Le Marchant Road, Parade Street, finishing with three rounds of St. George's Field. The same capable committee who so successfully managed the G.W.A. Road Race have been asked to conduct Wednesday's classic so that the runners are assured of every care and precaution against accidents. Entries are being received at the "Telegram" Office daily, between 9 a.m. and 6 p.m.

WANTS LONG KICK.

Editor "Realms of Sport." Dear Sir.—Now that the A.A.A. have decided to run another championship sports I should like to request through your columns that the Walking Match instead of being confined to a 1 mile contest on turf should be extended to 5 miles on the road with a finish at St. George's Field. This would then be a real test of endurance rather than the freak walk around St. George's Field. I make this suggestion feeling sure that not only would it be more popular with the walkers but with the general public as well. Thanking you for space. Yours sincerely, W. H.

ENTRIES COMING IN.

1st. Tommy Furlong of Newton Road who made such a plucky third in the G.W.A. Road Race is the first entry in the "Telegram" Road Race to be run Wednesday. He has been in active training for this big event and his many friends are quite optimistic of his securing one of the handsome gold medals offered for the first three contestants to finish the course. 3rd. The third entry is W. Dodd of Boncloddy St. "Daddy" has been consistently training, and the time made by him on Tuesday night over the course warrants the belief that he will be among the winners.

"When We Were Twenty-One."

A TIMELY PICTURE.

HOLLAY SHOW ENJOYED AT THE NICKEL THEATRE.

In "When We Were Twenty-One," the Jesse D. Hampton-Pathe feature starring J. B. Warner at the Nickel Theatre last night, another fool made his prayer to "a rag, a bone and a bank of hair," and called her his lady fair. Adapted from H. V. Edmond's play, made famous by Nat. Goodwin, and

Maxine Elliott, "When We Were Twenty-One" presents Mr. Warner in the role of the guardian of a young man who is going through his "wild oats period."

With the desire of those who possess the wisdom of experience the older man wished to shield the younger man from the hard knocks his follies had in store for him. No sacrifice was too great for him to make for the boy left in his care by a friend. The youth is played by James W. Morrison and Claire Anderson, one of the screen's prettiest leading ladies is the girl whose goodness is unappreciated by the boy, but fully realized by the other man.

who considered himself out of the running. Christine Mayo, one of film-dom's most popular vampire actresses, plays the siren role. The picture is directed by Henry King. If you did not see this picture last night, be sure and do so to-night.

TEAWLERS IN PORT: The French trawlers "Cap Faguet" and "Elisabeth Marie" arrived in port yesterday and will load coal at Harvey's. Both are from St. Pierre and after replenishing their bunkers, will return to the banks. Other trawlers are expected here soon for coal.

Matter of Looks.

A homely young chap, having his view obstructed by the headgear of the girl in front of him, ventured to protest. "See here, miss," he said, leaning over, "I want to look as well as you." "Oh, do yer!" she replied, in a rich Cockney accent. "Then you'd better run 'ome and change yer face!" London Mail.
