WEEKLY REVIEW.

LONDON, Wednesday, June 10.

Since our last weekly review the amount of trade done in wheat in this market has been light, partly owing to small receipts and partly owing to disinclination on the part of millers to pay over \$1 per bushel, giving as their reason the difficulty in selling flour. Eastern Province men are not buying, and claim they will not until prices are lower. Prices in this market have bowered & per bushel and & per 100 ths. Closing values were \$1 per bushel and \$16 to \$16 per 100 lbs.

Oats opened easier at \$136 to \$137; the demand was good; receipts dropped of on Monlay and Tuesday, and prices ran up 3c to to ber 100 lbs and closed steady at the advance.

Peas offered very sparingly, and are taken at \$120 to \$125; the demand is only moderate.

Corn was scarce; dry feeding samples sold at \$140.

Barley, culet: there is a steady demand for
