### ORANGEMEN AT WALLACEBURG.

Wallaceburg, July 15.—Wallaceburg celebrated the 12th of July in an enthusiastic manner. About eighteen Orangers lent their aid in making it a gala day. The town was tastefully decorated with flags and bunting, and fully three thousand people were present. At two o'clock the procession formed at the fair grounds and marched through the principal streets to McGee's Grove. Rev. Charles Chubb was the first speaker. He welcomed the Orangers, and also read an address from Mayor Steinhoff, who was unable to be present. Short addresses were then made by Messrs. Currie, Buggin, Haycock, Corbett and Farmer. The speeches were all well received. The proceedings were interspersed with music from the different bands present, and the celebration was successful in every particular.

### THE BARNES MURDER.

Smith's Falls, Ont., July 15.—The adjourned inquest in the Barnes murder case was resumed yesterday, and as no further light has been revealed, it was decided, on consultation with the county attorney, to close the matter. The jury, before dismissal, rendered the following verdict: "That the deceased, Thomas Barnes, came to his death by a pistol shot at the hands of some person or persons unknown." This concludes the case for the present.

In France they call her "la type-writuse"—but by any name whatever she is just as sweet.

### LAKE SHORE.

Lake Shore, Boscawen, July 14.—Mrs. Hugh Johnson and her daughter Jane, of Detroit, are visiting at B. Johnson's, near Lake Shore.

Miss Maud Johnson, of Detroit, is doing well writing for the press. Some of her stories have been copied in the leading New York papers. She writes for the Boston Globe, and for the Detroit Journal, Detroit News, and Detroit Free Press.

Rev. Mr. McFayden, a Presbyterian minister, preached in the Congregational Church, Lake Shore, on Sunday, 12th inst. The service was only announced at Sunday school in the morning, so in the evening there was a small congregation, but those present were well pleased, and Mr. McFayden is to preach again next Sunday morning.

Miss Hannah Bessette is visiting at Petrolia.

The Methodist picnic at Lake Valley Grove on the 8th inst. realized \$23, and went off pleasantly. The proceeds will be used for the organ debt.

Very little rain has fallen here during May, June, and so far in July.

### KILWORTH.

Kilworth, July 14.—Most of the farmers have their wheat safe in their barns. It is a good crop. Oats which had no control over one side of his mouth. In this condition he went to Winnipeg and entered the service of the Hudson's Bay Company. Shortly after this he was taken with epileptic fits and went to the General Hospital.

He consented to undergo an operation, and nine weeks ago his head was shaved, his scalp entirely removed, and his head, and his skull was sawn through. Then the doctors went right into the brain and removed several pieces of dead matter, finally closing up the skull and the scalp.

Robb is recovering, and he is now being visited by many outside physicians. He has used it for a throat trouble with the best results. Acting on this advice, I procured the medicine, and less than a half bottle cured me. I certainly believed it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the use of any remedy to do me any good.

It requires a good deal of faith to doubt.

### NO ONE SAVED.

Loss of a British Ship With All on Board.

London, July 15.—The British ship Curfew, from Dundee, has been lost in the Red Sea with all on board.

### ANOTHER TICKET.

"No Compromise with Dishonor," Declares the Veteran Democratic Editor.

Louisville, July 15.—The following cablegram has been received by W. D. Haldeman, president of the Courier-Journal Company:

"Geneva, Switzerland, July 13. 'Walter Haldeman, Louisville, Ky.: Another ticket our only hope. No compromise with dishonor. Stand firm.'"

### LIFE SAVED.

Mr. James Bryson Cameron, of St. John's, was confined to his bed with inflammation of the lungs, and was given up by physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice, I procured the medicine, and less than a half bottle cured me. I certainly believed it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the use of any remedy to do me any good.

It requires a good deal of faith to doubt.

The bulk of the fall wheat is cut and

secured in good dry condition in this vicinity.

Mr. R. J. Robinson and Joseph Siddall shipped last night a carload of cattle and hogs to Toronto market.

The flax pulling commenced today. The village has a quiet appearance—not a boy to be seen on the street.

Mr. Daniel Shoff, of Chandebye, licensor, inspector, paid a flying visit to the village yesterday. His business is unknown.

### Regardless of Riches.

One of New York's Railway Kings Laid Low.

Worry About His Son's Marriage Prostrates Cornelius Vanderbilt.

New York, July 15.—The World today says: Cornelius Vanderbilt, sen., came to town from Newport on Monday to see his son and to take him back to Newport if his condition permitted. He found his son convalescing, but suddenly became very ill himself. At the Vanderbilt mansion everyone is reticent as to the nature of Mr. Vanderbilt's illness, though it is believed to be a slight attack of paralysis, caused by worry over his son's proposed marriage to Miss Wilson. So ill was he yesterday that Cornelius Vanderbilt, jun., did not go out at all, but remained with his father. Mrs. Vanderbilt and her daughter, who are at the Breakers, are expected in town today. It is feared that his son's intention to marry with or without his consent, and the house, and will be much that it has brought on the paralytic stroke.

Young Mr. Vanderbilt drove in Central Park with his wife, Mrs. Wilson, for the first time since the attack of inflammatory rheumatism compelled him to put off his marriage. Though still very weak, he is able to be about the house, and will be with his father until he is out of danger. The marriage, which it was expected, would take place this week, will be postponed until his father's health is restored.

### Ontario's New Cabinet.

The New Premier of the Province Takes the Oath of Office.

Toronto, July 15.—Hon. A. S. Hardy is now Premier of Ontario, nominally and virtually. Yesterday Sir Oliver Mowat sent his resignation from Ottawa, and recommended that his colleague, who has stood by him so faithfully for 22 years, be called to the Premiership. The Lieutenant-Governor summoned Mr. Hardy yesterday, and arrangements were made for the formal swearing-in, to take place at 3 o'clock yesterday afternoon, in the council chamber.

The new Cabinet will likely be composed of the following:

Premier and Attorney-General—Hon. A. S. Hardy.

Commissioner of Crown Lands—Hon. J. M. Gibson.

Provincial Secretary—Hon. W. D. Balfour.

Provincial Treasurer—Hon. Richard Harcourt.

Minister of Agriculture—Hon. John Drenth.

Minister of Education—Hon. George W. Ross.

Minister of Public Works—Hon. Wm. Hardy.

Minister without portfolio—Hon. E. R. Bronson.

### MARVELOUS OPERATION.

Part of a Boy's Brain Removed—Cured a Year After Being Injured.

Toronto, July 15.—A Toronto boy has just passed through one of the most marvelous operations of modern medical science in the Department of Justice, Trade and Commerce, Postoffice and Customs, in addition to the office of Secretary of State. Quebec has been content with two important departments and two minor ones.

The Ottawa correspondent of the Toronto World says: "One of the coolest men around Ottawa during the past few days has been Jim Sutherland. The chief Ministerial whip has had as much to do in the formation of the Government as any other man except the Premier. Jim is a devoted follower of Hon. William Laidlaw. It is said he is not in politics for what can be made out of the game; he is there from conviction. And when Mr. Laurier offered him a portfolio, Jim magnanimously declined it, and suggested to his chief to look elsewhere."

### AN ALARMING INCREASE.

The Prevalence of Female Complaints Found to Result Largely from the Kidneys.

Saginaw, Mich., July 13.—Doctors are beginning to turn their attention more exclusively to the causes for the great increase of what are known as female complaints during the past few years, and to the remedies for the same. Many cases have been investigated, and among others that of Mrs. Reany, of Ashland, Wis., who was cured of this form of trouble by the use of a kidney medicine known as Dodd's Kidney Pills, which originated in Canada, but has been used throughout the Western States. This and other similar cases go to show that these troubles are largely due to the kidneys, and that the above-mentioned remedy is likely to have a great effect in lessening the number of victims to this form of complaint.

## Late Ottawa News

### More Irregularities by Returning Officers.

### Lieut.-Col. Aylmer to Get a Deserved Promotion.

### Interesting Points Regarding the Distribution of Portfolios.

Ottawa, July 15.—The Clerk of the Crown in Chancery reports that there are some 30 returns of members elected which he has not yet received. The writs were made returnable on July 13.

It is expected that Lieut.-Col. Aylmer, assistant adjutant-general (formerly of London), will shortly be appointed adjutant-general, to succeed Col. Powell. The position has been vacant since New Year's. Col. Aylmer is a brother of the Liberal candidate who ran against Mr. Ives in Sherbrooke.

The average age of the Cabinet Ministers is 55-2 years. Sir Oliver is the oldest, being 72. Hon. Mr. Scott is 71; eight of the Ministers are under 54; Hon. Mr. Laurier is 55.

It is noticeable that of the four Cabinet portfolios assigned to Quebec two have been given to Protestants. In the Thompson Ministry there were six Catholics in the Cabinet, and five in the Tupper Ministry. There are only two in the Laurier Cabinet out of a total of sixteen.

The following table shows the number of Cabinet portfolios held by Ontario and Quebec in each of the several Ministries since Confederation:

Ontario, Quebec.		
1—Macdonald, 1867	4	4
2—Mackenzie, 1874	4	4
3—Macdonald, 1878	5	4
4—Abbott, 1891	3	4
5—Tupper, 1892	3	4
6—Bowell, 1894	3	4
7—Tupper, 1896	3	4
8—Laurier, 1896	5	4

If the Controllers and Solicitor-General are counted, though they were not of the Cabinet proper, the figures would stand as follows:

Ontario, Quebec.		
Thompson	5	5
Bowell	5	5
Tupper	4	4
Laurier	5	4

None of the above figures include Ministers without portfolios, and consequently without salary, without departments, and without patronage. They show that of salaried men with departments and patronage Ontario has been given more than in the Tupper Cabinet and more than this, these figures, taken from the official records, show that for the first time since 1878, when Sir John Macdonald gave Ontario five portfolios, has Ontario received the same number. No Premier has treated Ontario so generously since the time of Sir John Macdonald as has Mr. Laurier. He has not degraded the Ontario Ministers to the rank of Controllers. The critics who are straining for points to make against Mr. Laurier say that it is a great pity Ontario has no great spending department. Whether it should be a railway or not, Ontario has, as a matter of fact, the department presided over by Mr. Mulock, of Toronto, spends more than all the four departments combined which are assigned to Quebec. The figures in the public accounts for 1895 show that the total expenditure under the control of the department assigned to Ontario was \$5,750,000, and that of the departments allotted to Quebec \$3,521,000. Therefore, as the premier Province, has the largest number of first-class Cabinet portfolios since 1878, and is given the most important Departments of Justice, Trade and Commerce, Postoffice and Customs, in addition to the office of Secretary of State. Quebec has been content with two important departments and two minor ones.

The Ottawa correspondent of the Toronto World says: "One of the coolest men around Ottawa during the past few days has been Jim Sutherland. The chief Ministerial whip has had as much to do in the formation of the Government as any other man except the Premier. Jim is a devoted follower of Hon. William Laidlaw. It is said he is not in politics for what can be made out of the game; he is there from conviction. And when Mr. Laurier offered him a portfolio, Jim magnanimously declined it, and suggested to his chief to look elsewhere."

## Bicycle Economy

Maybe you think it is economy to buy at a lower price a machine said to be "just as good" as the famous American Columbia. But is it economy? Think of the wealth of wisdom and experience accumulated during 18 years of building good bicycles, that comes to you for the \$110 you pay for!

STANDARD OF THE WORLD

A bicycle is no stronger than its weakest part, and although some bicycles said to be "just as good" may have a few Columbia equipments it is not a Columbia unless it is a Columbia all the way through. Then it will have the famous Columbia nameplate as "hall mark."

Columbia Art Catalogue, telling fully of all Columbias, and of Hartford Bicycles, trustworthy machines of lower price, is free from any Columbia agent; by mail for two 2-cent stamps.

POPE MFG. CO., Hartford, Conn.

We appoint but one selling agent in a town, and do not sell to jobbers or middlemen. If Columbia is not properly represented in your vicinity, let us know.

Dyspeptics who despair of a cure try Manley's Celery-Nerve Compound. It never fails.

Gentlemen: As a cure for dyspepsia I don't think Manley's Celery-Nerve Compound can be beaten. I suffered greatly with this trouble for a long time, and after trying numerous remedies, but without success, I took your Compound, and it has made me thoroughly better. My wife also
