BASEBALL.

GUELPH VS. HAMILTON. Guelph, Ont., July 31.-The Hamilton-Guelph game here yesterday was called in the sixth on account of rain. Doty, the Leaf's new pitcher, was put in the box. He pitched a good game, and was only hit safely in the third uning, when Hamilton scored their 

Doty and Roberts

PHELPS QUITS. Umpire Phelps, the first official who has given perfect satisfaction in the Canadian League, has quit the game, after one week's good work. In a letter tendering his resignation, Phelps says that while a game was in progress he was publicly accused by one Roberts, of Guelph, of "boozing." After the game, Roberts, Phelps says, repeated the accusation. Phelps is in a posi-tion where he does not have to umpire, and he will not work where he cannot get along without having trouble with the players. Roberts is the sort of a man who seems to thrive on making. he had said to Phelps, and that gentleman went back to Buffalo this morning Phelps' action is perhaps hasty. He may be a little "thin-skinned," but the base- has done so. ball patrons who have seen his work and who know Roberts will have a good deal of sympathy for him.—Ham-

QUOITING.

The quoiting match between R. Kirkvood, Banknock, champion of Scotland, and T. Bone Glenbuck, for the chamdonship and £70, took place on the Bridgeton quoiting ground, Glasgow, on the 10th inst., before 1,000 people. Both played well, and at the close the score stood thus: Kirkwood, 61 shots; Bone, 50. Kirkwood has been the most suc-cessful quoiter that has appeared in Scotland for eighteen years, this being his fourth win in succession for stakes amounting to £430.

In measuring the distance of a quoit from the pin, Scottish style, the rule is to measure from the center of the pin to the nearest part of the quoit. It is not proper to step past the pin when throwing the quoit, nor is this likely to be done by a player, although in some instances a player's delivery may be such as to lead to the belief that he

The Union Label Matter Before the Committee and Filed - Applications for Ramission-A Novel Scheme to Advertise the City.

The finance committee of the city council last night opened tenders for the city advertising, printing and bookbinding, but they were referred to the city treasurer and Ald. Rumball to tabulate before being presented to the council. There were six for printing and three for book-binding.

A STRENUOUS KICK. Mr. George McCormick and many others petitioned against the excessive frontage rate being charged on Dufferin The communication stated that Dufferin avenue being in bad con dition and little, if any, work having been done on it for years, an effort was made in 1895 to pave it from Richmond to Adelaide streets, but a peti-Mr. W. M. Spencer presented a petition to have the road macadamized from Waterloo to Wellington streets, at a cost not to exceed 10 cents per foot for ten years, which was the cost given engineer, as per his letter o June 13, 1897, as follows: "The estimat ed cost for macadam road, say 45 feet wide, with broken stone and curbed with cedar or pine, 3 inches, would be about 10 cents per foot for ten years. I inclose petition for signatures." The communication went on to say that Ald. Parnell, chairman of No. 2 comnittee, as well as the engineer, strong y advised the paving of a single block f macadam, to show the class of road, and also to prove how well and cheap-ly it could be done. Ald. Parnell had said the engineer's estimate was high,

and that it would not cost over 8 cents per foot frontage. Ald. Cooper had corborated this, and promised the greatst care and economy. Signatures were We are now," says the document, called upon to pay over 16 cents per foot, and claim it is not just, especially as the block west of us—Wellington to Park avenue—has had about as much spent on it from the general fund, part of the work being done last year at the same time that our block was done, and part of it this spring. We wish to call your attention to the manner in which the work was done, being day work. Great trouble was experienced in getting competent men; great delays occurred in getting curbing and stone; the stone crusher broke and a new machine had to be got. The work was not completed until late in the fall. Mr. Parnell, Mr. Cooper and men, teams, etc., and, no doubt, all the trouble and extra expense gave your No. 2 committee a vast amount of experience, for which we respectfully

maintain the city should pay. Asking your honorable body to have the mat-AT CLEVELAND.

> Ald. Winnett-I guess the extra cost comes in the day labor.
> Ald. Douglass—It's no use talking. Day labor cannot be done as cheaply as contract labor, because then the men have to work, and when working

Ald. Gerry-If the men can't do a decent day's work they should be fired out of it. That's what I'd do with The matter was laid over until the cost of some of the work of macadam-

izing roads at present being done can be ascertained. Second race, % mile—Orio, 8 to 5 and to 5, 1; Green Jacket, place out, 2; Canadian high commissioner in England, for views of the city, to be used in connection with lectures on Canada.

THE UNION LABEL

Thomas C. Howell, on behalf of the Printers' Union, and Charles Buskard on behalf of the Bricklayers' and Masons' Union, petitioned the committee to recommend to the council that all city work be done by union offices and bear the union label. In this connection a letter was read from T. C. Thornhill and J. T. Marks, of the Industrial Brotherhood of Canada. Ald. Rumball said as all the tenders were now in, and no stipulation existing governing this, the matter would have to lay over. If they considered the petition, it meant throwing out some tenders which possibly might be much lower than the union offices. He thought the unions should deal with the matter in better time next year. Ald. Nutkins—I think they are suffi-ciently protected when union wages

RAILWAY RUMBLINGS.

Changes Announced by the G. T. R A Colossal Depot.

The cash receipts in the C. P. R. land department, at Winnipeg, last week aggregated \$10,000. The C. P. R. short line between Ottawa and Montreal has been located to within three miles of the former city. The railway will be completed this fall. A circular has been issued by the G. T. R. announcing that after Aug. 1, John Pullen, district freight agent at Stratford, will become division freight agent, with headquarters at Hamilton having control of that portion of the middle division south of the main line, between Weston and Point Edward including the northern portion between Stewarton and Hamilton. Mr. Frank J. Watson has been appointed division

freight agent with headquarters at Stratford, having charge of that por-tion between Weston and Point Edward inclusive. Paddington, one of the great stations of London, covers 9 acres, with a station yard of 16 acres. There are, on an average, 14,000 passengers, exclusive of "suburbans," daily during the winter months, and about 45,000 during the river season. Last year, during the river season. Last year, says the London Daily Mail, 250 trains steamed out of Paddington daily, although the number ran as high as 450 in August, and although 1,386,934 were booked out of Paddington. Two hundred and thirty thousand four hundred and eighty-seven horses and dogs were carried during the year, and 25 tons of newspapers, 3,000 mail bags, and 5,000 milk cans are handled daily Then 5,000 cabs left Paddington every day during 1896, which would make a procession well over ten miles long And lastly there are 2,100 employes who regard Paddington as their official home and industrial headquarters.

### NEW YORK POLICE METHODS

Distasteful to Commissioner Grant's Sense of Honor and He Resigns a Fat Berth.

New York, July 30 .- Col. Fred Gran gave out a statement, in part, as "I have forwarded to May Strong my resignation as police comissioner. I will not recede one st by acquiescence in the methods of ob-taining evidence against disorderly houses, which the majority of th poard favor and have decided upon. believe firmly that the methods mu eventually make sneaks and liars of men, who, to be proper guardians the life and property of our citizen should be trained to be only what i honorable and upright. Believing thi I placed before the board of police of July 23, the resolution which my thre colleagues voted down on July 28. will not approve bills for services policemen when these bills tell plain of degradation and debasement, an give such a disgusting array of de-tails as to prove that the existing system should be made impossible. My colleagues say that the present method of gaining evidence have always been used. That is true, and the result has been much corruption on the force. Commissioner Moss says that there i blackmailing going on now by officers in citizens' clothes. This indicates no abatement of evils. These present methods, therefore, must be deemed ineffective, and I believe that a change should be made and more decent met ods adopted. I decline to be a memb neither will I remain as a dissenti

### THE X-RAYS

Used in Dentistry - A Young Woman

Badly Burned, New York, July 31 .- So as to better diagnose the dental trouble of which Miss Josie Macdonald, of No. 9 West Forty-Fifth street, complained, Drs. Nelson T. Shields and George F. Jermignan, a month ago decided to have sult of the exposure to the strong and now suffering from burns. A fe skin on the young woman's face, neck, shoulders, left arm and breast became blistered, and finally peeled off. One ear swelled to three times its natural size, and, it is said, there has been no
