LONDON AND ENVIRONS.

A full meeting of St. Andrew's Society
concert committee is expected at Ald. J.
W. Jones' rooms to-night (Saturday), at 8
p.m. sharp.

Alderman Coe, of London, was acting
as stenographer for the church commission,
which met here on Tuesday. (Amherst-
burg Echo.)

H. A. Beattie, late of Messrs. Mer-
edith, Fisher & Beattie, barristers, etc.,
city, has severed his connection with that
firm and opened an office at 87½ Dundas
street.

Application will be made at the next
session of the Ontario Legislature by Henry
A. Everett, Edward W. Moore, T. H.
Smalman, Greene, Pack, and S. E. Brock,
for an act to incorporate the London and
Springbank Electric Railway Company
with power to construct and operate an
electric railway from a point in or near the
city of London to a point on the River
Thames, near Springbank, and to construct
a bridge over said river at or near Spring-
bank, and for power to expropriate and for
the purpose of the railway, and for powers
incidental thereto, and with power to
acquire, own, erect and manage an hotel
and recreation grounds at or near Spring-
bank.

The Masonic finance committee, com-
posed of representatives of the different
city lodges, has organized for the year by
electing W. A. O. Jeffrey as chairman
and V. W. Bro. M. D. Dawson as secretary.
The committee has decided to refer the
matter of allowing St. George's Royal Arch
Chapter to occupy the blue room, as a
tenant, to the lodges for their approval.
The sum offered by the chapter is \$50, but
it seems probable that the lodges will ask
that the chapter pay pro rata rent with
them. V. Bro. Simmonds, of Corinthian
Lodge, No. 330, has postponed the regular
communication of that lodge for a week, in
order to permit the brethren to participate
in the reception to the grand master on
Tuesday night next.

"Said Pasha" To-Night.

The California Opera Company repeated
the comic opera "Girofle-Girofla" at the
Grand last night in a very capable manner.
This afternoon the beautiful "Bohemian
Girl" will be given again, and the en-
gagement ends to-night with "Said Pasha,"
a refreshing mixture of melody and mirth.

The approaching engagement in this city
on Monday evening, Feb. 12, at the Grand
Opera House, of Messrs. Barnabe, Karl &
MacDonald's Robin Hood Opera Company,
will present this admirable coterie of
artists in the greatest comic opera success
of recent times, "Robin Hood," by Messrs.
Smith and De Koven, who have established
themselves as the leading writers of light
opera in this country, and who have been
called the Gilbert and Sullivan of America.
"Robin Hood" was played by the Bos-
tonians for five months in New York city
along with a year, and it is on record
that throughout that time there was not a
week in which people were not turned
away from the box office of the Garden
Theater, unable to obtain seats. No other
light opera of American authorship has
anything like such a record.

The Toronto Globe of Jan. 30 says: Those
who braved the storm last night were amply
rewarded. The attraction, the famous
Canadian actress, Miss Ida Van Cortlandt,
supported by Tavernier's Stock Company.
The play, with which the engagement was
opened, was a comedy entitled "The Black-
smith's Daughter," which has many bright
passages and strong dramatic situations.
Miss Van Cortlandt made a favorable im-
pression upon the audience by her clever
interpretation of the leading role, and the
subordinate parts were all well taken. In-
cidental to the play some clever specialties
were introduced by Mr. L. A. Warner,
by the L. V. C. Quartet, Mr. B. Streeter
and by a wee girl designated on the bill as
Little Pansy, who scored a decided hit
by her singing and dancing. "The Black-
smith's Daughter" will be the opening bill
for Monday night. The repertoire of the
company this season is entirely new.

In the absence of university extension
lectures, the enterprising "Y's" have made
arrangements for a series of lectures. The

varied and interesting character of the
course.

There are plenty of people who look all

sure they don't come back here just to do
us a favor. They come back from
selfish reasons. They come because they

prices are the money. W. D. WILLIS &

ECONOMY IN MANAGEMENT

Must Be Adopted in City
Affairs.

Such is the Dictum of the L. E. E. F. O.
A.—Large and Enthusiastic Meeting
—Retrenchment and Economy of
Watchwords—Salaries and Officials
Should Both Be Reduced.

The city's financial expenditures, espe-
cially as regards the salary list, was the
subject of an animated discussion at a
meeting of the Real Estate Owners' Asso-
ciation last evening. The attendance of
members was good, several aldermen being
present. Mr. George Hiscox occupied the
chair.

The question of retrenchment and
economy arose out of the reading of a
report which did not averse from this one
principle. The general feeling of the meet-
ing seemed to be that the city officials
received much too liberal remuneration.
While most of the mechanical workers only
received about \$400 a year on an average,
with at best a precarious employment, the
average city hall worker was sitting
around, doing nothing in proportion to the
emoluments given, smoking good cigars.
The first clause of the report protested
against any additions being made to sal-
aries, the chief reason assigned being that
of the general depression in business.

The second clause recommended that all
city officials receiving over \$500 and up to
\$1,000 should be reduced 10 per cent.;
from \$1,000 to \$1,500, 15 per cent.; and
over \$1,500, 20 per cent. Several of those
present objected to such a sweeping declara-
tion, and held that some discrimination
should be made. The fact that some
officials were overpaid afforded no criterion
that this was uniformly the case. Some
of the salaries, Ald. Parnell pointed out,
should be raised and others lessened.

Mr. John Campbell thought that there
were no salaries over \$500 that could not
bear reduction. He knew officials who
were doing almost nothing for their pay.
"The fact is," he remarked, emphatically,
"there are too many bummers connected
with the city departments."

Ald. Thomas Jones was averse to rash
reduction. If a man was worth his salary
he should get it. He was certain that lots
of officials earned every cent they got, and
the pay of these should not be reduced.

Ald. Parnell said he was going to move
in the council that No. 1 committee be
asked to look into the matter of salary re-
duction, and report back just to what ex-
tent this could reasonably be done.

Mr. Campbell thought too much false
delicacy existed in regard to reducing the
salaries of those who did not earn them.
There were many civic officials to his
personal knowledge receiving twice as much
for certain work as was paid ten years ago.
A comparison in salary lists between those
of the present time and several years ago
might prove salutary.

The city engineer's department was
criticized in the report. Three engineers
were not necessary.

Mr. Campbell expressed his belief that
this department had never been properly
conducted since Mr. Robinson's time. The
salary then was \$800; now it had risen to
\$1,600.

Alderman Jones pointed out that the
third engineer was not accountable to the
council. The assistant engineer was in-
valuable, especially during six months in
summer. The consensus of opinion
seemed to be that very little was left to
do about when an official of Mr. Iron-
side's capabilities and energy was attacked.

The report suggested that a committee
of the council should be appointed to act in
conjunction with Mr. Robert Lewis to keep
down expenses in connection with the
hospital. The usage of accepting private
and paid patients was censured. These, it
was said, did not pay, and all should be
placed on the same basis.

Nor did the police force escape criticism.
The last clause of the report suggested that
the number of guardians of the law should
be cut down one-third. While the necessity
for a large force was yearly becoming
less, this fact had evidently been over-
looked by the commissioners. Thirty
thousand dollars was too much to expend
on such a department in a small and moral
city.

Prof. Smith's Three Keys will positively
cure rheumatism in three days, neuralgia
instantly. Sold at all drug stores.

Keeping Company.

As a man is known by the company he
keeps, so a cigar dealer is known by the
brand of cigars he makes a specialty of
selling. To this latter fact may be ascribed
the popularity and success of Mr. H. Mc-
Kenna, sole agent of the unrivaled "Vir-
ginia" 5-cent cigar. Had the "Virginia"
nothing else to say for itself than that it
was manufactured by H. McKenna & Co., its
success would be more than assured. But
added to that recommendation is the ap-
proval of thousands of lovers of the weed
who claim "Virginia" as their favorite and
never tire praising its merit. Ask for the
"Virginia" once and you will want no other
brand. H. McKenna, sole agent.

Prof. G. Sterling Ryerson, of Toronto,
specialist in eye, ear and throat diseases,
will be at the Tecumseh House on Saturday,
Feb. 10, for consultation. bwd bdt

The History of Epidemics

Is almost uniform in the direction of
their extending over several years.
Frequently the disease is epidemic,
becoming definite almost every year
in this country. It first made definite
inroads in this country three years
ago, and this year it seems to have re-
turned in a more virulent form, pro-
ducing effects far-reaching and uni-
formly demoralizing to the system,
and it becomes absolutely necessary
that the system should be kept in a
state of perfect health in order to
withstand and combat this terrible
disease. WILLIAMS' Royal Crown
Remedy taken regularly four times a
day, with one or two of the Royal
Crown Pills three times a week, seems
to build up the system and combat the
disease better, and with less expense to
the patient than anything we know of.
