

THE WAY OF THE WORLD

Impressions of the Assembly

BY SKY PILOT.

It strikes me there'll be no union this time. The minority has so much of that admirable Presbyterian quality, known as "dogged stubbornness," that no compromise is likely to be considered. But, like home rule, it will come with the mellowing of time. All progress is spiral. You come round to the same point again after a lapse of years, only you are higher up then and your outlook is wider. The thoughts of men will widen with the processes of the sun. But there's no use trying to beat the sun. We wish sometimes goodness would hurry, but goodness is good; it has its own schedule. The little cool, curly-headed convenor of the union committee deserves the thanks of the church for his steady and sane behavior in a most trying situation. You can tell the Clark's, both the Montreal and Calgary man, at a distance. They have the hump in the back and the intellectual hump in the front. Sympathetic, intellectual, spirituelle, they are loved and trusted by the whole church. I'm afraid we'll have to go to the Methodist church, as Gavin Birse went to Mag Lowrie, and ask shamefacedly, if the fair lady will "let us off" this time. As we sorrowfully take up again the lone furrow, we hope to hear from these great churches the kindly refrain "Will ye no cam back again?"

We are certainly a church of contrasts. We are capable of responding with united enthusiasm to a great appeal, and at the same time we have them all beaten up by the cotton of tweedle-dum and tweedle-dee. The assembly displays equal intensity of interest in the evangelization of the world and in the right of an elder to preside at a church court. Pharisee, according to our own John McNeill, is one "that is great on little things and little on great things." A Presbyterian might be defined as one who is great on both great things

and on little things. This reminds us of a good story that is new. One of our best known ministers has the misfortune of being short of a right arm. He is at present moderator of his Presbytery, whose duty it is to ordain and induct young ministers. Recently, when about to discharge this duty, he gave the young man and the waiting congregation a few anxious moments. "I have some doubts tonight about proceeding with this service," he said. "I'm afraid it cannot be legally done, and there are so many church lawyers in this presbytery that one hesitates to proceed in the face of anything that is written in the blue book. You see," he continued, "it lays down here that I am to induct this young man by extending the right hand of fellowship, and, of course, this cannot be carried out, seeing I have no right hand."

If this passion for preaching is not as great as it once was, we still have some preachers worth hearing, and Woodstock people heard some of these on Sunday. Of course, good preaching is robbed of its sensational character in this city, as it is an every Sunday experience. Dr. Herridge, who conducted the communion service, is probably, as good a preacher as this country boasts of. For thirty-two years he has preached to the nation's representatives in Ottawa, and the people of St. Andrew's Church have never had any reason to be ashamed. Some of his brethren, who were anxious to honor him, had their doubts if his knowledge of church law would be equal to the demands of the moderatorship, inasmuch as he seldom attends his own presbytery, but everyone is satisfied how that he is boss of the situation. A refreshing change from the classical style of the moderator was furnished the assembly on foreign mission night, and the people of Chalmers Church on Sunday night, when Duncan McLeod, the Highland-Canada

FREE OF ALL THREE DISEASES

"Fruit-a-tives" Brought Him Perfect Health.

Avon, Ont., May 14, 1913. "I am younger since I have been taking 'Fruit-a-tives' I was troubled very badly with Piles, Constipation and Stomach Disorder, but I found 'Fruit-a-tives' was the panacea for the whole three.

"Now I am free of all these diseases and enjoying perfect health, and able to work whenever I like. Five years ago, I started taking 'Fruit-a-tives'. I took two every night and they worked wonders for me.

"No other medicine I could get was so good and I took lots of different remedies before I found out how good 'Fruit-a-tives' were.

"I keep 'Fruit-a-tives' on hand all the time, and am never without them. I even take them with me when I go motoring, so I can have them handy. 'Fruit-a-tives' are worthy of every good word I can say about them. The fact that they cured me of Piles, was something to be unbelievably thankful for.

A DELAY IN GETTING BODIES FROM EMPRESS

Special Equipment Has To Be Procured From England for Work.

[Canadian Press.] Rimouski, Que., June 9.—A delay of over a week in raising the bodies now lying in the sunken hull of the Empress of Ireland was decided on today by William W. Weatherspoon, the salvage expert retained for the Canadian Pacific Railway for this work. Equipment of an elaborate nature must be brought out from England before it would be safe to undertake the task, which has been made very difficult by reason of the depth of water above the wreck, and its coldness.

Britishers Will Exhibit at Panama

[Canadian Press.] New York, June 9.—Great Britain will exhibit at the Panama-Pacific Exposition, unofficially, if the United States provides the space and pavilion, according to W. A. M. Goode, secretary of the English committee, which has vainly urged the British Government to participate.

Mr. Goode spoke at a dinner of the British Schools and Universities Club, last night. He said the action of the Government did not represent the sentiments or wishes of the British capital.

ARE YOU GOING TO MUSKOKA THIS SUMMER?

If so take the 10:20 a. m. fast express from Toronto daily except Sunday, via Grand Trunk Railway, and arrive Muskoka, Wharf, 1:45 p. m., where direct connections are made with steamers for points on Muskoka lakes. This train carries parlor, library, buffet car and first class coaches, and passengers are assured of a comfortable ride along the most interesting route to Muskoka Wharf, which is the original gateway to the far famed Muskoka Lakes. Return connection is made with train leaving Muskoka Wharf 10:30 a. m. daily except Sunday, arriving Toronto 2:55 p. m. Tourist tickets at low fares are now on sale to Muskoka Lakes points, good for stop-over and valid to return until November 30th, 1914.
