For the Holiday—A Go-Cart

People are getting to realize more all the time the good features of giving their children plenty of out-door exercise. It is a great mistake to confine children to the house too much, it is hard on the children and is also hard on the parent, as the child becomes fretful and troublesome when it cannot get outside. It is never too early to start giving the child the fresh air and sunshine treatment, and the Go-Cart is one of the necessities in every home nowadays. We can show you a most extensive range of these carts, all kinds, all qualities and prices to suit all classes of people.

We mention one very special cart. It is adjustable, shellac finish, upholstered in cottonette, 14 inch wheels with rubber tires, green enamel gear. Extra good value at. **\$13.50**

The Albion Steel Ranges

We carry a full line of these popular and meritorious Ranges, stoves that are made right here in Victoria, of the best materials and by the best workmen that money can get. All the benefit of this company's long experience in the iron business you get full advantage of in their stoves. There is one particular feature in which they excel ranges made in other places, that is in having the weight so necessary to make a range just what it ought to be. No cutting down of oven thickness that is so necessary in producing an even and steady heat, on these ranges. There is weight enough, especially about the oven, to produce even heat and prevent buckling so common in some ranges. Then we always have extra parts right here for you, so that in case anything gives out you don't have to wait a long time for a part to arrive. We solicit an inspection of these lines.
