sea of agminst fears, actings als running
wildly about.

A feeling of despeir took possession of Actions (Discottage with no lease to be a consistent of the property of the pr

distriction of the property of the flames would burst within "Even" if help was sent them, she hegen to think it very doubtful if they all could be aved. "One of its at least must perish, I fear," the thought as the counted the chances. She had been trembling, and her teeth chattering with expitement, but now, as this tearths thought former itself upon hear the grew suddenly calm and collect. Estandance of men, women and children ley around him saleep he stone of them of them of the drawing so yield to the influence of the drawing so yield to the influence of the drawing god, and all slike unconscious of the felli demon so secretly at work around them and creeping so stealthily inch by inch upon them, files some anbushed snemy bent upon their destruction.

ed. For one moment she bowed her head in prayer.

"God help no," also breathed. "Save these two who laveshome, and habeliness, and free to love the ar and for Thy and friends to love the as and for Thy servant—Thy will be done?"

The next moment she turned her attention to the distracted girls slinging to her.

She put them forcibly from her darted into their reoms and brought their clothing, bidding them dress themselves while she assisted them with nimble but steady fingers, never once making a false movement. Note in their lives lad they been more helpless but never before had they heen more outsidy clad. He took out his watch to see if his agreed with it; it was five minutes of size and with a moody brow and sigh of discontent he began to think it was time for him to be in bed also. Buddenly a cry rent the air somewhere in the distance. It seemed for away and indistinct.

He bent his head to listen, his cheeks

been more quickly clad.

Pearls, on glancing from the window, now saw that a ladder had been placed underneath, and this gave her a faint hope; but just at that moment the transom bracked, the glass tumbled to the floor with a lingling or ah, and the flames and smoke gourned into the room in volumes.

Camilla uttered a piercing shrick, and Camilla uttered a piercing shriek, and mound her arms, about Pearle's form so that the could had move.

If had not been two minutes ance the first indistinct cry reached his ears; but the whole building seemed to be alive with the humanity that so lately had been peaceably saloss. Crowde were rushing amissely hither and hither shouting, shricking, and begging for mercy and help. A perfect pants seemed to have seized the multitude, and they poured forth from that manmoth building as if they had beed supplied by some meahand, and enough within. If had not been two initutes since the first indiction ory reached his ears; but the indiction ory reached his ears; but the whole building esemed to be alive with the humanity that so lately had been peaceably salesp. Cromes were rushing atmissely hather and higher, shouting, shricking, and begging for merey and help. A perfect panic seemed to have seized the militiude, and they poured forth from that manmoth building as if they find been expected by some meshant selegency within.

"Where is the fire?" demanded Adison they not been expected by some meshant selegency within.

"In the porter wing, second floor," was the reply, as the man hurried on with his hackats towards the access of the destrue.

"In the porter wing, second floor," was the reply, as the man hurried on with his hackats towards the access of the destrue.

"Her secures in the porter wing, third wing, third "If you are saved, and—I am not, will "Oh, save me !" she moaned.

tion.

"Her recomb in che'nobed wing, third floor," Adison Obsection muttered, with you see that this little box is sent to the step was inken, until at less his step was inken.

Will windsphine diese burst in the rooms.

A wild windsphine diese burst in the rooms.

up through the framework; the smoke, dense and unflocating, more deducting and the second street of the contained with the cont touse were still in imminent peril, for dragged her back by main strength, be corridor was now full of flame and "Francita is the heavier, and whoever

window—ene so grandly esim, the other so abject in her fear.

"Come," said the man again, as life resched them, and he laid his hand armly

resched them, and he laid his hand straily on Pearle's arm this time.

"No," she answered steadily; "I will not go until she is safe," and she forced the safe is considered his outstretched hand.

Had she recognized him she might have shrunk from going with him under any distantances; but his har was dishered his absoluted his straight hinder his straight and the hard worn a mask, "I will not take her," he oried "you or no one," and his her," he oried "you her arm," 18 12 17 18 27 7 7 19

"Do not, as you value human life, wast one single moment. I will not leave this room with the see her sate upon the ground; I and, with a strongth that me amost same human, she are threadflood his grasp, and almost litted her now fainting companion over the window-sills of A look of despair leaped into his eyes, then the grasped his underscloss oursen,

that burning building: every one stee has that been rescued, and no one, now had, any hope that she could be saved.

The room was enveloped in fixmer, all but a little circle where she stook; merer of at and nearer, they came volling out their forked tongues, as if hungry and eager ting for their her, as if hungry and eager ting for their her, as they rushed the window. She stood leaning far one, fancy had painted for them made out, brave and calm, never faltering, for them. that burning building : every one else had from the window. She stood leaning far out, brave and calm, never faltering,

minutes longer in that heated, strangling air; already she was gasping for breath, the handlicrehief about her wis itreaming the handlicrehief about her wis itreaming and drying, and the days not reach to well trangent and hold the window sand looked down; the flame from the window bemeath had scorched and thinks.

Again she bent far out of the window and looked down; the flame from the window bemeath had scorched and thinks. Then I gathered all my strength and selected and things. Then I gathered all my strength and side in the path of the path made her distributed and the ledder; in an minute more it would ignife. A thought came to hered the ledder, in an minute more it would ignife. A thought came to hered the ledder, in an minute more it would ignife. A thought came to hered the ledder, in an minute more in the ledder, in a minute more in the look and port and looked down; the flame to hered in please the was in him to do them.

"I take no stock in these sentime with the honey-moon. My deal, was not long in fluiding another angel, for whose aske he reformed. A year after their marriage she was the most miserable creature I, ever know. He died a gambler, and she a sorrow-minute to fleaven, then gathering her smoking glasse around her, she came to the series with and underfalls hader. The path of the minute more in the look of them.

A mighty sigh swelled up from the mighty sigh swelled up from the multitude as they saw the daring act of the minute more in the path of the minute more in the path of the minute more in the path of the minute more in the minute more in the path of the minute more in th

A mighty sigh swelled up from the multitude as they saw the daring act of the brave girl; then it was instantly hushed by a great fear.

The man with the burden just at that memoral resched the ground, and the sound of that sigh made him turn and look back.

"Oh, God!" he cried. Water-give me

A bucketful was held before him. He deluged his boce, and then turned once more in battle for himse life.

Every breath was again hushed, every heavy heart-beat was again hushed, every heavy heart-beat was almost held in check as the throng watched that alender, swaying form slowly descending, and that other springing so wildly to meet it.

They could see that her strength was waning; that every time a little foot was put down upon a round its teach was less decided and secure, and a terrible fear began to take pessession of each heart that the here would be too late.

No! no! On he went, nerved to greater exertions by what he himself saw and realized. A step more and he was beside her; but not a moment too soon, for her strength had failed, her nerveless hands relaxed, just as he put out his arms to receive her.

eive her. Uttering a wild hoarse cry, he gr ber close to him with one arm, while with the other he steeded his demending steps.

A new danger menaced them new—an A new danger menaced them now—an angry fiame had select upon the ladder.: The little demon had been hiding, and smoulding, and watching, as it were, in that charred and amoking spot that Pearle: had seen from the window above, and new burst into a lively flame, fierebly darting out its fiery tongues, stretching up and weathing account the shorter amount. and wreathing around the signifer support

as if maddened by the sight of the escaping captive.

Would it bear the double weight as the two passed over it? Faces blanched, lips quivered, knees trembled; but the danger was table, passed.

But hark! a snap! a crack! the ladder settled a trifle, and every heart stood still.

For an instant that resolute man hesitated and his body seemed to sway dizzily; he should be there gathered in his falling to set a table in a darky herery aten man taken, until at last his foot A wild triumphine enter wars were every grateful throat, eager arms were outstrated to take his unconscious barden, and then, with deep drawn aigh of weariness, the here of the hour dropped

(To be continued) What is mount by an inch of that 14,500,000 gallour of water h upon a square mile of ground.

Every great war is followed by a myest of anecdotes of bravery, which is een completed. In has lately appeared a book en-"Frenchmen and German," which acts done in the war pt 1870 as which are well worth reserving. At the battle of Forbach, in
