RODAN'S MICROBE KILLER CO.

TORONTO, Ont.

GENTLEMEN—It is with pleasure that I send you this statement with regard to what Microbe Killer has done for me. I have been a sufferer from Lymphatic and Liver troubles for 15 years, and about seven years ago it went to my lungs. Ever since that time I have been constantly expectorating continually. I consulted a number of physicians, but all without benefit; at last they advised me to change climate, which I did. I went to Europe, but received no permanent benefit; so then I went to California and remained there for awhile, but receiving no material benefit. Finally I concluded to come back home with no other expectations than to sink into an early grave. I had been home only a short time when I heard of your Microbe Killer, so I sent and received some of your pamphlets. I read them, and noting the principle upon which this medicine was based, I concluded to try it; I began taking the remedy this day, and used about four gallons before I noticed any benefit. My cough has almost entirely disappeared, and I have gained weight in mastering my disease, but after that I began to mend rapidly, and am now able to take full charge of my office practice again, as well as to take my usual amount of work. My cough has almost
