AMERICAN NERVINE CURED HIS DAUGHTE OF A DISTRESSING NERVOUS DISEASI The father of Jessie Merchant, of Colling

The father of Jessie Merchant, of Collingwood, tells this story of his eleven-year-old daughter: "I doctored with the most skilled physicians in Collingwood without any relief coming to my daughter, spending nearly five hundred dollars in this way. A friend induced me to try South American Nervine, though I took it with little hope of it being any good. When she began its use she was hardly able to move about, and suffered terribly from nervous spaams, but after taking a few bottles she can now run around as other children." For stomach troubles and nervousness there is nothing so good as South American Nervine. Sold by S. N. Weare. If you have inquired into the matter you will be surprised at the number of your friends who find themselves rejected as applicants for life iusurance, because of kidney trouble. They think themselves healthy until they undergo the medical test, and they fail in this one point. South American Kidney Cure will remove not alone the early symptoms, but all forms of kidney disease, by dissolving the uric acid and hardening substances that find place in the system. J. D. Locke, of Sherbrooke, Que., suffered for three years from a complicated case of kidney disease, and spent over \$100 for treatment. He got no relief until he used South American Kidney Cure, and he says over his own signature that four bottles cured him. Sold by S. N. Weare.
