

To teachers and those interested in the young we would point out the necessity of caring for the eyesight of the children. Exercise books are now being issued made of a light grey tinted paper, chosen by Dr. G. Sterling Ryerson, N.C.D., Toronto, as least trying to the eyes. These may be seen at any bookseller or stationer's, or a sample copy will be sent to Principals of Public Schools upon application to the publishers, The Copp, Clark Co., Ltd. On the cover of each book is a copy of certificate given by Dr. Ryerson, approving of the shade.

Alcohol is Deadly

Not only because teachers are thinking men and women, but on account of their occupation and surroundings they realize perhaps more fully and more forcibly than any other class of the community that alcohol is deadly not only in its personal but its hereditary effects. The many inquiries we have had from them for further information than we have been able to give in our advertisements, and the large number of them who have become patrons of this Company, have given us great satisfaction, and yet we are anxious for more inquiries and more insurance from members of the profession. Certainly our Company is the Company for all who are total abstainers. We shall as heretofore be glad to afford as far as possible all desired information to intending insurers.
