

5th day of June, 1919, and payment of the rental of the areas applied for, amounting to \$3,840, was accepted by the department on the 2nd day of July, 1919. Owing to unavoidable delays leases in favour of the applicants of the rights so applied for were not finally issued until the 20th of February, 1920. As the applications had been made in strict conformity with the provisions of the regulations for available coal mining rights, and as the department had accepted the rental for the first year, there was no other course but to issue leases under the regulations.
