Dr. A. S. Lamb;
Ste. Anne de Bellevue, P.Q.

Dear Dr. Lamb:-

I was very sorry to learn last night from Mr. Glasco that you are laid up.

I know that the extra work and worry which you have had lately in connection with your Department and with the matter of the Gymnasium was very trying. You must give yourself a chance to get thoroughly fit before coming back to the Department, and in the meantime I hope that you are not worried by any reports as to the indefinite postponement of the building of the Gymnasium.

We had a meeting of the Board of Governors on Monday and were unable to finish our deliberations regarding the Building Programme. Many of the members of the Board had to hurry away to attend a luncheon which Sir Lomer Gouin was giving to Mr. Mackenzie King. However, we meet again next Monday and I hope the matter will be settled. In the meantime - do not worry.

Yours faithfully,

Principal.
