TRIED RECIPES

Steamed Blueberry Pudding.

Mix and sift two cups flour, four teaspoons baking powder and one-half teaspoon salt. Work in two tablespoons butter using the tips of the fingers. Add one cup milk and one cup blueberries, rolled in flour. Turn into a buttered mold, adjust buttered cover and steam one and one-half hours. Remove from mold and serve with the following sauce: Work one-fourth cup butter until creamy and add gradually one cup milk. When very creamy add slowly four tablespoons of grape juice.

Blackberry Shortcake.

Mix and sift two cups flour, four teaspoons baking powder and one-half teaspoon salt. Work in two tablespoons butter using the tips of the fingers; then add three-fourths cup milk. Toss on a floured board and roll. Put in round buttered tin and shape with back of hand to fit pan. Bake in a hot oven 15 minutes. Sprinkle with sugar and serve with cream. Put one piece, crust side down, on plate, spread with sweetened, crushed blackberries, cover with other piece crust side down. Garnish with whipped cream sweetened and flavored with vanilla and whole selected blackberries.—Modern Patisserie.

Parsnip Croquettes.

Boil one pound of parsnips and press them thru a fine sieve, or mash with a fork until they are smooth. Pour one half of a cupful of boiling water over one half of a pound of bread crumbs, add the parsnip puree, an ounce of butter, a teaspoonful of grated cheese, the yolks of two eggs and a few drops of lemon juice. Mix the mass thoroughly and form it into balls. Roll each ball into the whites of the eggs, slightly beaten, then roll it in bread crumbs, plunge into boiling oil, and fry to a light brown. Drain and serve on a folded napkin. The croquettes are excellent with gravy and roast pork.—Youths' Companion.

Whipped Lemon Jelly.

Mix one quart of water with half pound of granulated sugar, the grated rind of four lemons, the juice of six large lemons and one ounce and a half of gelatine, previously dissolved and strained. Stir over a fire until the sugar and gelatine are thoroughly melted and the liquid is lukewarm. Strain thru a fine sieve. When the jelly begins to congeal, beat it with a whisk until it is frothy, then pour it in cracked ice. Serve very cold.—Philadelphia Times.

Bet Two City Lots On His Own Wedding

Saskatoon Man Wires From Toronto That He Has Fulfilled Conditions.

SASKATOON, July 26.—Two weeks ago Chris Keane, a prominent grain broker of this city, bet R. M. Buchanan, two residential lots, valued at \$2000, that he would be married inside of six weeks.

This morning friends of both received word from Toronto that Mr. Keane had fulfilled the conditions of the bet with four weeks to spare.

Cheap One Day Outings to Port Dalhousie and Victoria Park.

The new one day return rate quoted by the Niagara-St. Catharines-Victoria Park Railway, will be found extremely convenient by Torontonians, with a free day for a pleasant outing to Port Dalhousie or Victoria Park, Niagara Falls.

This rate, which is \$1 to Port Dalhousie and \$1.50 to Victoria Park, is good from Toronto only going on the 8 a.m. and 11 a.m. boats, daily except Sundays and public holidays.

This new rate, together with the 50c afternoon ride to Port Dalhousie and the two day return rate of \$1.75 to Niagara Falls, is an earnest of the willingness of the Niagara-St. Catharines-Victoria Park Railway to provide its patrons with trips pleasantly planned for enjoyment and convenience at the least possible expense.

For tickets and information apply to the Toronto ticket office, 255, King street, or to the Niagara Falls ticket office, 52 East King st., M. 5179.

Hot Weather Rules.

Change the baby's linen two or three times a day, avoid blankets and cotton quilts as much as possible and keep the child on a little hair mattress (or pillow) preferably.

The most essential thing to preserve the baby's life in summer is to give it all the pure, clean water it needs.

The little baby cannot ask for the drink when its little lips are parched, and often when it cries in distress, it is given a rocking or bouncing by the fond mother with a gentle admonition to hush and go to sleep.

Little babies are very thirsty most of the time and need water far more often than milk. Their pores are free and unobstructed, unlike those of grown-ups, who have to eliminate so much waste material, and whose pores become badly clogged.

Babies, in summer especially, should have a teaspoonful of water, every fifteen minutes and sometimes a tablespoonful. Of course they must be held up properly, in a sitting position when a spoon is used, otherwise keep a little bottle of soda in the little bath-tub, to be sure to have the baby's mouth open, with a rubber nipple, of course. You will find that your baby will thrive beautifully and be as good as good can be, if you consider its thirst and satisfy it.

Insist upon a tub bath for the baby in the morning and a sponge bath at night with various cooling washes during the day. If the baby has a tendency to rash, or any other skin eruption, dissolve a teaspoonful of bicarbonate of soda in the little bath-tub. It is better not to have the baby swallow much of this water.

This bath will relieve any itching of the skin and is wonderfully cooling and refreshing.

In taking the baby out in the buggy (go-cars should not be used too early, as they are not sufficiently comfortable) be sure to protect the baby's eyes exposed to the bright daylight. Keep the hood or parasol of the buggy well over the face, shading it.

Raspberries Arrive In Large Quantities

Thirteen Cents a Basket Is Being Asked For Good Quality Fruit.

Saturday was a busy day at the fruit market, and was particularly noticeable on account of the large quantities of raspberries which were received. The majority of this, delicious fruit, is in the box, altho some sold as high as 16c.

Blueberries were not so plentiful at the market as has been the case thru-out the week, and as a consequence they all sold from \$1.50 to \$1.75 a basket. Gooseberries seem to be falling off badly both in the quality and quantity. They brought only 40c a small basket.

Real good eating apples are starting to make their appearance and are being eagerly snapped up. The better quality of apples, brought 50c a basket in the wind-falls as low as 35c. Within the next few days there will no doubt be large quantities of Red Astrakans on the market.

Cherries are not so plentiful as last week and the quality seems to be falling off badly. They sold Saturday from 30c to 35c the larger baskets.

Fruits of the green variety are starting to come in from Canadian shippers and sold at 85c to 95c a basket.

Other quotations are: Beans, 40c to 50c a basket; peas, from 40c to 50c; cucumbers, 50c to 75c; peppers, 60c to 75c; blackberries, from \$1.50 to \$2 a basket; black raspberries, from 15c to 17c a box.

HOME HELPS

The lighter the bread pan the lighter and whiter your bread will be.

Sifted wood ashes and mild soap will give a fine polish to tinware.

Cheese-cloth, wrung out of kerosene make good dust cloths.

Wash silk handkerchiefs in tepid water with a little borax in it. Iron while damp.

To polish aluminum make a mixture of borax, ammonia and water. Apply with a soft cloth.

BREAD CUTTER

A practical bread cutter is the one that is attached to the bread board, says The Chicago Inter-Ocean.

The knife is secured to the board by means of an arch-shaped piece of wood. The bread is pushed to the edge of the board and so the thickness of the slice is easily adjusted.

TO CLEAN KNIVES

For cleaning knives I find raw potato very good. Use of the knives very badly stained, writes a New York Press contributor. Take a raw potato, cut in half, then dip it in powdered bath brick and rub the knives with it.

PAPER LEFT OVER

After having our house papered we had many short strips of wall paper left over and used them under the matting we were just putting down. The strips answered as well as lining paper, writes a contributor to The Modern Patisserie.

I also used pieces of the wall paper to line the match box in the room where I had covered the boxes and fire screens, having course.

HINTS BY MAY MANTON.

7088 Fancy Yoke Blouse.
34 to 40 bust.

WITH THREE-QUARTER OR LONG SLEEVES, WITH OR WITHOUT LINING AND TRIMMING ON BLOUSE.

Transparent materials are the fashionable ones and trimming arranged beneath the gown makes an interesting feature. As shown here, the blouse is made of chiffon over a gauze lining and lace is arranged on this lining but, if something simpler is wanted, the lace and lining both can be omitted and the blouse can be made from crepe de chine, voile, marquisette or anything that is soft and pretty. The yoke that extends down over the sleeves is a feature. The little round collar is instantly as well as fashionable. The sleeves can be finished with flaring cuffs in three-quarter length or with fitted cuffs that extend to the wrists.

Such a blouse is charming for wear with a separate skirt or coat suit and also makes up attractively with a skirt to match, completing a gown. A fashionable effect could be obtained by using white voile for the blouse with China silk for the lining and Bulgarian banding for the trimming with the collar embroidered in Bulgarian style. The plain blouse would be pretty made of voile or of crepe de chine.

For the medium size, the blouse will require 3 1/2 yards of material 27, 2 3/4 yards 36 or 2 1/2 yards 44 inches wide, with 1 1/2 yards of lace 10 inches wide, and 2 1/2 yards 36 inches wide for the lining.

The pattern of the blouse 7088 is cut in sizes from 34 to 40 inches bust measure. It will be mailed to any address by the Fashion Department of this paper, on receipt of 15 cents.

ENGLISHMEN SHOULD NOT INTERMARRY

OTTAWA, July 26.—In an address to the Old Countrymen's Club here, Rev. E. H. Steacy, an Anglican minister and prominent member of the Order, urged on his hearers the importance of keeping the British blood pure by not intermarrying with lower classes of European immigration. Mr. Steacy warned them not to take into themselves wives of other nationalities. The strain must be kept pure in this manner if anything was to be accomplished in the future.

FOREIGNERS ARE GUARDING WOMEN

British and American Residents in China Prepared to Resist Native Attack.

JAPS HELPING REBELS

Declare Government Officials—Russian Residents Also in Sympathy.

PEKING, July 27.—(Can. Press.)—Volunteer American, British and other citizens are guarding the approaches to the mountain town of Kuling, where thousands of foreigners, mostly American and British women and children, have taken refuge from the heat of the Chinese summer months. The few American blue-jackets on the heights are maintaining signal communication with the U. S. gunboat Helena, which is lying off the river port of Kuling.

Foreigners have been able to see some fighting between the government forces and the rebels from their position on the mountain top. They advise other foreigners to remain away from Kuling owing to the difficulties of communication and the shortage of provisions. Only one case of interference with foreigners has been reported.

The opinion prevails among Europeans in the capital that Yuan Shi Kai soon will be victorious. It is pointed out in some quarters, however, that the ability of Dr. Sun Yat Sen, the first provisional president of the republic and his party to create a rebellion and to spread disaffection among the troops in the principal cities along the lower Yangtze river was not suspected three months ago.

Japanese Aid Rebels.

Vice-president Lo Yuan Heng declared in an interview today that the Japanese were aiding the rebels.

Shanghai, Kiangsu and along the Tientsin-Pukow railway. While much ammunition has been expended by gun firing lasting whole days, there has been no decisive battle which foreigners believe is essential to provincial President Yuan Shi Kai's ultimate success.

The sizes of the armies engaged are small compared to those fighting in the Balkans. At Shanghai, the northern troops on shore number 3000, while pitted against them are 4000 soldiers. The army of Gen Chang Hsun, which repulsed the rebels above Suchow, numbers less than 5000 officers and men. The largest northern army consists of probably 10,000 to twenty thousand men, and is now in the Province of Kiangsi.

British, German and American sympathy in the Yangtze region, ports, as at Peking, is overwhelmingly in favor of President Yuan Shi Kai, while the Japanese and Russians apparently favor the southerners.

COUNTRY DESOLATE

SHANGHAI, July 27.—The landing of sailors from the foreign warships at this city has greatly relieved the foreigners and better classes of Chinese, and the country people are beginning to return to their homes. The country aspect around Shanghai presents an aspect of desolation. Villages have been burned and the crops ruined. Rotting corpses are lying everywhere.

Northern troops fired upon the imperial customs steamer Kiuwo on the Yang-Tse-Kiang at Ching-Kiang, 45 miles east of Nanking.

Seventy shots struck the vessel but no one was wounded.

The British gunboat Woodcock escorted the Kiuwo up the river, and demanded that the commander of the government forces explain. He apologized profusely and said that the attack on the river steamer was a mistake.
