

The North Lands of Ontario

PEOPLE are just beginning to realize the opportunities which are offered in North Ontario. The country is rich in minerals and timber and there are vast tracts of good farming land awaiting the settler. All this natural wealth is being made accessible by the construction of railways. Capital is being invested, new towns are springing up, and settlers are coming in.

BEFORE YOU DECIDE

to invest your money or make your home in any part of Canada, study the Canadian Encyclopedia in this book under headings Agricultural Lands, Mining, Forests, and Townsites, and write for fuller information to

The Director of Colonization
Parliament Buildings
TORONTO, ONT.

Hon. J. S. Duff, Minister of Agriculture, Toronto
