TAXES TO BE HEAVY SAYS ERZBERGER

Big Levy on Property and Business Turnover to Liquidate Enormous Floating Debt.

Berlin, July 9.—Germany is to quickly return to a peace time financial system, said Matthias Erzberger, vice-chancellor and minister of finance, speaking at Weimar before the German national assembly yesterday. Among other things the payment of grants to men who are unemployed will be reduced. It was indicated during his address. "The empire's needs must be divided henceforth between home needs and indemnities," he said. "The year's expenditures confronting us will amount to about 17,000,000,000 marks. I am firmly resolved to tread the hard path of economy and therefore have given out the watchword that from October 1, 1919, there shall be no more war funds. The war finance system shall cease and a regular budget system must be re-established. The first guiding principle is that there must be no more unproductive expenditures. Therefore a gradual abolition of non-employment grants must be faced. How far the full requirements for the empire, new states and communities which may be estimated at some 25,000,000,000 marks, be covered?" After citing the returns to the empire from taxation measures prior to and during the war, and estimating the revenue to be derived from new tax bills, Herr Erzberger said: "The still remains a sum of over 10,000,000,000 marks to be covered. The ministry of finance has almost completed the drafting of two important bills levying new taxes which I intend to submit to the house before the parliamentary recess."

New bills will be introduced in the national assembly, with the final object of covering this deficit. "The burdens of taxation will reach an absolutely terrible height. A floating debt of 72,000,000,000 marks is a constant danger and the removal of this debt is one of our most urgent tasks. There are two ways in which to do it—either its conversion into a funded loan, or its extinction by big levies and a heavy property tax. I do not indulge the hope that these two ways will immediately yield the entire liquid amount of 72,000,000,000 marks. It is the duty of proprietors, not only to bow to a state of compulsion, but to achieve an inward conviction as to the necessity of giving up all riches and all that is superfluous.

Rev. H. M. Harris Passes Away At Santa Rosa, California

Special to The Toronto World.

Guelph, July 9.—Word was received today to the effect that Rev. H. M. Harris had passed away at Santa Rosa, California. He was pastor of the Congregational church of this city and inspector of the Children's Aid and Humane Society for several years. He and Mrs. Harris removed from Guelph to Toronto, where Mr. Harris was appointed inspector of the Children's Aid Society there and did a great deal of work for some years. From there they moved to California.

GERMAN MINISTER RESIGNS

Copenhagen, July 9.—Herr Wissell, minister of economics in the German cabinet, has resigned because of the opposition of other members of the cabinet to his plans which were opposed to free trade.

ENGLISH BEAUTY COMMITS SUICIDE

First Came Prominently Before English Public as Principal in Divorce Case.

London, July 9.—Mrs. Arthur Elliot, better known as Mrs. Mabel Louise Atherton, divorced wife of Col. Thomas Atherton, was found shot this morning in her home in London, according to The Evening Standard this afternoon.

Mrs. Elliot, who was a sister of Sir Aubrey Dean-Paul, some years ago sued Baron Churston, then John Reginald Yarde-Buller, for breach of promise. The case created a considerable sensation at the time. Last April she married Captain Arthur Elliot, a dramatist, grandson of the late Earl of St. Germans.

Evidence gathered by the police indicated strongly to them, it was said, that the case was one of suicide. About midnight a shot was heard. A maid went to Mrs. Elliot's room and found the door locked and barricaded with furniture. An entrance was forced, and the body of Mrs. Elliot was found with part of the head blown away. A discharged shotgun was beside the body.

Mrs. Elliot, who from the time of her marriage to Col. Atherton in 1892, was one of England's great beauties, first came prominently before the public in 1906, when Col. Atherton divorced her. The co-respondent in the case was Mr. Yarde-Buller. Col. Atherton, according to evidence given at the time, first heard certain rumors in reference to his wife in South Africa in 1900, but the gentleman mentioned was not the co-respondent.

Hon. A. K. Maclean Leaves Next Week on English Trip

Ottawa, July 9.—Hon. A. K. Maclean, acting minister of trade and commerce, leaves for England next week on departmental business. It is expected he will be absent about six weeks.

AERIAL NAVIGATION PRINCIPLES ADOPTED

Paris, July 9.—Principles to govern aerial navigation already accepted by most of the allied nations, have been made public by the aeronautical commission of the peace conference which recently concluded its work. These principles are contained in an international convention which provides for the creation of an international commission.

The principles laid down concern the nationality of airships, certificates of navigability, rules for flying, lists of forbidden routes, steps to be taken by all signatory nations to develop aerial navigation, various provisions governing the licensing of aviators, equipment of airplanes with signals, distribution of weather reports, and customs regulations.

BIG WHISKEY SHIPMENT ONTARIO TO SCOTLAND

Report That Steamer Lake Norden Taking 1,100 Tons of Liquor From Walkerville to Glasgow.

Windsor, July 9.—When the steamship Fleet Norden of the Emergency Fleet Corporation of Detroit, weighed anchor at Walkerville today, outward bound for Glasgow, according to Captain Loughlin, she had on board 1,100 tons of whiskey from the distillery of Hiram Walker & Sons.

This is but one of several shipments to be made to Scotland, the temperance laws of Canada forcing the company to find markets overseas. The value of the shipment is estimated at over \$1,000,000.

The Lake Norden is one of ninety-five ocean-going boats built by the United States since they entered the war.

Britain Now Constructing Six Improved Rigid Airships

London, July 9.—Six rigid airships of an improved type, representing successive stages of development, are under construction for the British navy. It was disclosed in the house of commons today by Walter Hume Long, first lord of the admiralty. These airships, he stated, would cost £2,000,000.

CENSORSHIP STAYS TILL PEACE ASSURED

French Chamber Also Refuses to Raise State of Siege Till Treaty Ratified.

Paris, July 9.—The chamber of deputies yesterday rejected a bill providing for the immediate raising of the state of siege and the suppression of the censorship, the vote being 256 to 202. The government, represented by Stephen Pichon, the foreign minister, opposed the measure.

The socialists and the republican socialists demanded the immediate suppression of both the state of siege and the censorship, but M. Pichon declared that this step was impossible before the treaty of peace becomes effective through its ratification by three or more powers.

The debate closed with a categorical statement by the government raising the question of confidence on the rejection of the bill. The chamber became greatly excited during the discussion, the socialists and the radicals becoming particularly glibly. Victor Dabiez, deputy from the eastern Pyrenees, read a recent resolution adopted by the executive committee of the radical party calling for an immediate return to peace conditions. Many of the radicals, however, refused to follow their party on this question and voted with the government.

It was remarked in the lobbies after the vote that the government's majority had been the smallest in many years, the smallest margin on which any government had continued in power since the beginning of the war.

British-American Nickel Co. Has a Strike of Its Workers

Ottawa, July 9.—The refusal of the British-American Nickel Company to recognize labor unions and sign a "closed shop" agreement with their workmen has led to a strike of around one hundred and twenty-five of their employees on their new plant at Deschambes.

Morrish, 27th, Winnipeg; Sergt. H. N. Roberts, 48th, Edmonton; Sergt. Newman, 3rd, Windsor; Corp. Dr. O'Neill, Engineers, Vancouver; Sergt. H. S. Phillips, 48th, Winnipeg; Sergt. Sergt. W. H. Wood, 102nd Victoria; Sergt.-Major C. Y. Good, Ordnance, Quebec; Sergt. H. Nyas, 1st, London, Ont.

MARTIAL LAW IN HANOVER

Berlin, Tuesday, July 9.—Several persons were killed and wounded in the fighting Monday at Hanover when a mob released the prisoners in the castle and the detention prisoners. Martial law has been proclaimed there.

BRITAIN TO PAY MORE FOR COAL

Minister of Reconstruction Announces Price Will Be Raised Six Shillings.

London, July 9.—Announcement by Sir Auckland Geddes, the minister of reconstruction, in the house of commons today, that the government had decided to raise the price of coal to the consumer by six shillings a ton on July 16, caused a sensation among the members. Andrew Bonar Law, the government leader, intervening in the proceedings, said the government recognized the seriousness of the coal situation, and that debate on it would take place Monday next.

In making his announcement, Sir Auckland said it was hoped that the increase of six shillings would meet the increased cost of the payment of standard wages, the reduction of hours and the reduced shift. This increased cost of fuel, he pointed out, obviously would seriously hamper manufacturing and export business. Its effect undoubtedly would be very serious upon the Lancashire manufacturing concerns, he added.

The minister also pointed out that the profits of the colliery owners would be limited, in accordance with the report of the Sankey mining commission, to one shilling two pence per ton.

MANY GERMAN OFFICERS COMMITTING SUICIDE

Geneva, July 9.—Suicides among the German officers are increasing alarmingly, especially in Prussia, where the number of suicides is 38 per cent. more than before it became known that former Emperor William was to be placed on trial by the allies, according to Munich newspapers. The wives of officers are also reported to be taking their own lives. The increase in the number of suicides is attributed not only to patriotic despair, but to the loss of the officers' post social position.
