The chase of the "monarch of the glen" is over for this year, and most of the trophies of the hunt are already in. The sport has been exceptionally fine, owing in a great measure to the fine weather which the hunters were blessed with. It is a fact more hunters went north this year, and more of them made a bag than for some time. It would be difficult to learn how many deer really were shot, but the number that came thru Toronto should give a pretty fair estimate. ### I Want No Money UNTIL I CURE YOU.

Give me a man broken down from dissipation, hard work or worry, from any cause which has sapped his vitality. Let him follow my advice for three months and I will make him as vigorous in every respect as any man of his age or ask no pay.

I will not promise to make a Hercules of a man who was never intended by nature to be strong and sturdy. Even that man I can make better than he is; but the man who has been strong and has lost his strength I can make as good as he ever was.

I can give back to any man what he has lost by violation of the laws of nature. I can stop all drains upon the vital power in ten days.

A man who is nervous, whose brain and body are weak, who sleeps badly, awakes more tired than when he went to bed, who is easily discouraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which is supplied by

DR. McLAUGHLIN'S ELECTRIC BELT

O. JOHNSON, North Bay, Ont., says: "For building up a weakened and rundown constitution, nothing can equal your Belt. I feel like a new man and consider it worth its money many times.

If you would believe the thousands of men whom I have already treated, my Belt is worth its weight in gold. my Belt is worth its weight in gold.

WM. SOUTH, Erindale, Ont., says: "I suffered severely from sciatic rheumatism, and tried different remedies, but got no benefit, and am pleased to say your Belt has completely cured me in less than two months."

Letters' like these tell a story which means a great deal to a sufferer. They are a beacon light to warn a man who has become discouraged from useless doctoring. I get such letters every day.

I don't want money that I don't earn. I don't need it and am not after it. But I am after the dollars that are now going wrong in the quest of health, Look at all these peor wretches of humanity that are spending all they earn on drugs—dope that is paralyzing their vital organs—that have spent all they have earned for years without gaining a pound of strength for the hundreds of dollars wasted.

THERAPION No.3

The Scotch Concert in Massey Hall last night was a big affair. There was a large audience and the program arranged was great. It was all Scotch, Mary Jardine Thomson sang. David Baxter, Alice Edwards, Will J. White. Helen Kirby Ferguson, and Gordon Muir also contributed. Miss Annie McKay was accompanist and Thomas Richardson was piper. The Scotchmen have never done better with their concert.

Thomson after her long absence from Foronto was hailed with delight by her Toronto was halled with delight by her many Toronto friends and she more than upheld her former high reputation as a concert artist. Her program numbers were: "Cam' Ye by Athol?" and "Angus McDonald." Miss Edwards also won high favor in her numbers, and David Baxter's baritone numbers were likewise appreciated.

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restorine operates on the nerves which control the sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restorine awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent to any one on receipt of name.
