Toledo. O., Feb. 19.—(Special.)—During the past few days evidences have been accumulating that the Grand Trunk Railway is actively seeking an entrance into Toledo and the bituminous coal fields of Ohio. Thus far transactions on the part of the railway company appear to have been conducted with the utmost secrecy, and very little of a definite character is the city limits certain farmers have signed contracts conveying to the Grand Trunk people the right of way through their property. It is rumored now that the comof land inside the city limits, to be used for freight yards and other terminal purposes. The location of this ground is also being kept a secret, although it is thought to be in the vicinity of the property of the Central Terminal Association, in the northern part of the city.

The proposed new road will touch Monroe, Mich., and Otis soon to be established a few miles be yond Toledo's city limits by New York and Toledo capitalists. The building of a Toledo line will give the Grand Trunk direct access to the coal fields of Ohio a feature which the company seems to have had in view for a number of years past. The Grand Trunk will likely use one of two passenger terminals in this city—the Union Depot or the depot of the Ann Arbor Railroad, at the corner of Cherry and Seneca-streets. The latter is more access to the new road, provided present plans are carried out.
