WHEAT ROTS ON GROUND.

**Topeka, Kan., Oct. 30.—The farmers of
Rush County, which harvested 4-
5,000,000 bushels of wheat, must be con-
tinent to see 500,000 bushels rot on the
ground. It was said to-day that it is
impossible to get cars to ship the
wheat. The farmers are hauling the grain
to the railway station and, finding the
elevators full, were compelled to dump it
on the ground.**

PARKS IS GUILTY.

**New York, Oct. 30.—Sam Parks, the
walking delegate, charged with extor-
ting money from G. W. Tiffany's, was
found guilty. The jury was out twelve
minutes and took two ballots. On the first
ballot they voted eleven to one in
favor of conviction and on the second
ballot voted for conviction.**

The Choice of Leading Musicians.

**A recent purchaser of a beautiful
Heintzman & Co. Baby Grand is Mr.
W. E. Barclay, Mus. Bac., and a son of
the late Mr. George J. Barclay, who
was for many years secretary-treasurer
of the Toronto Conservatory of Music.
Mr. Barclay has for the past twelve
years taken a very prominent place
among the leading artists of the city.
He is in good company in the selection
of a baby grand, made by the old firm
of Heintzman & Co., when among
many others who are possessors of one of
these instruments and have spoken
warmly regarding their merits are Mr.
A. S. Vogt and Dr. Humphrey Anger,
both of the Conservatory staff.**

**Rev. A. Cameron McIntosh, Oxford, Eng.,
will preach at St. Luke's Sunday morning
and evening.**

THEY DISAGREE.

**Ashtoria and Clarke's Kola Com-
pound are incompatible, they can't
agree. The compound contains anti-
acidic of the ashtoria, and antiphos-
phoric acid drives it out of the system
and drives it out of the system. Keep
up the treatment as long as
benefit is received. Each bottle
entirely driven out. \$2.00 a bottle,
or \$5.00, postpaid. The Griffith,
MacPherson Co., Limited, Toronto.**

NEGLECT OF THE EAST SIDE

Continued From Page 1.

**But, the alderman continued after a
pause, "I do not see why the city
should be so short-sighted as to stop
at the point where the townships would
stand to benefit. What has happened
in the west? The Dundas-street
bridges were built to afford an outlet
to Toronto Junction and beyond it
to the city. I cannot attempt to hand-
le the matter, but I am sure that the
fact that it is really more than any
man can estimate at the present
time. But on the south side, as
alone, and looking no further east
than Greenwood-avenue, we see a dis-
tinct line, one of the most de-
sirable in the world for building pur-
poses. It is simply a beautiful resi-
dential quarter.**

should be so short-sighted as to stop
at the point where the townships would
stand to benefit. What has happened
in the west? The Dundas-street
bridges were built to afford an outlet
to Toronto Junction and beyond it
to the city. I cannot attempt to hand-
le the matter, but I am sure that the
fact that it is really more than any
man can estimate at the present
time. But on the south side, as
alone, and looking no further east
than Greenwood-avenue, we see a dis-
tinct line, one of the most de-
sirable in the world for building pur-
poses. It is simply a beautiful resi-
dential quarter.**
