EDUCATIONAL

A NEW COURSE IN

Westervelt School

Beginning next Monday, Westervelt School will add MACHINE CALCULATION to its list of courses. This will be separate entirely from its Bookkeeping and Stenography Departments. A number of Burroughs' Calculating Machines have been installed, and a limited number of students will be accepted for this course. Just as machine writing (typewriting) has become a leading factor in office work, so will MACHINE CALCULATION eventually do all of the arithmetic of the majority of offices. It will pay you to investigate this course.

W. F. MARSHALL Principal.

W. F. Marshall

361 Richmond Street, London, has more full-time teachers than any other college in London. That is another reason why it was chosen as the best by B. A.'s from McGill, Queen's, Toronto and Western Universities, who are some of our recent graduates.

CARUSO DEVELOPS SUPPURATIVE PLEURISY

NEW YORK, Dec. 29.—Enrico Caruso, tenor, who has been seriously ill in his apartment here for more than a week, has developed suppurative pleurisy, attending physicians said tonight.

Surgical aspiration was successfully accomplished, the physicians announced, and added that though he had improved slightly during the day, his condition still was serious.

CHARTER OF ENGINEERS BROTHERHOOD REVOKED

OTTAWA, Dec. 29.—The charter of the Canadian Brotherhood of Railway Engineers is revoked, according to an official notification made public today by Tom Moore, president of the Canadian Trades and Labor Congress. The action affects over 12,000, most of whom are employees of the Canadian National Railway. It is said that the reason for the revoking of the C. B. R. E. charter is that its activities conflict with the operations of the International Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees. This latter body is the only organization, which will be in future recognized by the Trades and Labor Congress.

SCHEDULE COMMITTEES OF BIG LEAGUES WILL MEET ON JANUARY 8

Chicago, Dec. 29.—The meeting of the American and National League schedule committees will be held here January 8, according to an announcement here today by President Ben Johnson of the American League. By framing their playing charts for 1921 at that time, the schedule committees will be ready to report to their respective leagues January 12, avoiding the necessity of calling the perfunctory schedule meeting previously held in New York in February. At the January 12 meeting the proposed new national agreement between majors and minors will be considered and ratified.

Parliamentary Notice

Thursday, the third day of February will be the last day for presenting Petitions for Private Bills.

Thursday, the tenth day of February next, will be the last day for introducing Private Bills.

Wednesday, the twenty-third day of February next, will be the last day for receiving Reports of Committees of Private Bills.

ARTHUR H. SYDERE, Clerk of the Legislative Assembly. Toronto, December 29, 1920. Dec. 16, 23, 30, J. 6, 13, 20

NEWFOUNDLAND CODFISH CATCH IS UNSOLD

ST. JOHNS, Nfld., Dec. 29.—Hon. William Croft, minister of fisheries, left today for the Mediterranean ports to investigate the decline in sales of countries usually absorb two-thirds of the colony's catch of codfish, but this year importers have refused to pay the price, resulting in a large part of the catch remaining unsold, with consequent business depression.

DOHERTY AND FOSTER TO SAIL FOR HOME

OTTAWA, Dec. 29.—(By Canadian Press).—Hon. C. J. Doherty, minister of justice, sails for Canada on January 5. Sir George and Lady Foster, as already announced, sail for Canada on Friday next.

No advices are yet to hand when Hon. Newton Wesley Rowland, the third member of the Canadian delegation, will sail for home.

DEMORALIZING RUSSIAN ARMY, LONDON HEARS

LONDON, Dec. 29.—Partial demoralization of the Russian Bolshevik army has begun, owing to the completion of the more important military operations, says a wireless dispatch received from Moscow today. This action, the message adds, will make it possible for Soviet Russia to concentrate upon the principal economic problems of the country.

Canadians Were Outclassed At Every Stage of Game

Montreal, Dec. 29.—The Canada this morning says the hockey game last night was a lesson to the Canadians who were outclassed in all departments except their goal. If the Canadians had not lacked practice their smashing defeat at the hands of the Tigers would have been more than humiliating. According to his custom, Vesina arrested numerous dangerous plays, but he lacked support and could not stop the avalanche. By contrast with the speed of the Tigers, the Canadians resembled tortoises frozen to the ice.

All the visitors without exception played a splendid game. Carey was the grand star of the evening, and if he continues to play like this he will render enormous service to the Tigers.

SOME SUBSTITUTE!

NEW YORK, Dec. 29.—Roy Moore of St. Paul scored a technical knockout over Jack Sharkey after one minute of fighting in the eleventh round of a scheduled fifteen-round match here tonight. Both men are bantamweights.

CAMPBELLTON WINS GAME.

Campbellton, N. B., Dec. 30.—The first game of the New Brunswick Hockey League series between Fredericton and Campbellton resulted in a victory for Campbellton by 4 to 2.

ENGLISH SOCCER.

LONDON, Dec. 29.—(By Canadian Associated Press).—In a first division English Soccer League game played this afternoon, Sheffield United and Huddersfield drew, one-all.

MEETING IS ABANDONED.

New York, Dec. 30.—John Heydler, president of the National League, has announced that the proposed meeting between himself, Ben Johnson and George W. W. Pepper in Philadelphia, this January 4 and 5, has been abandoned. The three were to have drawn up details of the working agreement between the major leagues regarding player control and discipline, playing rules, conduct of the world's series and procedure to be followed by clubs in obtaining and releasing players.

Mr. Heydler said the plan has been changed so that he and Mr. Pepper will meet Johnson in Chicago on or about Jan. 10. The meeting will be held when the minor leagues open their joint meeting January 10, and the majors meet January 12 to ratify their compact.

RENOUANCE RIGHTS.

PARIS, Dec. 29.—The Belgian cabinet yesterday tentatively decided to renounce Belgium's right under the Versailles treaty to confiscate German property in the country, according to a Temps dispatch today from Brussels.

MAYOR LITTLE'S MAKE-GOOD SERIES NO. 4

Through Mayor Little's efforts equal educational opportunities are afforded the children of the rich and poor alike.

Mayor Little's persistent efforts have resulted in the establishment of playgrounds throughout the city.

Mayor Little has been particularly active in endeavoring to abolish level crossings and secure an adequate union station. The Grand Trunk has promised that the elevation of its tracks will be undertaken as soon as the road's transfer to the Government is completed. The Rectory street subway will be the first link toward track elevation in London.

Mayor Little has taken necessary measures to insure a continual supply of pure fresh water. The completion of the new reservoir at Springbank increases the volume of fresh water from eight to eighteen million gallons.

Mayor Little has vigorously supported and guarded the rights of London's public utilities. His own plan of a special main through the city to supply river water to the railroads, in addition to utilization for street cleaning, is now being undertaken.

The returned veteran was given every preference. At the request of the united soldiers of the city, total tax exemption was given to every returned man possessing property valued under \$3,000. In this manner Mayor Little took advantage of all the power allowed him by the Government.

That Mayor Little has handled aggressively his policy of encouraging new and greater industries to locate in the city is evidenced by the established fact that during the past year five concerns were actually brought to London, while three other large American firms have definitely announced that they will build factories here in 1921. Emphasis must be placed on the fact that these concerns have come to London with no promise of a bonus or tax exemption, but are prepared to shoulder their civic responsibilities with the other tax-payers. The building engineers of these various industries involved place the actual (not estimated) cost for the construction of their factories at figures that are far in excess of the three million dollar mark.

Every London citizen is proud of the industrial achievement of Mayor Little's first year. Factories are under construction, and more are coming. No matter what differences may occur at election time, in his heart every worker for London's upbuilding is glad to see this actual "delivering of the goods" in bonafide industries which ask no bonus, but shoulder their civic responsibilities with every other tax-payer, provide more opportunities for citizens, build more homes and increase the influence and prosperity of the whole community.

Each day we seek to show in the form of building stones actual achievements of Mayor Little and council during 1920.

STONE NO. 1---

Through Mayor Little's efforts equal educational opportunities are afforded the children of the rich and poor alike.

STONE NO. 2---

Mayor Little's persistent efforts have resulted in the establishment of playgrounds throughout the city.

STONE NO. 3---

Mayor Little has been particularly active in endeavoring to abolish level crossings and secure an adequate union station. The Grand Trunk has promised that the elevation of its tracks will be undertaken as soon as the road's transfer to the Government is completed. The Rectory street subway will be the first link toward track elevation in London.

STONE NO. 4---

Mayor Little has taken necessary measures to insure a continual supply of pure fresh water. The completion of the new reservoir at Springbank increases the volume of fresh water from eight to eighteen million gallons.

STONE NO. 5---

Mayor Little has vigorously supported and guarded the rights of London's public utilities. His own plan of a special main through the city to supply river water to the railroads, in addition to utilization for street cleaning, is now being undertaken.

STONE NO. 6---

The returned veteran was given every preference. At the request of the united soldiers of the city, total tax exemption was given to every returned man possessing property valued under \$3,000. In this manner Mayor Little took advantage of all the power allowed him by the Government.

STONE NO. 7---

That Mayor Little has handled aggressively his policy of encouraging new and greater industries to locate in the city is evidenced by the established fact that during the past year five concerns were actually brought to London, while three other large American firms have definitely announced that they will build factories here in 1921. Emphasis must be placed on the fact that these concerns have come to London with no promise of a bonus or tax exemption, but are prepared to shoulder their civic responsibilities with the other tax-payers. The building engineers of these various industries involved place the actual (not estimated) cost for the construction of their factories at figures that are far in excess of the three million dollar mark.

SEATTLE DEFEATS VANCOUVER.

Seattle, Wash., Dec. 30.—It took Vancouver and Seattle three full periods and an overtime period of seven minutes last night to settle their differences, the home team ultimately pulling out winners, 3 to 2, after being down two goals in the first period. Skinner and Harris were the scorers for the visitors in the first period and Riley and Riekey for Seattle in the second and third. Riley put on the winning goal after seven minutes play in the extra time. The game was full of incidents and excitement ran high all the time after Seattle began to pull up.
