SAYS TORONTO MEN LABOR INSURGENTS

Tom Moore Alleges Radical Groups Want to Embarass Convention.

Windsor, Sept. 11.—Characterizing statements emanating from a Toronto source as opportunistic attacks directed against the present Trades and Labor Congress of Canada administration, Tom Moore, president of the congress, who arrived in Windsor today to attend the annual convention of that organization, vigorously defended the policy of its officials, and declared that, in spite of an active propaganda carried on by insurgents and radical groups, the movement represented by it is still forging ahead. Regarding alleged inroads into the field of the Trades and Labor Congress of Canada, which were also intimated in a report from Toronto, Mr. Moore stated that that city had long been the centre of insurgency against the present administration, and that they were taking full advantage of present opportunities in an attempt to embarrass convention arrangements. Trade statements emanating from such sources did not truly represent opinion in Trades and Labor Congress circles, and the present convention would amply prove that the organization was in a flourishing condition. Second Largest. Mr. Moore prophesied that the convention in this city would probably prove the second largest in the history of the Trades and Labor Congress during its 35 years' existence in Canada. It had never been anticipated that it would be so large as the convention last year in Hamilton, as that city, situated as it was, in the heart of the organized labor district of Ontario, was particularly accessible. But, from all indications, attendance in Windsor will be representative of the whole country, from British Columbia to Nova Scotia.

Will Welcome Meighen. Regarding the proposed visit of Hon. Arthur Meighen to the convention, Mr. Moore stated that he would probably not arrive in Windsor until after discussion of business had been commenced. But the congress, in deference to his position as prime minister of Canada, had decided that all other matters would be held in abeyance.

POSTAL EMPLOYEES MAY HAVE UNION

Draft Scheme of Whitley Council for Co-operation, Submitted to Cabinet.

(From Sunday World.) Ottawa, Sept. 11.—A Whitley council for the post-office department is being considered by the cabinet. The scheme for such a body was submitted by representatives of organizations of post-office employees, Tom Moore, president of the Trades and Labor Congress of Canada, and P. M. Draper, secretary of the Trades Congress. Following conferences between Senator Robertson, minister of labor, and a deputation composed of Messrs. Moore, Draper, W. J. Cantwell, president of the Dominion Postal Clerks Association, J. S. Forsythe, representative of the Federated Association of Letter Carriers, and Frank James, president of the Associated Federal Employes at Ottawa, a draft scheme was submitted to the cabinet. The proposed council would be composed of 14 members, seven appointed by the government, seven by the staff. The chairman would be a member of the official side, and the vice-chairman a member of the staff side. They would meet frequently. Their powers would not interfere with the prerogatives of the civil service commission or the government, but they would act as a board of appeal and consider postal employees' grievances. The main purpose of the council would be to bring about greater co-operation between the staff and employees. Each side would bear its own expenses.

A reply has not yet been drafted. It probably will be taken into consideration by a council of action to be appointed by the convention to decide upon what date it would be possible to stop work in the event of the "check off" in Alberta mines not being repealed. In the meantime, Nova Scotia miners are advised of the contents of Mr. Smillie's cable.

John McCormack Meets Hostile Audience in Adelaide, South Australia.

(From Sunday World.) Adelaide, South Australia, Sept. 11.—The concert given here Thursday evening by John McCormack, the noted Irish tenor, was broken up by a demonstration, part of the audience singing the British national anthem and some of them shouting that McCormack was a Sinn Feiner. Mr. McCormack has cancelled the other concerts he was to have given in Adelaide. The audience, it appeared, resented the omission of the national anthem from the program. In explanation, the tenor, who is in Australia on a tour of the world, which he started from the United States last May, says he had understood the anthem was usually sung only when the government was present.
