The Toronto stock market was characterized by considerable activity today. The attention was attracted by the announcement of a dividend by the National Steel, which developed market activity on the local exchange.

There was no change in an adopted line of action, as is evidenced by the excessive speculation of the past few days. When the reaction did come it was very complete.

Both Dominion Steel and Dominion Coal have shown material advances in their respective issues. The latter appears to be receiving attention at the hands of the market.

Estimates of gross earnings for U.S. Steel for the first nine months of 1904 are estimated at \$470,000,000.

Direct effect of the new financial plan on common C.P.R. is to put an additional \$10,000,000 into the hands of the common stockholders.

Joseph says Conn. doing well and that there will be much less alarming. The buying of Louisville and Nashville from New York Central will not put him out of business.
