

For the Cure of all Diseases of the Eye, such as Inflammation, Films, Opacities, Specks, Abnormal Growths on the Mucous Surface, and Gangrene.

TO describe the diseases to which the eye is subject would require more space than we have at our disposal. They are numerous and sometimes very difficult to treat and should only be treated by those who have a thorough knowledge of medicine. You should never use eye water, wash, or salve, that has not been prepared by an experienced chemist. Using home-made eye medicines is poor economy, as you run the risk of destroying that sensitive, complex and beautiful structure, the "Window of the Soul."

THIS MOST EXCELLENT medicine stands at the head of the list of remedies for the cure of sore eyes. It has been on the market for a number of years, and we have never had one complaint against it, nor has it come to our knowledge one instance in which it has failed to effect a complete cure where the directions were followed.

NO CURE, NO PAY.—MR. J. H. BARKER, of the Dominion Lime Co., Lime Ridge, P.Q., writes: "One of our customers came to our store with very inflamed eyes some time ago. I asked him why he did not cure them, he said he could not. For fifty cents I promised to cure or no pay, and gave him a bottle of Kellogg's Eye Water. Three days after he came in and threw fifty cents on the counter saying, Kellogg's Eye Water cured his eyes. I have sold several dozen and have never heard of it failing in one case to cure."

MR. JAMES HENDRY, Stewart's Bay, Ont., writes: "I received DR. KELLOGG'S EYE WATER, and am glad to say that it has done me a great deal of good. It soon removed the inflammation, and is gradually removing the film. It is much easier on the eye than any other remedy I have ever tried. I will recommend it to any one I meet with who is suffering from sore eyes," etc.

Notice the name "DR. J. D. KELLOGG'S EYE WATER," prepared only by Northrop & Lyman Co., Toronto. Sold by all medicine dealers; 25 cents per bottle,

IT is a source of annoyance to many young people to see their hair gradually turn grey and with many this undesirable change takes place before they have reached their thirtieth year.

Various causes have been assigned, and much has been written on the subject, but when all is summed up we are as uncertain in most cases as to the cause as we were when we first commenced our investigation.

One thing we know, and that is, that nothing will restore it to its original state, but it can be artificially colored so as to be equally as beautiful, and have all the natural appearance that it at one time possessed.

If the reader is one of the unfortunate ones, and is seeking for a change, we would ask him or her to get a bottle of the

CANADIAN HAIR DYE.

It will change both red and grey hair to a beautiful black or brown, as may be preferred, allowing it to retain all the freshness and lively appearance of the original hair.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles.

It is easily applied, and quickly and effectually produces the desired color.

It is over twenty years since the CANADIAN HAIR DYE was first introduced, and as it has a larger sale in Canada than all other Hair Dyes combined, this, we think, is conclusive evidence that it has given entire satisfaction.

Give it a trial and satisfactory results will follow.

Price 50 cents per bottle. Sold by all Druggists and Medicine Dealers.

Prepared only by NORTHROP & LYMAN CO. Toronto.

WHAT TORONTO'S WELL-KNOWN GOOD SAMARITAN SAYS:

"I HAVE been troubled with Dyspepsia and Liver Complaint for over twenty years, and have tried many remedies, but never found an article that has done me as much good as Northrop & Lyman's Vegetable Discovery."—CLARA E. PORTER.
