

VARIETIES.

GAY SPIRITS.—I incline to believe that the more persons advance in years, the more, even if of staid and sober temper themselves, they love gaiety and elasticity in youth. I have often pleased myself by observing in some happy family circle embracing all ages, that it is the liveliest and wildest child that charms the gravest and the most.

PALLIATION.—A man being apprised for contracting a number of debts, coolly replied that he did nothing of the kind; "On the contrary," said he, "I have invariably done every thing in my power to enlarge them."

CHATHAM AND HIS GOODY SHOES.—A fellow stole Lord Chatham's large goody shoes, his servant not finding them, began to curse the thief—"Never mind," said his lordship, with perfect calmness, "all the harm I wish the rogue is, that the shoes may fit him."

English is the only European language in which the address to a mixed assembly runs "Ladies and Gentlemen." Even the French, notwithstanding their pretensions to gallantry, say "Messieurs et Mesdames."

FIRE INSURANCE. EDWARD HATCHFORD, AGENT for the EDWARDS INSURANCE COMPANY, of Hartford, Connecticut, continues to issue policies, and renew receipts, for Insurance on Houses, Barns, Stores, Mills, and other buildings, vessels in port, or on the stocks, Household Furniture, Farmers' Stock and Utensils, Merchandise, Machinery, and every other description of property, against Loss or damage by Fire, on liberal terms.—It is a notorious fact, that the subject of insuring against fire, does not receive from the inhabitants of this Province that attention which its importance demands; and the premiums, for fire insurances particularly, bear so very small a proportion to the value of the property insured, that much less sympathy is felt for those sufferers who may have neglected to avail themselves of the means of providing against such calamities. The capital of this Company, \$200,000, has been all paid in, and invested in the best securities; independently of which, a SURPLUS FUND of more than \$85,000 has been set apart to meet the occasional claims for losses, and the stock bears a high premium. The Agent will at all times attend personally to the survey of buildings in which insurance is desired within the City; and applications in writing (post paid) from all other parts of the Province, describing the situation and the property to be insured, will receive prompt attention. Saint John, N. B. 15th November, 1831.
