IRON

We Power behind the Strong Arm of Iron

Dr. Ferdinand King, a New York City Physician and Medical Author, says: "There can be no strong, vigorous, iron men, nor beautiful, healthy, rosy-checked women without iron—Nuxated Iron taken three times per day after meals will increase the strength and endurance of weak, nervous, run-down folks 100 per cent. in two weeks' time in many instances. Avoid the old forms of metallic iron which may injure the teeth, corrode the stomach, and thereby do more harm than good. Take only organic iron—Nuxated Iron. It is dispensed in this city by Wasson's Drug Store and all good druggists."

NEW SCHOLARSHIPS

Toronto, July 28.—A substantial fund to be known as the "Leonard Foundation," has been placed by Lieutenant Colonel R. W. Leonard of St. Catharines, in the custody of the Toronto General Trust Corporation, Toronto, as trustees, among other objects, to provide scholarships to assist in the education of the sons of British soldiers, sailors, clerics, men or teachers at any of the under mentioned colleges: Ridley College, St. Catharines (Ont.); Wyckville College, Toronto; Royal Military College, Kingston; Royal Naval College, Halifax.

The annual proceeds of the fund available for this purpose amounts to \$8,000 at present. Applicants may obtain all necessary information by applying to the trustees or the college.

Killed By Train.

Sydney, N. S., July 29.—Ernest Holland, aged 82, employed at Dominion No. 2 and a native of Louisburg (C. B.), that effect was received Saturday. The deceased enlisted with the 104th Battalion in Fredericton and was drafted from England to France some months ago. This is the second member of the Gough family to give his life for his country. The first, Percy Gough, was killed last summer while serving with a killed battalion of the first division, C. E. F.

KEEPS BABY'S SKIN HEALTHY

Dr. Chase's Ointment

WHAT is so beautiful as the soft, rosy, delicate skin of the baby. And yet baby's skin is so tender and so easily chafed and irritated that it must have care and consideration.

It is a fine habit for mothers to have Dr. Chase's Ointment at hand for use after the bath. By its soothing, healing influence it soon allays the inflammation, brings relief and comfort, and prevents the development of eczema, for eczema is the natural result of neglected skin irritation.

Mrs. W. L. Barnes, Timmins, Ont., writes: "I want to tell you about the case of my little boy who had baby eczema when he was three months old. It started on the top of his head, on his forehead and around his ears. The doctors failed to do him any good, so I tried Dr. Chase's Ointment on the recommendation of a friend, and in a month's time the child was entirely free of this disagreeable skin disease. He is now four years old, and has never had any further trouble from ailments of this kind."

Dr. Chase's Ointment

50c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Paid Tribute To Late Dr. Walker

A very high tribute was paid by Rev. G. A. Kuhring in his sermon at St. Paul's church last evening when he preached at a memorial service held in honor of the late Dr. T. Dyson Walker, a former member of that church. The preacher chose his text from Proverbs 21-21: "He that followeth after righteousness and mercy, findeth life, righteousness and honor," and also from Romans 14-7: "For none of us liveth unto himself, and none of us dieth unto himself." He spoke as follows:

If I read aright the sense of this community I believe I am right in saying that Dr. Thomas Dyson Walker, so lately removed to higher service, was such an one, finding in the path of duty, life and righteousness and honor.

Born under the inestimable privilege of Christian parentage and brought up in the fear of the Lord, he was a standing example of the promise "train up a child in the way he should go and when he is old he will not depart from it."

Trained and fitted for his life's work amidst the greatest seats of learning, he preserved his simplicity of faith; the depth of his knowledge served to make him realize the reality of the Divine mysteries. If others scoffed he bowed where men of the highest learning were not ashamed to recognize eternal wisdom. With a charitable regard for others' faith, he cherished a special love and reverence for the church of his fathers and found in it all that he needed for his spiritual welfare. A busy man because of his knowledge, skill and character, he was ever ready to engage in all that advanced the city's interests.

Honored Memory Of Soldier Members

Memorial Service in Ludlow Street Church—In the City Churches Yesterday

A memorial service was conducted by Rev. W. R. Robinson yesterday morning in the Ludlow street Baptist church in memory of Privates Arthur Hedgley and A. W. Anderson. There was present a mission from the Eighth Field Ambulance Corps under the command of Sergeant Major Redfern and also a squad from the European War Veterans' Association. Appropriate music was furnished by the choir under the leadership of Miss Mabel Sharpe.

Rev. Mr. Robinson addressed the gathering on the subject of life, dealing with the history of the war and its relation to the church who have donated the khaki at their country's call. Many have been wounded and three have paid the supreme sacrifice.

The money paid to bands in this city to furnish entertainment for a bunch of slackers would be far better extended in augmenting the funds of the Returned Soldiers' Association. We have no need of such luxuries in our city during this crisis and it is an uncalculated expenditure on the part of those in authority.

At the Waterloo street Baptist church last evening Rev. George Scott preached an eloquent sermon on "The Little Child." At Main street Baptist church last evening Rev. Gen. Coker, of Croton Falls (N. Y.), occupied the pulpit in place of the pastor, Rev. D. Hutchinson.

Rev. Thomas Roy preached at Central Baptist church yesterday.

Rev. A. D. MacKenzie, of Montreal, who preached in Knox church on Sunday, July 22, conducted both services at the same church yesterday.

At St. David's church (Rev. A. D. Archibald, M. A., of Picton (N. S.)) preached at both morning and evening services on Sunday.

Rev. Dr. Andrew Borroughs, of Bermuda, who is visiting in the city, preached at both the morning and evening services at St. Andrew's church.

Many Casualties

Fredericton, July 29.—Private Ernest Gough, son of Mr. and Mrs. James Gough, of this city, has been killed in action in France. Official notice to that effect was received Saturday. The deceased enlisted with the 104th Battalion in Fredericton and was drafted from England to France some months ago. This is the second member of the Gough family to give his life for his country. The first, Percy Gough, was killed last summer while serving with a killed battalion of the first division, C. E. F.

The Real "War Bread"

must contain the entire wheat grain—not the white flour center—but every particle of gluten and mineral salts—also the outer bran coat that is so useful in keeping the bowels healthy and active. **Shredded Wheat Biscuit** is the real "war bread" because it is 100 per cent. whole wheat prepared in a digestible form. Contains no yeast, baking powder, seasoning, or chemicals of any kind. Food conservation begins with Shredded Wheat Biscuit for breakfast and ends with Shredded Wheat Biscuit for supper. Delicious with sliced bananas, berries, or other fruits. **Made in Canada.**

Plan Yards For Ten Wooden Ships

J. W. Novorous and F. S. Isard, of Montreal, leading figures in the industrial life of the Dominion, arrived in the city on Saturday. They are members of the directorate of the St. John Shipbuilding Co., newly organized, and in company with Thomas Macle, general manager, and Richard O'Leary, of Richibucto, another director, they visited and inspected the site of the new plant at Courtenay Bay.

The four gentlemen had a long conference but the policies of the new company have not yet been definitely fixed. It had been the intention of the company to build five ways at Courtenay Bay and put five five-masted schooners with auxiliary oil burning engines on the blocks at once. An admiralty offer, however, has been received, which, if accepted, will increase the size of the plant ten ways, upon which ten ships, built according to admiralty specifications, will be laid down.

It had been the intention to launch at once into the steel shipbuilding industry, but it is stated that the difficulty just now is in equipping the plant for the workmen cannot be secured at the present time. At the outset, Mr. Macle states that work will be started not later than the last of next week, wooden shipbuilding will be carried on until the company will work into the steel building.

More Assistance For Dry Docks

Ottawa, July 29.—Hon. Frank Oliver, in the common yesterday afternoon, asked for a government statement in regard to the report in the morning newspapers to the effect that the bounties on grain had been fixed at the price of wheat at \$2.40 per bushel, and prohibited the export of grain. Sir George Foster explained that the price of \$2.40 per bushel applies to wheat of last year's crop and not for the present crop. It having been ascertained that wheat was being taken from the elevators and sent overseas at a price where the price of wheat has not been fixed, an order had been issued prohibiting export.

Hon. Rodolphe Lemieux asked if there was any truth in the report that Thomas Macle, the Winnipeg contractor, now serving a term at Stony Mountain penitentiary is to be released.

Hon. G. J. Doherty said that representations had been made to the government asking for his release but that nothing definite had yet been decided.

The house then resumed consideration of the estimates of the department of public works.

In connection with the consideration of harbor and river votes, the minister of public works asked that legislation would be brought down this session to amend the drydock subsidies act. Mr. Rogers said that the present conditions, the amount of aid afforded by the act was not sufficient to induce completion of the construction of drydocks. He instanced the case of the proposed drydock at Vancouver. A company had applied for assistance two years ago, but had been unable to finance the undertaking. When legislation increasing the amount of aid available for assistance in drydock construction was adopted, the contract for this particular drydock would be let to any company prepared to go ahead with the work.

In reply to a question Mr. Rogers said that no less than thirty engineers in public works were on active service. He announced that Prof. Brydson-Jack of Winnipeg, formerly on the staff of Manitoba University, had been appointed superintendent of the engineering for Western Canada.

WINNIPEG MAN CURED.

Says Dr. Cassell's Tablets Saved him from Nervous Breakdown.

Mr. G. C. Inman, 880, Harecourt street, Sturgeon Creek, Winnipeg, for many years a well-known man in the business life of Canada, says: "I was terribly run-down and weak. I had no appetite, and I suffered if I forced myself to eat. My nerves were in a bad way, and my sleep very disturbed. Everything pointed to a nervous breakdown. Then I got Dr. Cassell's Tablets. The first result was that I could sleep, and then my health rapidly improved. It was really astonishing how my strength and fitness came back."

Mr. Inman is now in England, managing the well-known firm of A. W. Inman and Son, Printers and Publishers, Leeds. Letters will reach him there.

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of 5 cents for mailing and packing. Address Harold F. Ritchie & Co., Ltd., 10, McCord street, Toronto.

Dr. Cassell's Tablets are the surest home remedy for Dyspepsia, Kidney Trouble, Sleeplessness, Anemia, Nervous Affections, Nerve Paralysis, Palpitation, and Weakness in Children. Especially valuable for nursing mothers and during the critical periods of life. Sold by druggists and storekeepers throughout Canada. Price: One tube, 20 cents; six tubes for the price of five. Beware of imitations said to contain hypophosphites. The composition of Dr. Cassell's Tablets is known only to the proprietors, and no imitation can ever be the same. **Sole Proprietors: Dr. Cassell's Co., Ltd., Manchester, Eng.**

Proclamation

BY HIS HONOR, GILBERT W. GANONG, LIEUTENANT-GOVERNOR OF THE PROVINCE OF NEW BRUNSWICK.

G. W. Ganong.

WHEREAS, the Fourth day of August, 1917, is the third anniversary of the declaration of war by Great Britain;

AND WHEREAS it has been proposed by the Central Committee for National Patriotic Organizations that public meetings be held throughout the Empire on that date at which the following resolution should be passed:

"That on this, the third anniversary of the declaration of a righteous war, this meeting of the citizens of New Brunswick records its inflexible determination to continue to a victorious end the struggle in maintenance of those ideals of Liberty and Justice which are the common and sacred cause of the Allies."

AND WHEREAS the Executive Council of this Province has passed an order-in-council authorizing a Proclamation to issue requiring the assembling of the people together on that day for said purpose:

WE THEREFORE hereby request and enjoin that all loyal citizens throughout the province do meet on said 4th day of August and pass the said resolution and in view of the gravity of the situation and the solemnity of the occasion the day be also observed by holding meetings of a religious and interesting, as well as patriotic character.

GIVEN under my hand and seal at Fredericton, the thirteenth day of July in the year of our Lord one thousand nine hundred and seventeen, and in the eighth year of His Majesty's reign.

By command of the Lieutenant-Governor.

8-5 ROBERT MURRAY.

PROPER METHODS OF BUTTER-MAKING

Few people trouble themselves about the reason that creamy butter is to be preferred to dairy butter, but by way of introduction to Bulletin No. 58 of the Dairy and Cold Storage Branch, Ottawa, Dairy Commissioner Radcliff furnishes an explanation. Incidentally he also points out that a good deal of damage is done to the trade by inferior dairy butter, he bulletin for which George H. Barr, chief of the dairy division, is responsible, in concise terms describes the whole process of butter making, tells the utensils that should be used and how they should be used, gives the results of experiments with the separator as regards temperature and variations in speed, deals with the care of cream in cooling and preparing for churning and in pasteurizing, gives expert counsel as to salting and working and points to the advisability of attractive packing in parchment paper.

He also points out the requirements of the law in branding or marking and supplies practical hints on care of the utensils. Finally, he tells in terse terms how to get the best results in farm dairying work.

Both the bulletin and a blue print of the plan for a dairy that is given can be had free by application to the dairy commissioner or to the Publication Branch, Department of Agriculture, Ottawa.

German Chancellor's Statement

Berlin, July 29, via Copenhagen, July 29.—Dr. George Michaelis, the German chancellor, on Saturday summoned a large number of newspaper men to whom he declared:

"The speech of David Lloyd George, the British premier, at Queen's Hall, London, and the recent debate in the British house of commons again have proved, with indisputable clearness, that Great Britain does not desire peace by agreement and understanding, but only a conclusion of the war which means the enslavement of Germany to the arbitrary violence of our enemies.

"None of this may be seen in the fact that Sir Edward Carson (member of the British war cabinet) recently declared in Dublin that negotiations with Germany could begin only after the retirement of German troops beyond the Rhine. In response to a question put by Commander Joseph King, Bonar Law, the spokesman of the British government, modified this declaration by fixing the standpoint of the British government as being that if Germany wanted peace she, first of all, must declare herself willing to evacuate the occupied territories.

"We possess clear proofs that the enemy gives assent to a declaration going even further than that impudently made by Sir Edward Carson. You all know that detailed information regarding the French plans of conquest, approved by Great Britain and Russia, has been circulated for weeks past in the neutral press, and that it has not been denied up to the present."

For Scott Act Repeal.

Fredericton, July 29.—Hon. Robert J. Ritchie, police magistrate of St. John, and Rev. W. D. Wilson, of this city, provincial inspector under prohibition, were the chief speakers at a meeting held in the City Opera House tonight in the interests of the repeal of the Canadian Temperance act in Fredericton.
