

Ushers' Report.

There is nothing of special interest to report during the past year. It has been our desire to serve the congregation to the best of our ability, but to provide the large number of strangers who so regularly attend the Sunday Services with seating accommodation, without appropriating some of the sittings which are regularly occupied by the members of our own church, has been a far more difficult task than it appears.

The members of the congregation can help the ushers in many ways to the better performance of their duties by exercising a little consideration, and any assistance they might render in the way of letting the usher know when they would like their pews reserved for them, and vice versa, will be greatly appreciated.

We thank all those who rendered us assistance of any kind during the year, and especially Messrs. O. B. Leslie and A. G. Fraser, who have acted for some years and who resigned during the past year.

All of which is respectfully submitted.

ALEX. G. CALDER,

Chairman.
