

SET PARKER CASE DATE ON OCT. 16

Judge Chandler Orders Additional Panel—Non-Jury Cases Off.

His Honor Judge Chandler in the Circuit Court this morning ordered the sheriff to summon an additional panel of twenty jurors, to be in attendance at court, on a date to be set by him later. He then adjourned court until October 16, on which date he will set a time for the hearing of the second trial of Mrs. Bessie Parker.

Because none of the lawyers interested in the cases were in attendance this morning, His Honor Judge Chandler ordered that all the non jury cases be struck from the docket. He said that if the lawyers made application to him, he would issue orders to have the cases tried in chambers.

Judgment for Defendant.

In the case of Dr. G. O. Baxter vs. Arthur Gillard, Dr. Baxter, who is now in St. John, was called to the stand this morning, with jury, Henry W. Robertson for the plaintiff, announced that he objects to the case being pleaded on the grounds that when the record was entered there were no stamps on it; that a copy of the notice jury had not been attached to the record, and that a copy of the notice for trial had not been attached to the record, and that the jury fees of \$7, had not been paid at the time of entering the case. These objections were overruled by His Honor. Mr. Robertson then withdrew from the hearing. Kelly and Ross appeared for the defendant. Mr. Kelly asked that the jury be called. They were Benjamin D. Hamilton, D. J. Stockford, John Gillis, S. J. Holder, Frederick Brooks, J. W. McKenna, and Fred W. Logan.

His Honor then delivered judgment for the defendant, with costs to be taxed. Mr. Robertson intends to appeal. The case is one in which Doctor Baxter is suing for fees for professional services. The amount involved is in the vicinity of \$150.

Matters Referred To International Court

Geneva, Sept. 28.—The Council of the League of Nations, yesterday, decided to submit two questions to the Permanent Court of International Justice at The Hague. One concerns the right of states to adopt coercive measures, while the other endeavors to secure the fixation of a country's responsibility for crimes committed on its territory.

Members of the Council tried to induce Signor Salandra, the Italian member, to consent to the Hague court's passing on whether other matters, such as incidents affecting national honor are also to be excluded, but Signor Salandra was obdurate.

The disarmament commission decided that, in view of the divergencies of opinion on its contents, including the clause authorizing supplementary defensive alliances, all the governments should be requested to send in their opinions about the pact to the League.
