FORD PLANS A CITY 75 MILES IN LENGTH

Proposes to Make Muscle Shoals Greatest Industrial Undertaking in America—Bigger Project to Follow.

Detroit, Jan. 16.—If Henry Ford obtains possession of the Muscle Shoals project in Alabama he will take immediate steps to make that part of the South one of the industrial centres of the country, so The Associated Press learns.

The Muscle Shoals plan of Mr. Ford contemplates one of the greatest undertakings in the history of industrial development of the property as a model and the eventual extension of the system to many other parts of the country. Mr. Ford's proposal includes the building of a city seventy-five miles long in the Muscle Shoals region. It would be made up of several large towns or small cities. This is in line with the manufacturer's view that men and their families should live in small communities where benefits of rural or near-rural life would not be entirely lost.

Mr. Ford's proposal to the government includes leasing of the property for 100 years. But before the expiration of half that time he proposes to turn the completed project over to the people of the district or to the government in such a way that no one in the future will be able to make a personal profit from the undertaking. He will arrange that neither he nor any of his heirs may realize any monetary benefit from the Muscle Shoals plants or the power developed, it became known today. He proposed to make the project, if the government gives its consent, the

DON'T NEGLECT BRONCHITIS

The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid wheezing and a feeling of tightness through the chest.

There is a raising of phlegm, especially in the morning after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

DR. WOODS' NORWAY PINE SYRUP
You will find a remedy that will stimulate the weakened bronchial organs, soothe the inflammation, soothe the irritated parts, loosen the phlegm and mucus, and help nature to easily dislodge the morbid accumulation.

Mr. John H. Root, 40 Maple Ave., Hamilton, Ont., writes: "I was troubled with bronchitis and had a very bad cough. I had it so long I was beginning to get afraid of other developments. I tried all kinds of cough remedies without relief. I was advised by a friend to try Dr. Woods' Norway Pine Syrup, so I got a bottle, and it convinced me to believe that I had at last gotten the right medicine. I used several bottles and am practically well. I have recommended it to others since, and good results followed."

Be sure and get "Dr. Woods' Norway Pine Syrup" for it; price, 35c. and 60c. a bottle; put up only by The T. Millburn Co., Limited, Toronto, Ont.

outstanding achievement of his career.

Start of a Greater Programme.

The Muscle Shoals project, however, is only the start of a greater programme, it became known. This includes the development of water power facilities in many parts of the country by which persons in those communities would derive power to run manufacturing plants, light their homes, and run machinery on

PROMINENT CITIZENS FOR TOWN COUNCIL

Ticket Now in the Field in St. Stephen With General Approval and No Opposition is Expected—Mayor Johnson Pledges Support.

(St. Croix Courier)
The desire of the people of St. Stephen to secure the participation of prominent citizens in the government of the town has been answered a lot in recent days and not in any way is it more advanced than by the action, last evening, of H. J. Johnson, Mayor Johnson.

The sentiment has been growing for some time that such citizens should be willing to take the responsibility of the town government, and on December 19th a meeting was held of citizens representing societies, factories and various organizations, to consider this important matter.

These included C. N. Vroom, F. Parker, Grimmer and V. Vanstone, representing the board of trade; A. D. Gannon, J. W. Sewell and John F. Clark, representing the Rotary Club; Henry McLean and Leroy W. Hill, representing the St. Stephen Chamber of Commerce; and E. G. Beer, representing the Agricultural Society; A. M. A. McLean, representing the Great War Veterans; Parker Hanson, representing the Sons of Norway; Arthur Kirk, representing the Sons of Norway; Chapman Kinney, representing the shoe factory; C. A. Laubman, representing the candy factory; J. McWha, representing the soap factory; J. Randall Webster, representing the fertilizer plant.

These representatives citizens were in accord that a more progressive and more aggressive town government is desirable, and that a "clean slate" should be selected. Such a slate was named, but subsequently it was found that some could not qualify in the matter of taxation and others could not serve for personal

other meetings followed, and Monday evening of this week the following slate was formed and the members have consented to serve should they be elected: John F. Clark, mayor; J. Randall Webster, councillor for Duke's ward; Harold C. Purves, councillor for King's ward; Wm. R. Carson, councillor for Duke's ward; Wm. A. McVay, Walter G. DeWolfe and M. C. Buchanan, councillors-at-large.

The slate has met with popular approval and there is but small doubt of its election should opposition offer, this being made doubly sure by the stand taken by Mayor Johnson.

Man that he is, John F. Clark, the candidate for mayor, went to Mayor Johnson to talk over the matter last evening.

Mr. Clark stated his desire to serve as mayor, largely in response to the expressed desire of many that he should do so.

Mayor Johnson met him manfully and did "the splendid thing," he said.

Mayor Johnson said that he had had all the honors of the office and appreciated the kindness of the people in electing him for three years.

But Mr. Clark had decided to take his part in town affairs, that no selection could place him more, and that he would do so in all his power to help secure his election should opposition offer.

He realized that a mayor should have a council board working in harmony with him, and pledged himself to do all that he can to help elect the ticket named above.

Mr. Johnson asked that the decision be made known at the Courier office so that the statement he had made could be announced in the Courier in the morning. Mr. Clark thanked him sincerely and expressed his appreciation of his friendliness towards him, which has been of long standing.

Most of the members of the present council have expressed their determination not to offer again, and at the present time it looks as though there will be no opposition to the slate named above.

Should any offer, it will find itself against very strong opposition for the citizens of this town are pledged to its support from now until the close of the polls on election day, Wednesday, January 25.

NEW FRENCH CABINET FORMED

Premier Poincaré Presents to President Millerand His Selections.

(Canadian Press Despatch)

Technical Education—M. Vidal.

Aeronautics—M. Eynac.

AUNT OF COUNTESS BEATTY DEAD IN NEW YORK

New York Jan. 16.—The death of Miss Nora Scott, sister of the late Mrs. Marshall Field, and aunt of Countess Beatty, wife of Admiral Earl Beatty of the British Navy, was announced Saturday.

Miss Scott, aged seventy, died of cancer. She was a daughter of Robert Scott, an early iron master of Trenton, Ohio.

PETITION IN FAVOR OF PUBLIC OWNERSHIP

At a meeting of the executive committee of the Citizens' Association of St. John, held on Saturday afternoon, it was decided to prepare a petition to the city authorities and activity to extend by the association that a very large proportion of the residents of the city and county will be found to endorse the aims of the association which it defines. It reads as follows:

"To His Worship the Mayor and the Commissioners of the City and County of St. John:
We, the undersigned, as citizens and ratepayers of the city and county of St. John, respectfully petition that in order that the community may derive the full benefits from the present and proposed hydro developments, that the municipality take over the distribution of electrical energy in the city and county."

Two members were added to the executive committee, Rev. H. A. Cady and W. F. Hatheway.

Mr. Cady said that the matter so closely concerned the welfare of the whole community that he felt compelled to offer all the assistance he might be able to render to the association, whose aims and objects he felt were directed towards the betterment of living conditions.

Mr. Cady said that his personal observation while in Ontario had convinced him that great benefits had been derived there through the public ownership of the water power.

He had just returned from Moncton and people there were expressing wonder that so little, as yet, had been done in St. John towards preparing to grasp the opportunities presented by the water power.

HOW RHEUMATISM OF JOINTS OFTEN SPOILS PLEASANT EVENING

Many Experience Difficulty in Rising from Seat—Shoulders Also Painful—Weldon Said to be Effective.

Hundreds of women never go to bed without the help of a chair, and the performance, due to slow, progressive arthritis or chronic rheumatism of the joints. This type of rheumatism is the most common. Says the Weldon man: "One may not have any trouble while walking about, but marked stiffness of the joints is experienced when going up or down stairs, or getting on or off a street car. The shoulders are often involved so that pain is experienced when putting on a coat or wrap. If neglected both forms of rheumatism will gradually become more pronounced, and weakness of the arms, wrists and finger results, often allowing dishes to drop." Early treatment is advised in all cases. Dress warm, avoid drafts near open windows, keep hands out of cold water and keep the feet dry. One of the most successful preparations yet given to the public is Weldon's, which may be secured from any drug store. Weldon does not disturb the stomach and does not contain opiates or harmful ingredients. It is Weldon's Co., 122 Boylston street, Boston, for free book, "Germs of Rheumatism." Get Weldon's Now, today, George K. Bell, 297 Charlotte street.

LOCAL NEWS

A conference of the mayor and commissioners was held in city hall on Saturday afternoon when the policy of the city in regard to wages for 1922 was considered.

Miss Annie L. Shaw, Manawagonish Road, Fairville, dislocated her right knee while tobogganing Saturday night in Hatfield's field. At the General Hospital an X-ray was taken.

Miss Josephine McLatchey, daughter of E. B. and Mrs. McLatchey, of Moncton, leaves today for Columbus, Ohio, where she will enter the University of Ohio as editorial assistant in the Bureau of Educational Research.

A meeting of the advisory board of the Waterloo street Baptist church was held Saturday evening. Dr. H. A. Swetnam, of the church, was elected president. A member of the board, John Mott and H. Hoyt were appointed to make plans for a reception to the new pastor and his wife.

A combined meeting of the Trail Rangers and Tuxis Boys' of the city was held Saturday evening. Dr. H. A. Swetnam, of the church, was elected president. A member of the board, John Mott and H. Hoyt were appointed to make plans for a reception to the new pastor and his wife.

E. MacDonald Miller, Mus. Bac., was heard in an organ recital in St. John's church last night, after the evening service. The programme was a well selected one. Mr. Miller is leaving today on a short trip to Moncton, Fredericton and other large cities.

Does Fine Flour Cause Appendicitis?

People Ate More Coarse Bread Years Ago. Less Appendicitis Then

Where there is already constipation and intestinal inflammation, the eating of bread or biscuit made from extremely fine wheat flour might possibly tend to cause further trouble, especially when the bread or biscuits are eaten freshly baked. When the flour reaches the stomach and intestines it is more likely to pack into a solid, pasty mass than would the coarse whole wheat flour used by our ancestors.

A Treacherous Disease.
Appendicitis attacks at any moment even persons seemingly in good health. Usually, however, it is preceded by so-called stomach trouble, constipation or similar disturbances. Often when there is a warning feeling of uneasiness in the abdomen, appendicitis can be guarded against in exactly the same manner in which one guards against the spread of what infection, because that is just what appendicitis is—an infection in the intestines spreading to the appendix.

When one has sore throat, one can often prevent further trouble and the development of influenza or grippe, by using an antiseptic wash or gargle to fight the germs and a laxative to carry off the poisons from the body. Just exactly the same process is necessary to fight the germs and guard against appendicitis. But instead of an antiseptic wash for the throat, an ANTISEPTIC ENDOCAUSTIC is necessary.

Intestinal Antiseptic.
There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adierka, acts as follows:

It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

It is the most complete system cleanser ever offered to the public, acting on BOTH upper and lower bowel and removing foul matter which poisoned the system for months and which nothing else can dislodge. It brings out all poisons, thus immediately relieving pressure on the heart. It is astonishing the great amount of poisonous matter, Adierka draws from the alimentary canal—matter you never thought was in your system. Try it right after a natural movement and notice how much more foul matter it brings out which was poisoning you. In slight disorders, such as occasional constipation, sour stomach, gas on the stomach and sick headache, one spoonful of Adierka ALWAYS brings relief. A longer treatment, however, is necessary in cases of obstinate constipation and long standing stomach trouble, preferably under direction of your physician.

Reports From Physicians.
"I congratulate you on the good effect I had from Adierka since I prescribed it." (Signed) Dr. L. Langlois.
"I have found nothing in my 30 years' practice to excel Adierka." (Signed) Dr. James Weaver.
"I use Adierka in all bowel cases. Some require only one dose." (Signed) Dr. P. M. Prettyman.
"After taking Adierka feel better than for 20 years. Haven't language to express the AWFUL IMPURITIES eliminated from my system." (Signed) J. E. Puckett.

Adierka is a constant surprise to people who have used only ordinary bowel and stomach medicines, on account of its rapid, pleasant and COMPLETE action. It is sold by leading druggists everywhere.
Sold in St. John by J. Benson Mahony, druggist, 2 and 4 Dock street, and other leading druggists.

Cinnafarm Pastilles
Keep your throat antiseptically clean by using CINNAFORM PASTILLES. Keep a bottle in your desk or cupboard—use them every day. They are as tasty as candy. Also good as a preventative for Quinsy, Tonsillitis or Sore Throat. *See the bottle.* *See the bottle.*

You are not alone in suffering from this skin disease. It is a common ailment that affects many people. It is characterized by red, itchy, and inflamed skin. It can be treated with a special ointment that soothes the skin and reduces the itching. The ointment is made of natural ingredients and is safe for use on all parts of the body. It is available in a small jar for 25c. Write to: Dr. J. H. Shaw, 33 Charlotte Street, St. John, N.B.

UNION BANK OF CANADA
HAS AN EXCEPTIONALLY STRONG STATEMENT
Bank's Position is Well Maintained, the Liquid Assets being 53.70 per cent. of Total Liabilities to the Public—Resources aggregate \$152,625,386.

THE BALANCE SHEET of the Union Bank of Canada, for the fiscal year ended November 30th, 1921, which was returned to the shareholders at the 57th annual meeting, held at the Bank's head office in the city of Winnipeg, on Monday, January 9th, discloses this well-known banking institution to be in a very strong and liquid position. The meeting was largely attended by representative shareholders. W. R. Allan, Vice-President, presided; H. B. Shaw, General Manager, presented the Bank's Annual Statement.

Following the shareholders' meeting, the Board of Directors elected W. R. Allan, President, retiring because of his removal from Winnipeg to Victoria, B. C. Mr. Allan remains a Director of the Bank. H. B. Shaw was elected Vice-President and will continue as General Manager.

The Bank's assets total \$152,625,386. The readily available portion of these assets represents 53.70 per cent. of the Bank's total liabilities to the public, thus demonstrating that the liquid position of the Bank has been strongly maintained.

A very strong feature of the statement is the carrying forward of \$541,686 into next year's profit account, this being \$400,000 greater than the previous year, and the largest amount in the Bank's history.

That the Bank has continued to do its full share for the commercial interests of Canada is shown by the fact that the total of these loans at the end of the year was \$62,010,007.

Grain loans total \$7,295,483. Loans to Governments and Municipalities are \$7,420,529.

Deposits totalling \$116,723,755 are reported.

Net profits for the year amounted to \$1,342,389, which is about \$300,000 less than the previous year.

Complimentary copy of your Year Book, giving statistics of the progress of Canada may be obtained from any of our branch managers.
