IS RELIEF TO PEOPLE OF KOREA

Annexation to Japan is Accepted With Complacency

WERE IN SLAVERY

Millions of people practically serfs of half million of nobles—Some little attempt at insurrection but no general protest

Seoul, Korea, Oct. 17.—The Korean people apparently have accepted annexation to Japan with complacency. The new order has been greeted by the Koreans, not with opposition, but with relief. The reason is not far to seek. Korea had reached the crest of misgovernment. Ten millions of peasants and poor were practically the slaves of less than half a million nobles of the upper class. The latter lived luxuriously, spending money with a lavish hand, and caring nothing for their country or the people, except as payers of the taxes.

Until the entry of Prince Ito as resident general and the suzerainty of Japan, there was no relief for the serfs. But three years of the practical application of real government gave to the mass of Koreans a taste of freedom which comes from government properly directed and, seemingly, they are satisfied that the future holds out more for them than the past.

Since the annexation order went into effect there have been few disturbances. At no time have the so-called insurgents been able to gather more than 150 of their number for a demonstration. On several occasions small bands, numbering from ten to fifty have shown some opposition to the governing authorities, but no protest of a general nature has been made in any part of the country.

Lieut. General Viscount Terachi, resident general of Korea, accompanied by his suite left here yesterday for Tokio. Conditions throughout the country are reported to be normal. Before his departure, the resident general, in an interview, gave assurances that every foreign interest would be amply protected.

Insurgents said others in a position to judge state that the condition in Korea is vastly improved. The consuls are inclined to be critical, possibly because they have not been consulted by the resident general. Up to the present they have not been officially informed by the government concerning certain changes. Consequently there has been some confusion and uncertainty as to how they should act with various of their countries.

Forty-six Koreans have been created peers by the Japanese government. Four refused the honor, and one is reported to have committed suicide because a peerage was offered to him.

POLICE ALLEGE IT TO BE WHITE SLAVE CASE

New York Girl Lured to Pittsburg But Rescued and Taken Home

Pittsburg, Oct. 17.—Another chapter has been added to the traffic in women agitation between Pittsburg and New York. C. E. Foster, who gives his address as No. 210 West Twentieth street, New York was placed under arrest as he stepped from a New York train here. He was accompanied by a pretty young woman, who was also taken in charge by the police, who add mystery to the case by declining to make public her name. They admit she comes of a good New York family.

Foster, who is but twenty-two years of age, says the young woman "wanted to come to Pittsburg," and he brought her. The police say Foster has made several trips here recently from New York, each time bringing at least one young woman. "Keep your mouth shut whatever happens," said Foster to the young woman, when it was seen that they could not induce the police to let them go as Mr. and Mrs. Samuel Adrian, a bridal couple, as Foster insisted they were. In the police station, however, when told the reason that she had been brought to Pittsburg the young woman broke down, and asked that her relatives be communicated with.

Mrs. Rosie Silver, aged twenty-two, of Paterson, N. J., was arrested here as she was about to take a train for the east. She is charged with assisting in the traffic. Letters found on her show that she was sent to Pittsburg by her husband, who gave her letters to certain persons in Pittsburg.

NEW COMMANDANT OF NEW ZEALAND MILITIA HERE FOR POINTERS

Montreal, Oct. 17.—General Godley J. Godley, who has just been appointed the first commandant of the New Zealand militia, is in Montreal on his way out. He said that before leaving for his new post he would spend some time in Canada studying conditions here, especially the Kingston Military college, while he also intended to visit the military academy at West-point.

WAS ALMOST A TRAGEDY NEAR SACKVILLE

Girl Hit By Stray Bullet, Clifford Thompson, Her Father Has Close Call—A Boom in Manufacturing

Sackville, N. B., Oct. 17.—While standing outside her home last Thursday the young daughter of Clifford Thompson, of Mount View, was struck by a bullet from the rifle of some unknown person and Mr. Thompson himself narrowly escaped serious injury from a second bullet. It is supposed that the shots were fired by a hunter in the woods.

Thompson was putting some potatoes into his cellar through a window and his daughter was standing beside him. One bullet struck the girl passing through the call of one and cutting into the other. The other bullet struck behind the two people and was imbedded in the house. Both Mr. Thompson and his daughter had a very narrow escape from grave injuries. Sackville was visited a few days ago by H. J. Keith, of Toronto, a representative of Charles D. Sheldon the man who was recently operating a "blind pool" in Montreal. Men who talked with Keith are of the opinion that he was entirely sincere in his statements and really believed Sheldon to be a man of unusual financial ability and able and willing to do what he claimed. Mr. Keith said that Sheldon had recently changed in Sackville and that enquiries had recently been received from other Sackville citizens.

Miss Hattie Sangster, professional nurse, who has been spending several weeks here with her parents, Dr. and Mrs. J. W. Sangster, left on Saturday for Boston, accompanied by her sister, Mrs. E. W. Fowler, who will visit friends in Boston and vicinity.

A son was born to Mr. and Mrs. Harry Donley on Saturday.

The promenade concert under the auspices of the Mount Allison Club and the Sackville Association last Friday night was very successful. The attendance was large and the proceeds amounted to more than \$80. Among those who took part in the programme were Miss Helen Hughes, of Charlottetown, P. T. Meek, of Tyro, E. E. Spicer of Berwick and Miss Lena Muzzing one of the new vocal teachers in Mt. Allison Conservatory.

The marriage of Miss Bessie Cook of Amherst to William A. Dobson, Sackville, was solemnized at the Baptist parsonage here last Thursday evening. Rev. Hermann Cann officiated.

Sackville industries are becoming as never before. The store founded by the Ontario Fawcett Manufacturing Co., and The Enterprise, the harness and boot and shoe factories of the Sackville Manufacturing Co., A. E. Wry Limited and Edgar Ayer, the factory of the Sackville Paper Box Company Limited are running full tilt and are turning out manufactured goods by the carload. The founders are especially busy many car shipments being made to the west. The question of starting one or more additional industries is being considered.

A concrete sidewalk is being laid on the south side of Bridge street by the residents of that locality. Frank Dobson has charge of the work.

The Maritime Real Estate Company have divided into lots the property recently bought by them from W. L. Weldon, of Chatham. A right of way has been secured through property of Warren Carter and Wilton Street is to be extended about 150 yards. A new street running at right angles to Weldon street extension will be opened but so far no name has been suggested. Through the action of the real estate company some fifty lots will be made available for building purposes.

Mrs. Charles W. Fawcett entertained a large number of friends on Friday afternoon. An epidemic of measles has broken out among the children of the town and the attendance at the schools has fallen off considerably.

WOMAN DIES OF JOY

Meeting With Long Absent Sisters Too Much for Ellen Carnyn

Huntington, L. I., Oct. 17.—Miss Ellen Carnyn, 39 years old, died from an excess of joy, which resulted in excitement and mental and physical exhaustion. Miss Carnyn, who had lived in Ireland until three weeks ago, had three sisters in America, whom she had not seen for many years. Mrs. Anna Risk, of Huntington, who was unmarried when she left home, and the Misses Margaret and Agnes Carnyn of Brooklyn, her sisters, learned that she intended to visit them in America, and preparations were made to receive her. She had stayed in the old country to take care of her aged parents when the three sisters emigrated, and she had felt their absence keenly.

IN LONG LINES EAGER TO GET INTO THE BALL GAME

Record Crowd and Fine Weather for First of Series

TICKETS ALL GONE

Betting About Even—Cubs' Manager Makes Mystery of His Line-up—Both Teams Declare Confidence in The Outcome of The Opening Match

Philadelphia, Oct. 17.—When old Sol pushed his head above the horizon this morning there was revealed a double line of enthusiastic baseball fans who completely surrounded Shibe Park, where the afternoon the first game of the Chicago National League Champions and the Premier Team of the American league, will be played for the world's championship. The line began to form at sundown last night. The rosters brought camp stools, chairs and other articles of furniture, and the chairs also carried their breakfasts and lunches. The line grew so rapidly that the police department for some reason decided not to let the crowd congregate through the night, and broke up the assembling.

The more determined of the rosters went into the public park across the street and waited. Before dawn the line formed at the bleacher gates, and the park campers joined them. At 7 a. m. the double formation was complete.

Henry Zimmerman, pitcher, stretched from the corner of 22nd and Lehigh avenues east on Lehigh street on Thursday, and then west to 22nd and down to the place where it formed.

This double human corollary quickly grew to a third line, and at 8 a. m. the crowd started to jam about the gates and the police stepped in and brought about order.

Record Crowd

When the two teams meet at 2 o'clock this afternoon the largest crowd that ever saw a baseball game in Philadelphia will, no doubt, be on hand. Every reserved seat in the grand stand was sold a week ago, and the comparatively few tickets that fell into the hands of the speculators brought fancy prices. In fact no speculator wanted to sell any tickets until today when the demand would be greater.

Almost perfect weather prevailed. There was little wind and the air was much warmer than normal for this time of the year. As to the teams, both are ready. Manager Chase's men appeared about the field early and reported that they were "feeling fine." They were all particularly pleased with the weather, and looked for a warm contest this afternoon.

Betting About Even

The opposing teams and their followers profess total confidence in the result. While the National League club has the prestige of former victories in world championship events and are favorites at 10 to 8 in the little betting that prevails, most of the smaller bets are at even money, and it is probable that when the game is begun even money will rule.

It is declared that the teams are about the finest ever developed in their respective leagues. The "Cubs" are made up of practically the same players that won the two world's championships for Chicago from Detroit in 1907 and 1908. The "Athletics" on the other hand have only six players—Pitchers Bender and Plank, First Baseman Davis and Outfielders Murphy, Hartzel and Lord—of the team which was defeated by the New York Nationals in

CUBA IN GRIP OF BIG STORM

Cyclone of Appalling Velocity Strikes Island—Storm Far Worse Than That of 1906 Which Cost Many Lives

Havana, Oct. 17, 10.30 a. m.—The cyclone that struck the island yesterday is increasing. Its velocity is appalling. Beyond doubt it is far more serious than the hurricane of 1906, which cost many lives and damage to the amount of millions of dollars.

The customs warehouses are flooded and the roof of the main building has been blown away.

The National Observatory reports that the disturbance is only beginning and will last probably for twenty-four hours.

Miami, Fla., Oct. 17.—Weather bulletins were posted here this morning announcing the approach of a hurricane. If it comes along the coast have been warned. No trains have arrived here over the Florida East Coast Railroad, being held up at West Jupiter on account of serious washouts. Other trains have been sent from Miami and Jacksonville. Continuous rains have fallen for three days and the entire country is flooded.

The money lasted less than a week, and McClure and his party returned to Pittsburg in an ordinary day coach.

McClure refused to live on "past performance." He shed his high silk hat and swallow-tailed coat and donned overalls. With his paste brush and scissors he returned to his trade.

He was forty-five years old.

SAYS GAYNOR LIED

There is War Between New York Mayor and John P. Mitchell

New York, Oct. 17.—The tension between Mayor Gaynor and President Mitchell of the aldermen, over the police agitation stirred up by the latter while he was acting mayor, has broken. The two men are now open official enemies. The break came with the making public of a letter written by the mayor to Police Commissioner Baker, in which he said that the list of gambling houses being disorderly resorts referred to by the commissioner, presumably one of those submitted to Mr. Baker by Mr. Mitchell, while acting mayor, was "made up in a wholly untrustworthy newspaper office," and not based on regularly received complaints.

The mayor directs the commissioner to apologize to the owners of the various pieces of property included in the list. He has been served by him with notices of violation of the law. When the letter was shown to Mr. Mitchell, he became more angry than he has been at any time during the controversy and without hesitation he gave the mayor the lie direct.

"It is a deliberate lie, L. T. E.," he said, "that any of the addresses which I sent to the commissioner were not based on complaints received by me through the mails. Some of them were, of course, anonymous. I don't know whether they were in a newspaper office, police headquarters or St. James."

OLD YACHTSMAN'S DEATH

Body Found Dangling by Rope Over Bow of Friend's Boat

Gloucester, Mass., Oct. 17.—Dangling from the end of a rope which hung over the side of the yacht Irene and Wallace as she lay beside Lant's wharf, Lawrence Powers, the owner of his old time friend and fellow-yachtsman, Aaron Brown.

Brown, while either attempting to board or leave his friend's yacht lost his balance and fell, and in falling clutched at the rope hanging over its side in an unsuccessful effort to save himself. He had become tangled in the rope and when Powers and a friend went aboard a short time later, and pulled in the dragging rope Brown's body was found entangled in it. Brown was sixty years and was one of the best of the old time yachtsmen in New England.

SHOOTING LIKELY TO RESULT IN DEATH

Body Found Dangling by Rope Over Bow of Friend's Boat

Bangor, Me., Oct. 17.—A special from Millinocket, says that last night, Alphonse Massagone, a brick mason, aged twenty-six, was shot by Luca Othobro, a laborer, aged twenty-four, and is likely to die.

Othobro was captured hiding in a deserted shack. Late developments incline the police to believe that the shooting occurred at a drunken row in the street, and that Othobro fired at random and not purposely at Massagone.

TO GO OVER NIAGARA IN A LIFE BOAT

Attempt to Be Made in Craft Invented by Eighty Year Old Manitoban

Niagara Falls, Ont., Oct. 17.—Robert Leach will attempt to go over the falls in a patented lifeboat, the invention of James Mitchell of Arrow Lake, Manitoba. The inventor wrote Leach offering the use of the boat and Leach last night wired his acceptance. The trip will be made as soon as the craft arrives here.

The inventor is eighty years old and wrote Leach he would make the trip himself if he were not so old.

HE SPENT \$20,000 IN LESS THAN WEEK

McClure Then Shed High Hat and Took up Paste Brush Again

Pittsburg, Oct. 17.—It has become known that George McClure, a papermaker, who achieved notoriety some years ago as a disciple of "Coal Oil Johnny," died recently in the Allegheny General Hospital, practically penniless.

McClure inherited about \$20,000 worth of property and quickly turned it into cash. With the proceeds in his pockets he made a party of friends on a special train and went to Johnston, Pa. There he purchased an amusement resort, closed the place to the public and, with his friends, made merry.

The money lasted less than a week, and McClure and his party returned to Pittsburg in an ordinary day coach.

McClure refused to live on "past performance." He shed his high silk hat and swallow-tailed coat and donned overalls. With his paste brush and scissors he returned to his trade.

RECOMMEND LEASING THE MISPEC MILL

Water Board Action is Backed By Board of Trade

MEETING TODAY

Yearly Lease to Stetson, Cutler & Co., at \$2,500 Proposed, With Option of Buying for \$30,000—Aldermen's Views in Light of Previous Action

The water and sewerage board at a special meeting this morning recommended to the common council that Stetson Cutler & Co. be given a lease of the Mispec pulp mill at an annual rental of \$2,500 with an option of buying for \$30,000. This recommendation is backed up by a resolution from the executive council of the board of trade and will probably be brought before the council at their next meeting.

The session of the water and sewerage board this morning was private but the chairman said that the recommendation had been passed as stated. It is proposed to give a yearly lease which may be terminated at any time on three months' notice.

The resolution of the board of trade which was drawn up and adopted at a special meeting this morning and forwarded to the council, is as follows:—Whereas the Mispec Mill, so-called, now owned by the city, is lying idle, and whereas the operation of the said plant would mean a monthly wage disbursement of \$25,000, and

Whereas, in operation is allowed to continue, the property will quickly depreciate, therefore

Resolved that the council of the board of trade hereby recommend the common council to lease the said property, with an option to buy for a reasonable amount with no guarantee of any kind for a supply of water in any quantity.

There seems to be some question in the minds of certain aldermen as to the legality of the recommendation, as it is stated that the common council only a few months ago decided not to lease the Mispec mill, when a similar offer was made. It is contended that the only way in which the matter could properly come before the council would be by a resolution to reconsider the former action.

THE TIMES' NEW REPORTER

AFTER BIG GAME
Ald. Vanwart is back from his hunting trip, filled with new energy and with a keenness of vision that can pierce a section of street paving and discover the nature of the foundation.
The alderman and his party secured two moose, one deer, and almost innumerable birds.
"Why don't you go on a hunting trip?" queried Ald. Vanwart, slapping the Times' new reporter on the shoulder this morning. "It's the greatest thing to get the cobwebs out of your system and to get up generally that I know anything about. When we left the woods a leaf couldn't fall within a hundred yards of us without attracting my attention."
The alderman is a dead shot. What he goes after he gets. Early this week he set out on the trail of the foreststers in the country market, and here are freely laid that he will bag several specimens before Saturday night.

THE WEATHER

Fresh west and northwest, fair, Tuesday, moderate, with a few westerly winds fine and clear, Wednesday, a paratively warmer.
