

Mann in the afternoon, and Mr. Macnee in the evening. Mr. McLaurin to preach at Beechridge, in Gaelic, Mr. Robb at St. Laurent, and Mr. Davidson at Laprairie.

The Synod called for the Report of the Commission appointed at last Synod to meet in Montreal, and investigate the affairs connected with the state of the French Mission in September last, which was given in and read by Dr. Machar and Mr. Edmonstone, on behalf of the Commission. The Synod agreed to approve the Report, and to give the thanks of the Synod to the Commission for their diligence, discretion, and fidelity in managing the important matters committed to them. It was agreed that this Report, and all other matters connected with the French Mission, be taken up for more full consideration on Monday, after the disposal of the Report of the Managers of the Widows' Fund.

Memorials were laid before the Synod from the Congregations of Williamsburgh, in the Presbytery of Glengary, and Amherstburgh, in the Presbytery of Hamilton, representing the destitute condition of said Congregations, and requesting that steps be taken by the Synod to procure Ministers for them. The Clerk was instructed to assure the Memorialists of the deep sympathy felt by the Synod in their deprivation of religious ordinances, and to intimate to them the good prospect the Synod has of an additional supply of Ministers from Scotland, steps having been taken by the Synod for that end. The Synod also agreed to commend these cases to the special notice of the Presbyteries of Glengary and Hamilton respectively, and to direct these Presbyteries to make every effort in their power to procure suitable Ministers for said Congregations. The Synod, further, instructed Presbyteries generally to prepare full accounts of all the vacant Congregations within their bounds, showing their condition generally, and how far they may be able to support Ministers, and have the same transmitted to Scotland through whatever Agency may be employed to procure Preachers.

The Synod adjourned till half-past Ten o'clock on Monday morning, and was closed with prayer.
