DEAR S
compared with o
long as we can g

e fact that other
as good as yours
following is the

result of FOUR TESTS OF EACH SAMPLE, in one of Foster's Patent Oil Cups, on
our engine. Cup No. 12 once filled run with sample No. 1, at 25c. per gall., 2
days; sample No. 2, at 45c. per gall., 3 days; sample No. 3, at 55c. per gall.,
6½ days; STOCK'S EXTRA OIL, AT 60c. PER GALL., OUT OF BARREL THAT WE WERE
USING, 12 DAYS. The above samples were from the leading oil dealers of
Canada. I may also say that we are using your oil on our cylinder instead of
tallow, and find it does as well and is much cheaper, and better for the boiler.
I think we can truly say that we are saving fifty per cent. in oils since we com-
menced using STOCK'S EXTRA.

Respectfully yours,

WM. H. ESSERY,

Engineer for Messrs. Withrow & Hillock.
