TWO GAMES MONDAY.

THE BEAVERS WIN IN THE MORNING AND THE PRESBYTERIAN BOYS TRIM THE METHODISTS IN THE AFTERNOON.

The Weather a Little Wet in the Morning but Turned out Fine for the Afternoon Game—A Record Breaker for BARNET, 16 STRIKE-OUTS. BEAVERS VS. REDS. The game in the morning between the Ingersoll "Beavers" and the London "Reds" was a little one-sided, the Beavers winning by a score of 17 to 3.

Scoreboard for the two baseball games. Columns include player names, teams (A, B, R, B.H., P.O., A, E), and scores.

Oh, that unlucky seventh! Many a game has been won and lost in the seventh. That is where the Monday afternoon game was settled. Errors by S. Gibson, Geo. Hault, and E. Gibson, were responsible for eight runs in the seventh. Up till then Williams was given superb support. Two chances to retire the side were lost when only two runs had been scored. Williams pitched a brilliant ball, and showed that he had the "staying" qualities by pitching the full game. He struck out three men and the Scotch boys only got sixteen hits off him. Not so bad for "an amateur"!

Scoreboard for the second baseball game. Columns include player names, teams, and scores.

Notes of the Games. In the afternoon game Bell got his knee hurt in the fifth, but he isn't a quitter. The "Beavers" are grateful to Rev. E. R. Hatt for the liberal support he gave them financially. Three brothers covered 1st, 2nd, and 3rd bases for the Methodists, and they took good care of them.

INGERSOLL CHEESE MARKET.

The cheese market on Tuesday afternoon was very quiet. Only a few buyers were present and the offering was small. No sales. Bids of 7 1/2c were made on all the cheese offered. It is rumored that several lots were sold before and after the board. The following factories boarded:

CHEESE AND BACON.

The figures with regard to cheese imports during the past ten years are only slightly less instructive than those relating to bacon, to which we called attention last week. Thus, while the foreign contribution has diminished one-sixth, the import from British possessions has more than doubled, the increase being almost entirely due to the phenomenal development of the Canadian trade.

END OF THE RATE WAR.

It looks as if the railway war were at an end, or at all events, as if it would close in a few weeks. The trouble arose over rate-cutting by the northern Pacific. The C. P. R., by agreement had been entitled to a differential—that is to the right to charge on certain business a lower figure than was charged by its competitors. It discovered that, in spite of the agreement, the Northern Pacific was cutting, or helping itself to a differential. At once the C. P. R., in defence of its business, declared war, and made a general reduction all around. At the Grand Trunk had United States connections, the war spread to points in Canada.

LONDON CHEESE BOARD.

The London cheese board held the regular meeting Saturday afternoon, and a somewhat warm discussion took place. A vote was taken on the agreement drawn up that the buyers would only buy from members who signed said agreement, and that salesmen would only sell to buyers who signed the same. The majority of the members signified that they acquiesced in the terms of the agreement by voting for it. Carried. Mr. James Slater, a city buyer, would not sign the agreement, but stated that he would bid or have his money back. He bid on a number of offerings, but Secretary Nelson informed him that no notice could be taken of such bids unless he signed. Mr. Slater then demanded that his \$3 fee be refunded, which was done on a vote of the members.

CHEESE AND BUTTER.

Special Meeting of the Western Association of Ontario. Toronto, Sept. 7.—A special meeting was held in the president's office at the Fair grounds yesterday afternoon, of the directors of the Cheese and Butter Association of Western Ontario. President Harold Eagle occupied the chair. It was decided that the annual meeting should be held at Guelph on Tuesday, Wednesday and Thursday, Jan. 17, 18 and 19, 1894. It was also decided to invite the following gentlemen to deliver addresses on the subjects appertaining to their names:

1. Commercial Foods—W. H. Jordan, Geneva, N. Y. 2. The Present Status of Feeding Standards—George L. McKay, Iowa; Prof. Desjardins, Guelph. 3. How to improve the sanitary condition of cheese factories and creameries. 4. Sub-earth duct for curing rooms—method of construction, cost and advantages in curing cheese. Some further notes on the curing of cheese—J. A. Ruddick, Kingston. The economic value of good roads—A. W. Campbell, Toronto. 1. Tuberculosis and its import—Dr. W. T. Connell, Kingston. 2. Further studies and observations of cheese "discussed" through bacterial infections. Bacteria—T. C. Harrison, Guelph. Butter Making—Arch. Smith, Beachville. Feeding of Swine in Connection with the Dairy—Prof. Robertson, Ottawa; Arch. Lewis, U.S. President Withrow of the Toronto Industrial Exhibition Association addressed the meeting and promised that every consideration should be shown the dairy industries at the Fair. The Eastern Association determined to meet in Kingston next year and the date is January 10, 11 and 13. The officers are: President, Mr. D. Derbyshire. Executive Messrs. Daniels, Eager, Campbell, Day, Kidd, McTavish, Dargavill and Murphy (secretary). Barge Montgomery sunk. Detroit, Mich., Sept. 7.—Word has reached here of the sinking of the barge Montgomery in Lake St. Clair yesterday. She, with the Caboon, was in tow of the Leland and collided with whaleback No. 137. The Montgomery was sunk in 21 feet of water and the Caboon so badly damaged she had to be taken to the Detroit dry dock. The Montgomery crew was saved.

SWARMS OF BEES.

Honey Gatherers' Fall Possession of a Hamilton Fruit Store. Yesterday morning thousands of bees swarmed through the wire screen in front of the door of Kent's fruit store, King street west, and kept several pounds of comb honey, which was on the shelves, and the bees got quite a surprise. There were thousands of bees outside the store about noon, and several small boys were stung. There was also a swarm in front of the fruit store opposite the St. Nicholas Hotel. It is thought the bees are young ones, swarming.

POLICE COURT.

Robert Anderson, of West Oxford, appeared before Police Magistrate Morrison on Tuesday afternoon charged with assaulting Mr. George Phillips. He pleaded guilty and was fined \$5.00 and costs. Anderson had to answer to another charge also. It appears that his pigs have been getting into Mrs. Sticker's grain and damaging it. She sued him for \$5.00 damages, but as the amount of damage could not be definitely fixed the P. M. allowed her \$1.00 damages, Anderson to pay the costs of the court.

Farmers AND Stockmen

SAVE TIME! SAVE LABOR! SAVE MONEY! By using Bell's Ensilage and Fodder Cutters, No. 50 or No. 60, with Blower or Single Chain Elevators. Here is what Ex-Warden Proud has to say: "The No. 60 Ensilage Cutter purchased from L. Newton, your agent at Ingersoll, has far exceeded my expectations in the quality of work done and ease of operating the machine, and its capacity to cut and elevate either green or dry feed. I find it 400 ton silo this season in less than half the time taken in former years and with not more than the labor required to feed the machine. In fact, it had not a minute's delay, and it is practically self-feeding. Thos. Postre, Durham Centre."

T. L. NEWTON,

King St. West, Ingersoll.
