INDUSTRIAL DIVORCE.

Domestic Steel and Coal Companies Have Dissolved—The Terms Are Pronounced For Next Week. Montreal, Aug. 1.—The Domestic Steel and Coal Companies have been dissolved. The cancellation of the lease was voted to-day at the directors meeting and the terms were pronounced in a circular to be issued to the shareholders the first of the week. A leading director made the following semi-official explanation: "The separation of the two companies will be beneficial to both. The chief reason for the Steel Company giving up the lease is one of finance. It needs capital to complete its finishing mills which it could not obtain and at the same time find the capital necessary to carry on the coal business. It has over \$2,000,000 invested in the latter department, which will now be released, and was besides committed to capital expenditure on the coal property, chiefly in completing the great works at Dominion No. 2, which will cost in all approximately \$2,000,000 from its commencement some three years ago to its completion at the end of this year. This capital expenditure will bring them in an ample return in the years to come, and if the Steel Company were not satisfied financially that it could now take care of these expenditures and provide for the requirements for the completion of its own mills, separation would be neither advisable nor necessary. The Coal Company, which is financially very strong, can develop the coal property without being hampered for want of capital, and those interested in that company are naturally pleased to resume the management of their own property and the undivided control of its assured earnings. The Steel Company has thru this arrangement been able to make provision for the completion of its plant by the erection of finishing mills which will turn out its product in a ready marketable form, with the advantage of government bonuses for the present year, and a distinct hope of suitable tariff protection in the near future."

ENGINE DRIVER JUMPED.

Engine Sank in the Earth to the Level of Smokestack. Toronto, Aug. 1.—On Thursday afternoon while a gravel train of the Aurora and Schomberg Railway was passing over a portion of the roadbed, a short distance from the intersection of that railway with the Metropolitan Railway, a driving wheel of the engine jumped. Workmen were engaged in ballasting the roadway at this point, and had just finished unloading the gravel, and were packing down the roadbed. The engine was on a gravel pit to reload when James King, foreman of the construction gang, who was standing on a flat car, immediately in the rear of the tender, noticed that the roadway was rapidly sinking. He called to the driver, Norman Walton, apprising him of the danger. Walton instantly reversed the lever and together with the fireman, William Oke, jumped from the engine. The monster engine has buried herself to a depth of July 15 feet in sand and water carrying the track along for a distance of probably 50 feet in a lesser degree. The track has subsided from 2 to 10 feet. The smokestack of the engine is now lower than the roadway. It is thought that the cause of the accident is the softness of the ground.

MANSLAUGHTER.

Death of Hull Man Led to a Double Arrest After Inquiry. Ottawa, Aug. 1.—Mitchell Emery and Charles Guillemette were arrested yesterday on a charge of manslaughter. On March 24th last they assaulted a man named Charles Guillemette, who died eight hours after of cerebral hemorrhage. The matter was not brought to light until about a week ago when High Constable Groulx was serving a warrant for petty larceny upon the son of the late Charles Guillemette. At that time the widow of the deceased told the constable that he was in a greater hurry to arrest the boy than to arrest those who had killed her husband. The remark led to an investigation and the subsequent arrest of the parties.

FEW DID MUCH WORK.

House of Commons Passes Over a Million Dollars. The Private Bill in Connection Therewith to Come Up on Monday For Discussion—The Minister Tries Question—Motion Made to Strike Out Mr. Baycock's Salary Was Unsuccessful.

THE GRAND TRUNK PACIFIC.

Ottawa, Aug. 1.—In both appearance and in business the House yesterday presented a complete contrast to the brilliancy of Thursday. The galleries were empty and the quorum of members was hardly maintained. As a usually a case under such circumstances much business was done, and when the House rose at 11.30 p.m. it was considerably over a million dollars had been voted. A motion to strike out the salary of Mr. Joseph Baycock, inspector of binder twine, was discussed at great length, and with much good-natured banter, but the item stands. The Grand Trunk Pacific private bill will likely be taken up on Monday.

THE BRIDGE COLLAPSED.

Over 100 Dropped into the Water—Three Were Drowned. Portland, Ore., Aug. 1.—A section of the bridge which spans the Willamette River here collapsed yesterday afternoon, precipitating more than one hundred people forty feet into the water. Three people are known to have been drowned, and it is feared that the list of dead will be much larger. Many fell on two small boat-houses, injured to a pier of the bridge, immediately under the spot where it gave way. About 25 were injured. The known dead: Minnie Raymond, aged 10, Lottie Cameron, aged 18. Unidentified boy, aged 15. The crowd had gathered to watch Clarence Lotz, an armless man, swim the river.

EDWARD BLAKE ILL.

May Not Be Able to Act in the Alaska Case. Ottawa, Aug. 1.—The Government has been informed that Hon. Edward Blake is seriously ill in London. It is hoped that his state of health will improve in time for the trial, as one of the counsel for Canada with the Alaska tribunal assumes that the case is expressed that he may have to resign the position. It is believed that the former lawyer is suffering from heart trouble.

DROWNED FROM A RAFT.

Buffalo, N.Y., Aug. 1.—Stella Updegraff of Providence, and Teresa Mahoney of this city, were drowned late yesterday afternoon in Cataract Creek. They were playing in a flat snow which started to drift into the centre of the stream. Two little girls who were with them jumped into shallow water and waded ashore. The other girls waited too long and jumped into deep water. Two men tried to save them. John Hennessy was nearly drowned, and Louis McCarty hit a rock as he dived and broke his arm. The drowned girls were each thirteen years old.

NO VIM, NO SOAP, NO ENERGY, EXHAUSTION DRAINED AN EXHAUSTED WORKER.

"Fagged right out," is an appropriate way to express the feelings of many people during the hot summer months. No strength, no vigor, no snap, no ambition, too weary to work and too languid to take any keen pleasure in life. You need a tonic for this summer lag, and the very best summer tonic in the world is Dr. Williams' Pink Pills for Pale People. Every dose makes new red blood, tones the nerves, sharpens the appetite, stimulates the liver and banishes weakness and weariness, headaches, backaches, languor and despondency. The only tonic that can do this for you is Dr. Williams' Pink Pills—it is a waste of money to experiment with anything else. Mr. Louis Deane, Grand Rapids, Mich., writes: "I was very much run down in health and would work and scarcely live. My appetite was variable, my nervous system was all out of gear, I fell a complete invalid in the work. After trying several medicines without benefit, I decided to try Dr. Williams' Pink Pills and after taking a few boxes I felt better than I had done for many months, and in an extraordinary manner. I don't know anything to equal Dr. Williams' Pink Pills when one feels fagged out."
