

BERKELEY ASKED CHANGE OF DATES

GAMES STAND AS FIRST DECIDED ON

Composition of the Team
Which is Coming North
From California

(From Tuesday's Daily.)
A special meeting of the executive of the Victoria Rugby Club was held last night at the office of Messrs. J. O'Reilly to discuss arrangements for the visit of the Berkeley team here on Christmas.

A letter was read by Secretary Spaulding from Milton F. Farmer, manager of the Berkeley team, suggesting that a change in the dates fixed by the Victoria Rugby Union for the Pacific Coast championship matches should take place. The suggestion did not want to stay here over the week because of expense.

After a lengthy discussion it was decided to keep to the original dates, December 26, 29 and January 2. Each day the matches commence at half-past two sharp. The tickets are going like wildfire, and all those anxious to see the match should get them immediately from Secretary Spaulding or any members of the club.

Rugby enthusiasts will be glad to hear that Alexis Martin has consented to act as referee. A better one could not be found in British Columbia. A meeting has been called for next Wednesday evening at 8 o'clock at the same offices, when business of importance will be discussed.

Will the University of California Rugby team take back the Keith cup, and with the coach championship, will the blue and gold team which make the trip meet their doom at the hands of the sturdy ruggers of the north? This is the chief topic of conversation at the California university just now.

Last year the Californian's unbeaten team journeyed to Vancouver, and in the hardest-fought series of games that as ever taken place at Brockton Point were unable to capture the cup and the championship. This year they hope to turn the tables, and it is said that they have the greatest Rugby football team yet developed by Americans.

California is sending a first-class team, and the Rugby world of Victoria is waiting patiently to see the great surprise package. The team is to go on the field in the best possible condition. Trainer Christie and Assistant Trainer Vols will accompany the team, and Head Coach Schaeffer, who is just recovering from an operation, may make the trip.

Of the men who played in the big game of November 12, only two, Pauly and Swartz, are unavailable for the trip. A number of other scrummers have not as yet definitely decided to make the trip, but they will probably fall into line before the sailing date. Dolan, the big Nevada forward, who has been playing during the season with the Olympic Club team, will fill one of the scrum positions. Dolan will be eligible for the blue and gold varsity next year, and will prove a great asset to the team.

Practically the complete California backfield will make the trip. Captain Elliot, former Captain Dwygins, Jordan, Harris, H. P. Flieger, Wheeler, Brant, Waldner, Dolan, Hansen, Hardy and King.

OBITUARY RECORD

(From Tuesday's Daily.)
This morning the remains of the late Henry Edward Gribble, infant son of Mr. and Mrs. John D. Gribble, California avenue, were laid to rest in Ross Bay cemetery. The funeral took place from the family residence, where Rev. T. B. Holling conducted an appropriate service. Many friends attended and the casket was laden with beautiful floral offerings.

There passed away yesterday at the Royal Jubilee hospital John O. Joy after a few days' illness. Deceased had just recently arrived from England and was a carpenter by trade. A sorrowing widow and one child, residing in the Old Land, are left to mourn his loss. He was a member of Court Camosun, A. O. F., under whose auspices the funeral will take place tomorrow morning at 10.30 o'clock from the B. C. Funeral company's parlors. Interment will be made in Ross Bay cemetery.

TO DISCUSS STRIKE

(Special to the Times.)
Winnipeg, Dec. 15.—Street railway employees will hold a mass meeting tonight on Thursday to decide on whether to strike or not.

SHIPS FOR NAVAL MILITIA

Washington, D. C., Dec. 13.—The navy department is considering giving the obsolescent warships Boston and Concord to the naval militia of Oregon and Washington. If the department finally decides to adopt the plan the vessels will be transformed into floating barracks.

MAYOR SLAIN

San Juan, Dec. 9.—The Mayor of Avera, who was stabbed by a Black Hand agent several days ago as he was entering the city hall, has died of his wounds. He was 45 years of age. A great indignation was expressed to protest against the murder, and the frequency of such crimes has been held. The authorities are being urged to carry on a vigorous war against the secret societies.

GOOD PROGRESS WITH SURVEYS

Preliminaries Towards Construction of Electric Line to Saanich Well Advanced

(From Tuesday's Daily.)
The engineering staff of the B. C. Electric Railway Company is making good progress with the location survey work in connection with the proposed extension of the railway system to the Saanich peninsula. The route has been located as far as Todd Inlet.

The owners of the property on the right-of-way to that point have almost unanimously agreed to give the company the necessary small portions of land to be traversed by the line should the same be built, all recognizing the great advantages which will flow both to themselves and the whole of the Saanich peninsula.

It is anticipated that the location surveys will be completed to Deep Bay Cove, the proposed terminus of the line, by the beginning of the New Year. Some twenty men are employed by the engineering staff.

THE CHINESE BELL

Text of the Inscription Interpreted by Lee Mong Kow Two Years Ago.

Through the courtesy of George Jeeves, who presents this same as a newspaper clipping, the Times is enabled to reproduce the text of the inscription on the Chinese bell at Beacon Hill park, which was translated into English a couple of years ago by Lee Mong Kow at the request of the city council.

The Times made an effort some few days ago to find out why it was that this bell had not been placed on the bell for the information of visitors to the park, and on making inquiries at the city hall no trace of Lee Mong Kow's translation could be found. Mr. Jeeves has now supplied the deficiency, and the translation reads as follows:

To Bak Yee Buddhist Nunery
Vehung Kar, District of Foo Ning
Province of Kwang Tung, China.

Presented by the worshippers—Sel Wai, Wong Hui Shee, Wong Fui Shee, and 357 others.

Masters: Lew Hui Kung, Lew Hui Jay, Lew Hui Dee, Lew Hui Yew, Chin Ying See.

Weight, 2,000 lbs.; erected in the fourteenth year of the reign of the emperor of the (Great) Dal Ming Dynasty (A. D. 1642).

PRESS OPINIONS

Easy to Grant.

A petition with a hundred thousand names attached has been presented to the Cortes asking for the passage of laws to guarantee the freedom of religious belief in Spain. It should not be hard to carry a message to give effect to such a prayer. In these days even a seeming coercion of conscience in religious matters may not be successfully defended; and in Spain it has been noted that denying liberty of worship to those who do not bow in the State church is not an effective means of preventing the spread of atheistic anarchism.—Montreal Gazette.

Divining Rod.

A famous geologist has said that the divining rod is no good as a means of locating water. He may be right, but that will not prevent a lot of people from continuing to pin their faith in the rod. We are excessively fond of our old superstitions.—Hamilton Spectator.

Schools Closed.

It is of course deplorable to hear of three Quebec English schools being closed for lack of pupils. The school of Bedford; but it would be a lot more deplorable if one did not know that the pupils are swelling the ranks of some of the most famous Canadian schools. And, probably paying a much better salary to the teacher.—Montreal Herald.

Unification.

By a policy of mutual respect and toleration have built up a United Canada, a country which is rapidly forging to the front in an industrial, financial and intellectual way. This has been done by burying our differences and concentrating upon the broad general principles upon which all classes and creeds can unite.—The Shareholder.

Prison and the Prophet.

The Right Hon. John Burns, the well known member of the British Liberal cabinet, attributes much of the success of his life as legislator and minister of the English crown to the fact that he was once imprisoned, and during that enforced confinement he studied the writings of the prophet Jeremiah. This is a very common error. Without doubt the educational advantages of the jail have been badly overlooked by modern educationalists. History supplies many examples which add additional strength to Mr. Burns' experiences.—Calgary Herald.

MUST STAND TRIAL

Newark, N. J., Dec. 9.—Mrs. Caroline Martin is same and must stand trial for the alleged murder of her daughter, Mrs. Ocie Snead, according to a decision by Judge Tenney here to-day. The trial was halted in 1909 on a plea of insanity.

Mrs. Snead's body was found in the bath tub of her home in East Orange. It was alleged in the indictment against Mrs. Martin that she had murdered her daughter in order to secure \$50,000 life insurance.—Mrs. Snead carried.

BLISE FUNNEL PLAN FURTHER EXTENSIONS

Will Operate Vessels to Victoria From England Via Panama Canal

With the completion and opening of the Panama canal, it is confidently expected that the Blue Funnel line will operate a line of vessels between this port and England via the canal, making calls at the various ports on both the east and west coast of the United States. As Alfred Holt & Co. are launching out into the marine world on such a large scale, a move in this direction would not be a great surprise to shipping men on both seabords.

At present the only Blue Funnel vessels touching at this port come from England via the Suez canal. The new route through the Panama canal is shorter than the one now utilized by the Blue Funnel, and there is plenty of business on the proposed line to warrant the inauguration of a regular steamship service. If the Holt company does commence this new service it will not mean that they will withdraw the present line coming into this port. Victoria will be the central point and these two routes going, the Blue Funnel line will then circle the world.

The Kosmos company at the present time is operating a line of tramps, which are very poor, with a tonnage of 150 to 155 tons indicated for early loading. Australian wheat remains steady at about 23s to 23s 3d.
