ON WITHDRAWAL OF PACIFIC SQUADRON

Correspondence From Imperial Government Submitted at Meeting of Navy League Wednesday Afternoon.

A very interesting meeting of the Victoria-Esquimalt Navy League was held Wednesday afternoon. Perhaps the most important matter before the meeting was the question of the withdrawal of the North Pacific squadron from Esquimalt, and in this connection the following correspondence, which was received from the Imperial government, was read:

Privy Council, Canada, Ottawa, May 2nd, 1905. Sir:-I have the honor to transmit to you, to be laid before the Victoria-Esquimalt relative to a memorial from the aforesaid

Clerk of Privy Council. The Secretary, Victoria-Esquimalt Branch of the Navy League, Victoria, B. C. Extract from a report of the committee of the Honorable the Privy Council, ap-2nd May, 1905:

The following is from an editorial article in the Shanghai Mercury of Satur-

There has begun a new epoch for the Far East. A new epoch inaugurated by salvoes of artillery that announced life to the East and death to its destroyer. SITUATION AT NANAIMO. Number of Miners Are Leaving the Coal City.

Nanaimo, June 21.-Now that miners have refused the offer of the Western Fuel Company there seems no chance of an immediate settlement of the colliery trouble, and yesterday a great many miners left town, at least a dozen going to Cumberland, while others took the boat to Vancouver, some being bound to Fernie, others to points on the Mainland, and several returning home to the Old Country.

There is a feeling, however, that an other offer may be made within the next few weeks through the Western Federal tion of Miners, but the company has nothing to say on the subject.

Residence of Richard Gibson Totally Destroyed-Other Outbreaks.

At Nanaimo Tuesday the residence f Richard Gibson in the outskirts of the city was totally destroyed by fire. Neighbors took out all the furniture. Mr. Cunningham sent a big gang of men over from the Western Fuel Company's farm to assist, and to prevent the fire from spreading to other property. The loss is estimated to be \$4,000, with no insurance. Two thousand dollars insurance had been carried on the house for 16 years, but the policy was allowed to lapse three months ago.

Previous to this there was an incipi-
