Canadian and Brazillian Trade.

the natural privileges of the School Law should be affected and the gentle To the Editor of the Miramichi Advance Sin: - I notice by the Montreal Witness flow of its salutary results be frust that Rio de Janciro is spoken of as the chief port in Brazil for our Canadian produce. Rio has, no doubt, the advantage derstanding of the case I will present the following statement with my ap pended affidavit:of all other ports on the Brazillian coast, 2,614,000 2,655,000 for it is the only one at which steam ships can coal along side of a wharf, but

For the last two years I have been urged to intercede with the Trustees for the pur pose of centralizing the School House, it is to horne in mind that Bahia is a large shipping port and that the numerous which at present is at the extreme plantations surrounding it would make it of the district, and fully two miles from

a grand market for our produce. We some of the families. But as I was not should have a depot at that port, and a resident of the district, I declined to scellaneous... 4,272,243 4,641,797 as I mentioned on a previous occasion, it John R. Nicholson, Esq., who was a should be in the hands of a Canadian first. Trustee for some years, I learned that This return was published on the 1st one, at least, of which should speak the the average attendance at this school January, the day after the year closed. Portuguese language. We want to get was only five, and that there were over near the sugar markets, and Bahia and thirty children deprived of the benefits Pernambuco are the ports to which the sugar is brought from all round the country. At Rio, coffee is the presend article of small children imposdi-played in turnishing the statistics of sugar is brought from all round the country. ance of small children sible. In September last 1 At Rio, coffee is the principal article of

export and steamers and sailing ships are often obliged to leave it and go to learned that the school had been closed "Macao," Bahia and Pernambuco for cargoes. There is also a large quantity of cotton shipped at Macao and Pernambuco, which is not the case at Rio and Bahia. I should say, by all means, if our merchants abould star bet them not mass over Bahia at the school has denied what passed between himself and me on that occa-should star bet them not mass over Bahia. should start let them not pass over Bahia at the school meeting and shall request him to do the same to his denial. if they do Pernambuco. Let the masters of their ships be sober gentleman, which feel that this is the wisest course could pursue, for since the School Meeting was held, a petition has been will go a long way with the Brazillians Pernambuco is a bar harbour and steamers going there should not draw for the removal of the School building more than 151 feet of water. At that to a more central location. A great draught they can go along side of the Custom House wharf. None but steam rs have that privilege. At Bahia Simpson & Co., Mr. Morgan,

At Bahia Simpson & Co., Mr. Morgan, confirmation and was denied. The the British Consul, or Mr. Wilson, who the British Consul, or Mr. Wilson, who was for many years agent for the South-ampton line of steamers, would only be into greater potency with the solemnity too glad to give any information required. of an oath :-DECLARATION.
