DUKE OF WELLINGTON rted by the Northumberland Agric stopping places made known or his first visit.

DUKE OF WELLINGTON is a Black Clyde Stallion, rising 8 years old, by Bismarck, a pure Clyde Horse which took four 1st prizes at Both say, Sootland, and other places. Bismarck we by old Marquis, and is now 12 years old, stand the great power and supering the Old Marquis was bred by Alex Lang, Garniland, Paisley, and at Johnstone when one year old, these shows being open to all Scotland. When two years old took first prize at Rothsay. Marquis' dam was bred by Mr. James Simpson, Bute, and took seven 1st prizes at Rothsay, and all her produce took prizes. Marquis' Grandsire was Samson, bred by Mr. Logar, Crossfeat, Kilbareban. DUKE OF WELLINGTON'S Dam was by Wellington, Granddam by old Blooming Heather. Wellington was bred by Mr. Hobert Fox, of Swindon, Grange, near Weatherby, stands 17 hands high on short clean legs, with good action. Was got by Derlyshire champion out of a Mare got by True Briton, True Briton was got by yold Oxford and Old Oxford by Bringham's Farmer's Glory. Old Blooming Heather was got by Heather Jock, and obtained in 1859 a medal at Edingholm and when 5 years old obtained the £49 prize at the Mid-Calder in County Edinburgh. Blooming Heather was a good black and his dam was by Black Rattler, Grand Dam by Wag-

Fishing Loases. A correspondent directs attention to croached upon it that in one hundred misled. a matter affecting our angling waters and fifty years from the time of the conquest a despotism had grown up and New Ministers :— Hon. Edgar aft, young Bob Way riding, as possible that the lessee or lessees and fifty years from the time of the conquest a despotism had grown up and other dinner-preparates. and assumes that the lessee or lessees and assumes that the lesses of resses of resse fact that a number of persons put their the reign of John the Barons, supportfact that a number of persons put the reign of Jone the Barons, support and such as that indicated by the citizens of London and the bugaboo in American politics is the the men's tent and blankets, my own river. Failing to get a rise I waded to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own the men's tent and blankets, my own to go on a tour of the men's tent and blankets, my own the m

fact that a number of persons procession names to a petition such as that indicated ought not to influence those in authority, unless the claims of the parties interested are valid and the public interest would not suffer by making the concessions asked for. We have not seen any auch petition as a that mentioned by our correspondent, and assume that if it is being doen in a private, rather than in a public manner. This, of itself, suggests a suspicion that the public interest with manner of a persons, persons, and the public interest with a particle of the men's tent and blankets, my own little fly-proof sleeping tent, rubber of John Bull, of immense size and labelled "Free Trade," and stands in the way of a working carpenter. At the the rival houses of York and Lancaster, for the throne of England, destroyed the public interests in the public interests in the public interests in the public interests in the public interests as usupicion that has public interests and assume that it is being done in a private, rather than in a public manner. This, of itself, suggests a suspicion that the public interests in the public interests in the public interests in the petition is an adverse once. Our correspondent refers to what Mr. Blair will or will not do in the matter. The general impression hereabouts is that it is Mr. Mitchell, and the public manner. The manner of the throne of England, destroyed the Norman nobility as a culing race, and it was during the Tudor period that commenced in 1485 by the accession of Henry VII, that the antagonistic and long estranged inhabitants of England hereabouts is that it is Mr. Mitchell, and the public interests in the petition is an adverse once. Cannel as the public interests in the petition is an adverse once on the petition is an adverse once on the region of John the Barons, and the prominent Saxons of the Kingdom, residual and the public interests and in June, 1215, forced from decivic and lable was desired to a working carpenter. At the ties of a effective cartoon in the Now the matter. The general impression hereabouts is that it is Mr. Mitchell, the Surveyor-General, rather than Mr. Blair, who will have most to say in it, but it is to be hoped that both of these gentlemen have sufficient respect for their positions to guard against establishing any such precedent as is sought to be set up in the case that seems to have come to our correspondent's knowledge. Fishing privileges on the North Shore are becoming more valuable every.

In an anagonistic and bogan to the antagonistic and began to the first antagonistic and began to the first antagonistic and began to the first antagonistic and began to know each other with a unity of feeling which was unknown to them before. It was also during the reign of the five Tudor sovereigns that the ranks of the governing classes began to have come to our correspondent's knowledge. Fishing privileges on the North Shore are becoming more valuable every.

as we wing to the almost extinction of think there has already been at Fredge bee things that the world has ever seen, as it is the growth of political as well as civil and religious liberty with the spread of civilization, intelligence and wealth among the people. Whatever may be its defects, it is the most perfect, enlightened and advanced system of government enjoyed by any nation, and consequently it is a subject of deep and absorbing interest, not only to the student of history but to the enlightened statesman of every civilized land. For a thousand years—from the time of the Anglo-Saxons unit in now—its growth has been so slow and gradual that it is almost impossible and gradual that it is almost impossible and gradual that it is almost impossible to move at the same of the surface of the court of part of the court of part of the court of part of the court of star Chamber greatly and gradual that it is almost impossible to move at the same of those who, it is not easy to estimate distance and they considered that it was their duty to enforce by law the will of the many its frow the time of the Anglo-Saxons unit in now—its growth has been so so the and gradual that it is almost impossible to move at the same of the surface of the members of that period were virtual dictators and the majority of the members of the time decay, and the may less they were far more entertaining, if not so artistic, as some of the famous Hoyard eventual they considered that the was mall they considered that it was their duty to the they considered that it was their duty they considered that it was my intention to have make some extracts, but the short of the court of the members of Parliament acted as in the perper and a tin particular, the decaying remains of a bank beaver camp Adams and the provided the time of the dain trappers, and to which they, evidently, for the test and the particular, the time of the dain trappers, and to which they considered the time til now—its growth has been so slow and gradual that it is almost impossible at the present time to mark the periods and the present time to mark the periods at the growth has been so slow and gradual that it is almost impossible at the present time to mark the periods at the present time to mark the periods at the growth has been so slow and gradual that it is almost impossible to move at the same few days following.

The trick of the term that should further on, for the rod record was considerably augmented during the it impossible to move at the same rate of speed for ten minutes together.

The trick of the term that should further on, for the rod record was considerably augmented during the it impossible to move at the same rate of speed for ten minutes together. rate of speed for ten minutes togeth- small lake, which, however, is a half high state of pleas is tis expansion and development until it assumed its present form. First to gain, but afterwards to hold and maintain this inestimable boon, cost to pay what he had borrowed or might briefly as well as upon the scaffold, the best and noblest of their blood. Although able but despotic princes were made from them for a time their rights and liberties, they, in their turn, and provided from them for a time their rights and liberties, they, in their turn, on the field of bathle as well as upon the scaffold, the best and noblest of their blood. Although able but despotic princes were though able but despotic princes were though able but despotic princes the form them for a time their rights and liberties, they, in their turn, on the field of bathle as well as upon the field of bathle as well as upon the scaffold, the best and noblest of their blood. Although able but despotic princes the proper waters of the river. The distance to be travelled was estimated at seventawe that the mountainous region at about ten miles from the west branch of the river and asid to be unconnected with it. I judged the Forks to be fully two and a half make pay morning to make ready for my expedition to the upper waters of the river. The distance to be travelled was estimated at severe and a half miles, viz: sixteen miles to Square Rock pool and a mile and a half to the Forks, which are only four miles from where the forum notonly recovered their lost rights to though able but despotic princes were though able but despotic princes were waters of the river. The distance to the waters of the river. The distance to the waters of the river and about ten miles from the best branch of the river and been intellaged to the containing a prophego were an about ten make him lake, which, however, is a half mile and asid to be unconnected with it. I judged the Forks to be fully two and a half mile salve. In the moral of the amendation with any thing approaching accuracy. I judge due forks to be fully two and a half miles above Square Rock, as we half by curtailing the power and authority vested in the Crown and transferring it to their representatives, who are only responsible to them for their political deeds and acts. To-day, the British government, though limited, is the strongest in the world. It has borne of their lost rights, the great majority ever, I found to be nearly twice as survival, of the destruction of our timthe greatest agitations of opinion, and, without a rupture of the public peace, has passed through Catholic Emancipation, the Reform Laws, the repeal of the Corn Laws and many other radical changes of the Corn Laws and many other radical changes of the Corn Laws and many other radical changes of the Corn the

changes of the Constitution. Even at the present time, great and important subjects are agitating the public mind, one being the much vexed Irish question and another the reform of the House of Lords. That these questions, like all the others, will, in time, be settled in a way satisfactory to the well being of the nation we have not the least doubt.

Unlike that of the United States, the Constitution of Eugland is unwritten, but reade up of a system of Laws, usable to the mark and the divine right of kings to rule and govern the country as it seems the people believed in the divine right of kings to rule and govern the country as it seems the people believed in the divine right of kings to rule and govern the country as it seems the divine right of kings to rule and govern the country as it seems the divine right of kings to rule and govern the country as it seems the divine right of kings to rule and govern the country as it seems the divine right of kings to rule and govern the country as it seems the divine right of kings to rule and govern the country as it seems the divine right of kings to rule and govern the country as it seems the divine right of kings to rule and govern the country as it seems the divine right of kings to rule and govern the country as it seems the divine right of kings to rule and govern the country as expressed by their representation and another the reform of the divine right of kings to rule and govern the country as expressed by their representations and another the reform of the divine right of kings to rule and govern the country as expressed by their representations and another river well and desolation. Even the names given to the marked spots on the river are weird and ghostlike, "One-Arm Pine," "Wasted Spruce," "False Pool," sounding like the cadences of a dirge, in minor chords. Along the expression of the mountain rising hundreds of feet above us, the withered pines on whose small the other river flowed dark and surface and the motive power a horse. The boat was 21 feet l
