#### Governor General, in Reply to Ottawa Board of Trade Delegation, Speaks Strongly in Support of an All-Red Empire Owned Cable and Will Work for It.

OTTAWA, June 21.—This afternoon a delegation representing the Ottawa Board of Trade met the governor general at Government House and presented him with a memorial favoring full government control of the operation and rates of the all-red cable and the establishment of the steamship and railway connection between Great Britain and Australia and New Zealand by way of Canada, which was proposed by Sir Wilfrid Laurier to the colonial conference, and which is now under the consideration of the British government.

Australia and New Zealand on the other hand, congratulate you through the action of your representative at the Imperial Conference, Sir Wilfrid Laurier, the representative of the Empire in conference assembled, has resolved that the time has come for the establishment of a mail and passenger service between Canada and Great Britain, which shall be equal to the best supplied to New York, and the time is not far off when Canada shall reap the great advantage of the geographical position with which nature has endowed her by the establishment of a service which will stop our British letters travelling over two sides of a triangle by New York and which will cause the merchant in New York to whom time is a consideration, to travel to all points in the Dominion by post with the United Kingdom through Canada.

### SEVENTY-ONE PETIT JURYMEN SUMMONED FOR THE TRIAL OF COLLINS AT HOPEWELL CAPE

HOPEWELL HILL, June 21.—Seventy-one petit jurymen, fifty more than the usual panel, have been summoned for the Collins trial, which opens at Hopewell Cape next Tuesday, June 26th, before his honor Chief Justice Tuck. The trial will probably last a week or more, as the evidence, it is understood, will all be taken again in full. Mr. Barry, the court stenographer, has also been subpoenaed, presumably in connection with the testimony of the late Father McAuley, the chief witness, whose death occurred since the last trial. Nine days were consumed by the case in January, but the new trial will probably go through in a little less time. The matter not having to go before the grand jury will shorten down the time some. Collins is enjoying perfect health, and is awaiting the trial with deep interest. His manner and bearing, as noticed in his cell, is much in his favor, and he speaks of the case with intelligent concern and apparent honesty. No frivolity, as was occasionally noticeable in the early days of his examination, is displayed, neither does his demeanor indicate bravado or a cold-hearted indifference. His nerve, however, and undoubted British pluck is still with him, and un-

doubtedly will remain to the end, whatever that may be. The prisoner speaks freely of his people and in a kindly manner. He does not claim to be Irish, though of Irish descent on his father's side. To a recent visitor he displayed a bit of green ribbon which he said he wore on St. Patrick's day, next to his own colors, but in memory of his father. As he stands at the window of his cell door, with his muscular arms bared to the elbow and a pleasant smile on his round face he appears physically a typical British youth, and it seems almost difficult to believe him charged with and already once found guilty of the terrible crime of murder. The corner of the prisoner's cell, which he has occupied for nearly ten months, is piled high with magazines and periodicals of all kinds sent him by kind disposed persons. Collins is very grateful to the officials who have had him in charge and to those who have befriended him, especially to Mrs. Steeves of Hillsboro, who interested herself in getting up the fund to secure a lawyer in the prisoner's defense.

#### Inquiry Into Gillen's Death Resumed Last Night

The inquiry into the death of Michael Gillen was continued last evening and several witnesses were examined. The concluding session of the inquiry will be on Tuesday evening next. Mr. Beattie, who was on the stand on Thursday evening, continued his evidence last evening. Witness was not aware that Ross had been dismissed after the accident. Mr. Berthiaume would be the only other person who could testify to the fact that he thought the accident was caused by the door not opening into the wall. It would be the fault of the man who were putting the safe door in position. He considered Mr. Gillen was the most expert of the three men employed on the job. Ross was sent to give the men assistance in placing the door. The fault of the accident was Mr. Gillen's if there was any fault.

### TWO NOVICE BURGLARS SCARED BY A CORPSE

#### Their Apprenticeship in Crime is Attended With a Ghastly Experience.

PARIS, June 21.—Two young burglars in Paris had a ghastly experience lately and a narrow escape from being held for a crime that they did not commit. They were both new to the house-breaking game. They were lads of ten and twenty years, butchers' apprentices, out of work and penniless and with aspirations in the Apache gang now terrorizing Paris, which led them to turn naturally to crime as a means to get money on their feet.

### T. S. SIMMS BACK FROM WORLD TOUR

#### British Rule Best For India, He Says.

T. S. Simms, who left early in January on a tour around the world, returned to the city yesterday afternoon after a very pleasant trip. Crossing to Gibraltar, Mr. Simms spent a couple of days there, then proceeded to Egypt and Palestine, spending two weeks in the latter place. Mr. Simms next visited India, taking in the Maritime Baptist mission field. In connection with the recent agitation of the Indian population, Mr. Simms said that after some study of the matter, in his opinion the Hindus were not capable of self-government. He stated that he believed the present government of India by British methods is as good as can be given under the present circumstances. Mr. Simms said that an account of the antagonism between the Mohammedan and Hindu religions and because of the caste system, he believes no other form of government should at present be inaugurated.

### THEFT DISCOVERED IN INLAND REVENUE DEPARTMENT

OTTAWA, June 21.—It is reported to-day that about thirteen blank checks have been stolen from the inland revenue department here. When the theft was noticed the banks were notified to stop payment, numbers of the checks being given. Before this, however, was done, two of the blanks had been used and money obtained. It is understood that the name of the party who stole the checks and to whom payable is not known. The names of the officials were, of course, forged. The checks were cashed on the 1st and 15th of the month, two government paydays. The Dominion police have been working on the case for some time without success. At any rate, no arrest has been made.

### NEW SINGER MADE A HIT.

Today and tonight the Nickel pictures will receive their first presentation and the new singer, Grover Lee of Boston, will again appear. Mr. Lee's debut yesterday was marked by a very cordial reception on the part of the audience. He is a strong clear vocalist of the tenor type, and sings very agreeably. The pictures he is showing are also meeting with much favor, particularly the films labelled A Wayward Son and Pals. The former is a photographic story of a young man who went wrong but finally retrieved his fortunes and good name on the battlefield; the latter a most amusing series of adventures of a shrewd hobo and a clothing store dummy.

### A SAD CASE.

A visitor to a lunatic asylum saw a young man running about catching flies. "What is he?" said the visitor, "an entomologist?" "No," said the superintendent, "he is an aeronaut."

### UNREASONABLE.

Mr. Burden—It's strange that a strong man like you cannot get work. "Tramp—Well, yer see, sir, people wants references from me last employer, an' he's been dead twenty years."

### NOT APPROPRIATE.

The late Bishop James Newburg, Fitzgerald, in an address in St. Louis once declared that sympathy far more than eloquence of learning, made for success in the ministry.

### BAPTIST UNION COM. TO MEET JULY 16.

Question of Organizing the Denomination into One Great Convention Will be Fully Discussed

Rev. D. Hutchinson, chairman of the Maritime committee on Baptist Union, has received a communication from Rev. Wm. John Scott of Toronto, stating that the whole committee on union will meet in the city of Montreal on the 16th of July and following days. The subject to be considered in all of its phases. It is not the intention of any branch of the committee to exercise any undue haste in seeking to bring about the union of the different Baptist bodies of Canada. The committee proposes to take its time and consider the matter in all its relations to the work now being carried on by the four Baptist conventions of Canada. Considering that it is only a short time since the subject of organizing all the Baptists of Canada into one great Dominion convention was brought up, it is surprising that the subject has so soon become one of such general interest. Among those who may represent the Maritime Baptists at the coming gathering in Montreal are the following members of the committee: Revs. Dr. Jos. McLeod, Dr. W. E. McIntyre, Dr. J. W. Manning, D. Hutchinson, Dr. Creed of Fredericton, Dr. Coburn of Wolfville, and Judge Emerson of Moncton.
