There was once a little report!
Whisper! Here's the way it ran:
"Handsome Antonio Moreno, the
popular film star, who has just signed
a contract to appear opposite Mrs. Ver-
non Castle in *Father's Footsteps*, once
worked in a factory for eight dollars a
week and was discharged for ineffi-
ciency as a floor-sweeper."

Picture Romeo shoveling coal, Apol-
lo grinding a street organ, Galahad
selling bananas--or Antonio Moreno
sweeping a floor!

As to the truth of the report: More-
no worked as collector in an electrical
plant during one of his school vaca-
tions. Thus does Dame Rumor dis-
tort fact.

"At any rate," says Moreno, "I'd
earn what I need to live on."

HEAVY STORM IN VALLEY OF THE ST. JOHN

Much Damage Done to Build-
ings in Fredericton, Wood-
stock and Jacksonville and
Crops Injured.

Fredericton, July 24.--The resto-
ration of wire communication in several
places today revealed that heavy dam-
age was done in the St. John Valley
last night by a terrific electric storm.
Woodstock was hit hard and torrents
of rain fell. Lightning struck the spire
of the Woodstock United Baptist
Church, almost totally destroying it.
It remains standing but will have to
be come down.
John McKinnon's house was badly
damaged, a hole being torn through
the roof. Mrs. McKinnon was uncon-
scious from the shock and Mr. McKin-
non was badly burned on the arms.
A church in the vicinity of the town
were hit. The electric light service
was put out of commission and all tele-
graph and telephone communication
cut off. The farm buildings of Mr.
Gardner were burned to the ground.
Rivers of rain have caused consider-
able damage to crops where the storm
visited. A high wind accompanying
the rain damaged the potato crops in
several sections.

Damage in Capital.
In Fredericton several buildings
were struck. Windows were broken
by lightning or by vibration caused by
the heavy thunder.
The fire alarm system was affected
and sounded. In the moving picture
theatres the audiences became panicky
and many left the theatres.
The house of James Pollock, immedi-
ately below the Queen Hotel, was
struck. A child was hurled from a
bed to the floor and was unconscious
for about half an hour.
At the residence of H. C. MacKay,
lightning followed the wires of the
lighting system and the dining
room broke an electric lamp.
In the residence of Dr. S. F. A.
Wainwright a large number
downs were broken and in the parlour
buildings the same was done.
The city street lighting system was
disabled.

Damage in Albion.
Special to The Standard.
Hopewell Hill, July 24.--In a letter
received from a former resident of
this place concerning crops, it was
stated "that recently a hailstorm, last-
ing 15 minutes, completely demolish-
ed acres of wheat and flax, the
companying wind being so strong it
was cut right off. One field of flax
which was especially good was so cut
that on the following day it was
impossible to tell what the crop had
been. About half of Fairmont was
hailied out, and some other localities
got it too. Fortunately the gardens
escaped damage. Some of our near-
est neighbors never got a bit of hail, while
others lost everything."
This storm would be a few days
later than the one experienced in
Rosevale, Albert Co., when great dam-
age was done to the crops there.

THE MAPLES FAILED TO DENT THE SCORE BOARD LAST NIGHT

The Thistles Without Mercy
Applied the White-wash
Brush--The Game Ended
8-0--O'Connor Pitched
Good Ball.

O'Connor's horse did not have a look
in with the Thistles in last night's
game. From the beginning of the first
inning until the last ball was thrown
up at the end of the fourth, the
Thistles had everything their own way.
Milan, whose hitting feats during the
last two games has placed him so out-
with the leaders of the league, brushed
Lobb for a home run. In addition to
scoring himself on this occasion he
chased in a couple of runs ahead of him.
The Thistle south-paw was in the
box for Dever, Harrington and Garvin
doing the trick. Without the shadow
of a doubt "Oakey" pitched his best
game for the season last night. Cool,
resourceful, and using his head, he
evoked the admiration of the fans. In
fact the remainder of the team might
have taken in a movie show as far as
the flitting was concerned as there
was very little of ground work to do.
The O'Connor crowd was away off
and with the exception of the three
hits, mentioned above, they showed
absolutely no sign of being real ball
players. Duke at second, from whom
the fans are inclined to expect some
signs of ball form, was in terrible poor
shape. He fumbled and after he did
manage to get hold of the ball he had
to threaten to throw it two or three
times before he would let the ball
loose. Even our old friend "Dubby"
was dropping everything that came
his way. It may be for the want of
practice, as he has not been seen on
the diamond for some time.
The box score follows:

Maples	AB	R	H	P	O	A	E
Dever, 1b	2	0	1	0	1	0	1

Diamond Dope.
That's the meanest crowd of ball
players O'Connor has had on the
grounds for many a game.
But one man had on a uniform--
the remainder looked as though they
were interested in the increased
production campaign.
The fans are wondering whether the
crack "Missless" received in the epic
will interfere with his regular batting
eye.
The blow that Harrington received
in the jay may have knocked his wis-
dom tooth out. If it did look out for
foolish baseball for the remainder of
the season.
The new umpire took no chances and
called the game at the end of the
fourth.
A pistol was picked up on the way
to the grounds last night. "Strong evi-
dence of intended crime, boys."

ACADIAS DEFEAT ROBES.

The Robes met the Acadias in a
game of ball on the Shamrock grounds
last evening. The game went four
innings and at that stage the score
stood 11 to 0 in favor of the Acadias.
Logan pitched for the Acadias, and
proved a mystery to the Robes, who
either struck out or hit easy to the
infield. Ritchie started the game for
the Robes and proved easy to the
heavy hitting Acadias and he was re-
lieved in the third inning by Friars.
The hitting of Friars, Green and Ker-
igan were features of the game. The
batteries were: Acadias--Logan and
Friars; for Robes--Ritchie, Friars,
Thompson and Lathen. The Acadias
standing for the season is: Won 12,
lost 2, and two tie games. They meet
the Beavers this evening.

Here's the tremendous significance of his case:
He always voted true to his convictions.
Moderate drinkers form a large proportion of
the vote upon which the Traffic depends for
existence. In fact, in many communities the
moderate drinkers hold the "balance of power."

In the Balance

"In acute disease or sudden injury the steady, constant drinkers' chances of recovery are diminished
50 per cent."--Professor Gilbert Barling, F.R.C.S., Vice-Chancellor of Birmingham University.

It was at the bedside of a very sick man. The physicians gravely
watched the struggle between Life and Death. All depended upon
the heart. Could it cope with the crisis? Life hung by a thread. The
thread snapped. The newspapers said he died of pneumonia, and so he
did. But the physicians remarked, "Too bad he used alcohol, or he could
have passed the crisis."

Yet this man was no drunkard--just a
moderate drinker; he could "take it or leave
it alone just as he liked" and all the rest of
it; was a highly respected citizen, and a
staunch supporter of "British Liberty" (to
have his drop when he wanted it).

Help to Enforce Prohibition

When, after the war, the people vote for or against
permanent Prohibition the moderate drinker may turn
the scale as he wills.

Prohibition is on trial. The moderate drinker of the
class mentioned is needed in the fight for vigorous
enforcement--the means to permanent victory--and
who is more likely to be indifferent? Would that all
the moderate drinkers in New Brunswick could thoroughly
realize the seriousness of even slight acquaintance with
John Barleycorn. Prohibition would be assured forever!

In the name of common sense why will intelligent men
vote for such a curse! Think of thousands of good
citizens, being the Traffic's main political support by
voting "wet."

Will the moderate drinkers take the responsibility of
killing Prohibition after the war? We think decidedly
not. But we want their help now--to enforce the laws
and thus make freedom a certainty.

Use your influence with every moderate drinker you
know. Help to enforce Prohibition.
