Enormous Food Value of BOVRIL

Proved by World-Famed Scientist at instigation of British Government Department

The great body-building power of Bovril does not admit of argument. It is proved, just as the circulation of the blood is proved, or the law of gravity.

The independent experiments carried out by an eminent physiologist under the most complete scientific control, proved the notable body-building powers of Bovril. The experiments were conducted with human subjects, on a standard diet, and the increase in weight was never less than 10 (and it actually in some cases reached 20) times the amount of Bovril added to the diet.

This tremendous fact, tested and proved in every possible way, has given Bovril a unique place as one of the most precious food substances in the world.

YOU NEED NOT TOLERATE the inconvenience of a cough, when a few doses of

NADRUCCO Syrup of Tar with Cod Liver Oil Compound
will give you almost instant relief. It heals the rawness of the bronchial tubes; stops the annoying tickling that leads to spasms of coughing; and soon restores the throat to its normal condition. On account of its pleasant taste, children take it readily. Keep a bottle always in the house.
Sold by all good Druggists—35c.

GROWING DEAF WITH HEAD NOISES? TRY THIS.

If you are growing deaf of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parment (double strength) and add to it 1 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

ALKALI IN SHAMPOOS BAD FOR WASHING HAIR

Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulitised coconut oil, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. The hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.
