R. R. R.
THE PROPHECY FULFILLED.

IN the month of August, 1849, we promised to the world that we would produce a medicine that would instantly stop the most severe pangs of pain, and speedily remove its existence.

We proposed to Hospitals, and all other Institutions for the reception of the sick; to Physicians, Surgeons, and all Medical Institutions and Bodies, to introduce our Ready Relief for their investigations, and to illustrate its merits and miraculous power over pain upon the patients.

We claimed that it would allay, in a few minutes, the most severe Cramps and Spasms—it would arrest the progress of that dread plague, the Cholera—that in a few minutes it would change the hard, knotty, cold, and lifeless body, to warmth, vitality, and vigor.

Thatin a few minutes it would relieve the most severe pains in the bowels, that in fifteen minutes it would stay all painful and diarrhœa discharges, and impart a genial warmth to every organ and secretion of the body; that it would positively relieve the most severe and disagreeable pains of sick and nervous headache in fifteen minutes, and effectually cure this distressing complaint.

That it would in an instant mitigate the cruel pangs of Neuralgic pains, and permanently cure this excruciating affection. That it would stop the most tormenting toothache in a few seconds.

That it would relieve all Rheumatic pains in fifteen minutes, and cure many Chronic cases of Rheumatism in a few hours.

That it possessed a miraculous soothing and relieving influence over all those sufferers of Neuralgic, Nervous, and Bilious complaints, and that the patient suffering the most excruciating tortures, would feel its sensible relief from the first dose.

The world was startled at the publication of our discovery. The sick and afflicted hoped yet, feared that, like other remedies, it would ever continue a paper mark for practical experiments; thousands who were suffering with the most excruciating pains, at once determined to try it, in the consequence was, that in almost every village, town, city, within 500 miles of New York, were received far above a thousand orders for our extraordinary remedy. The people tried it and found it good; the most torturing pains were mitigated; weak and feeble systems of Rheumatism, who had been confined for years, were suddenly relieved from pain and restored to health. So with the sufferers of Neuralgia, Sick and Nervous Head-Ache, Chill Fever, Diarrhœa, Cramps, Spasms, Cholera Morbus, &c., in fact, all pains of and distresses, or acute complaints, were almost instantly relieved from their tortures, and restored to health. Its fame spread from city to city, the people sounded its wonderful virtues far and wide, and ere the earth had run its yearly course,

FIVE MILLION BOTTLES WERE SOLD!

In every town in Maine, New Hampshire, Vermont, Rhode Island, Massachusetts, Connecticut, New York and Ohio; in Michigan, Wisconsin, Illinois, Indiana, Missouri; the people have tested its merits, and proclaimed it a sure Rheumatic defiance, and a quick antidote for all pains. In New Jersey, Pennsylvania, Virginia, Maryland, Delaware, the Carolinas, Georgia, Alabama, and Louisiana—in every town in each State it has made friends, and proved its efficacy.

TO THOSE WHO KNOW NOTHING OF IT.

If you are unacquainted with the merits of Radway's Ready Relief, and if you reside in either of the States enumerated above, we refer you to the 1, aggists, to Physicians, and the People. Take a bottle of it to no child! Physician, and if you find we will risk its reputation on his opinion.

One drop has frequently cured the most tantalizing Tooth-Ache.

Forty drops, taken three times per day, will cure Sour Stomach.

Thirty drops has, in fifteen minutes, stopped the Sick Head-Ache.

Sixty drops, taken every twenty minutes, has cured Cramp, Spasms, &c.

Sixty drops has, in twenty minutes, stopped the pains of Neuralgia.

Thirty drops has, in fifteen minutes, cured Wind on the stomach.

SOLEMN TRUTH.

Reader, do not reject the statements on account of the above assertions, we state only what it has done, what we know it will do. Therefore, if you suffer pain, give it a trial, and, our word for it, you will become a firm friend of our quick and ready remedy.

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs. Tic Douloureux and Gout, in its worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Leprosies, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Joints, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called Galvanism or *Magnetism* is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can readily supply this wonderous power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, showing some new effects of these wonderful agents, or corroborating previous experiments of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being able to state, that a majority of the most distinguished Physicians in New York are constantly recommending this Embrocation in their practice, and from many of them he has received the highest testimonials of approval and commendation.

HUMAN HAIR.—HYPERION FLUID.—This is a compound admirably adapted to the diseases of the hair, and has the particular merit of being prepared purely from vegetable ingredients, so that its application is perfectly safe. How often do we perceive young persons with hair nearly grey, or afflicted with baldness, all arising from inflammation of the skin of the head, caused by severe study, violent grief, and other mental afflictions. By a liberal use of the Hyperion, in a short time they will feel, to their delight, a complete change will have taken place in the action of the skin, and a rich and luxuriant growth of hair, of its original color, will shortly follow. Its effects in cleansing the hair from scurf and dandruf are also truly wonderful. The Hyperion should be one of the principal appendages to every lady's and gentleman's toilet.—See Advertisement. 102

SCROFULOUS AFFECTIONS &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this Medicine, an eminent Physician of this city observes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of any remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and prominent Scrofulous affection, which had continued its ravages nearly two years, various remedies were tried but without effect.—The disease exhibited itself in several deep-seated ulcers the discharge from which was acrimonious and very foetid. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected. 225

THE BRITISH PERIODICALS
AND THE
FARMERS' GUIDE.

LEONARD SCOTT & Co.,
No 54, Gold Street, New York.

CONTINUE to publish the four leading British Quarterly Reviews and Blackwood's Magazine; in addition to which they have recently commenced the publication of a valuable Agricultural Work, called

"THE FARMERS' GUIDE TO SCIENTIFIC AND PRACTICAL AGRICULTURE."

The Work is being published in Semi-Monthly Numbers, of 64 pages each, exclusive of the Steel Engravings, and is sold at 25 cents each. Of these Numbers, 12 of which there will be at least 22,

Blackwood, still under the masterly guidance of *Christopher North*, maintains its noblest celebrity, and needs but the names of Bulwer, Kinglake, and the other Works of Bulwer and other literary notables, written for that Magazine, and first appearing in its columns for a brief period in England and in the United States. Such works as "The Caxtons" and "My New Novel" (both by Bulwer) "My Peninsular Campaign," "The Green Hand," and other serials, of which numerous rival editions are issued by the Harpers in this country, have been or are to be reprinted by those publishers from the pages of Blackwood, *after it has been issued by Messrs. Scott & Co.*, so that Subscribers to the Reprint of that Magazine may always rely on having the *earliest* reading of these fascinating tales.

SMITH'S EXTERMINATOR

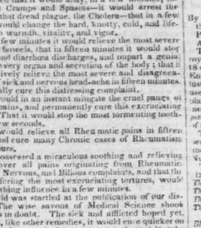
Rats, Mice, Cockroaches, Beetles, Crickets, Ants, &c,
Without the use of Arsenic or other Mineral Poisons.



The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Pre.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the nuisance without success. Having been advised to recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my premises abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1849.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the Queen Premises of Cockroaches, Crickets, and such like disgusting Insects, which were before very numerous.

S. VILLENEUVE.
Director of Montreal College.

Montreal, April 20, 1849.

From the Rev. B. Davis, D. D., Minister of the Baptist Church, Montreal.

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance bid defiance to all efforts to abate it, until this preparation was applied. The Box has sufficed to exterminate the Insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

IMPORTANT TESTIMONIALS.

Copy of a Letter from "Colonel Hawker," (the "Known Author on "Guns and Shooting.")

Longparish House, near Whitchurch, Hants, October 21, 1846.

SIR,—I cannot resist informing you of the extraordinary effect I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks that defied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that never disorder my stomach, destroying the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

To Mr. KEATING, 79, St. Paul's Church Yard.

William Street, East India Road,
Poplar New Town, Nov. 3, 1849.

SIR,—I conceive that it is merely the manifestation of a proper sympathy for the afflicted, by informing you of the very decided and remarkable relief which I have obtained from the use of your Cough Lozenges. I have for the last four years been afflicted with a distressing cough, with a difficulty of breathing. Accidentally hearing of your Cough Lozenges, I purchased a 2s. 9d. tin of your Agent, Mr. Kemp, Medical Institution, Chrisp Street, Poplar New Town, by which I am now perfectly well, and beg to return many thanks for the same.

Sir, your obedient servant,
CHARLES WOOD.

Church Street,
Folkstone, November 22, 1848.

SIR,—Having been troubled with a *very bad cough* for the last twelve months, I applied to Mr. Hannam, Chemist of this town, for some relief; he recommended me your "COUGH LOZENGES," which, I am happy to say, cured me in a week. I beg most cordially to recommend them, and beg you will not hesitate to make this known to the public as a remedy *second to none for its recommended*. I have the honor to be,

Sir, your obedient humble servant,
To Mr. KEATING. JOHN HILL, Bart.

Medical Warehouse,
Halifax, N. S., August 15, 1846.

SIR,—In mentioning the case of your little daughter, who received consignment of Lozenges, by the "Racer," we are gratified in being able to inform you that they have effected a most general satisfaction here, (having proved singularly efficacious in the removal of COUGHS AND COLDS,) which the increasing demand is a sufficient evidence. We shall probably require for the Winter a further supply of FIFTY OR FIFTY DOZENS, which you can forward at first convenience by one of the Canada Steamers, via Liverpool, for

Yours respectfully,

DR. LA'MERT
ON THE INFIRMITIES OF YOUTH & MATURITY.
Just Published, 40th Edition, and may be had in French and English, in Sealed Envelope,

SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY OF MARRIAGE, and DISORDERS of YOUTH and MATURITY, arising from the sequirel at an early period of life, which enervate the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from indiscretion or from the baneful influence of Tropical Climates; Local and Constitutional Weakness, Impotency, Sterility, and other Diseases resulting from Indiscretion.—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Human System, and a Treatise explaining their structure and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M. D.,
No. 37, Bedford Square, London,

Doctor of Medicine, Member of the Royal Medical Society of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital, Medical Society, &c.

This Work contains as accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are these the only features of the Work: the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It deserves the closest attention of those who would be well, and that subject can be of more import more than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their inevitable consequences, unwisely entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that those complaints are beyond the reach of art, alike restrain him, and prevent the seeking for assistance where alone it can be procured. Bearing thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can show by his possession of the requisite legal qualification, that he is entitled to esteem and respect in his professional pursuits, the utmost confidence should be extended. Dr. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON; in St. Johns, of H. Cruss & Co., price 2s. 6d. Sterling; Halifax, Messrs. Morton & Co.
