

Nerve- Protectors.

Concussion against hard pavements in walking jars the nervous system — makes irritable temperaments, as well as pained and wearied feet.

There are springs even on express waggons — why not under your own precious pedals ?

The "Respira" Shoe has a springy centresole under heel and sole, which conforms, in walking, to every curve and hollow of the foot, while breaking jar and preventing concussion.

Made of the best Box Calfskin and genuine Vici Kid, with warranted Oak Soles.

Cost no more than the usual nerve destroyers.

Your money back if dissatisfied.

THE KENNEDY COMPANY, LIMITED.
